**HCA Aspire** is a selective 2 ½ day summer leadership event for students from multiple colleges and universities that have demonstrated the potential to excel as leaders in the auditing profession and healthcare industry.

In addition to providing high-achieving students the opportunity to sharpen their leadership, communication, and interpersonal skills, this event, hosted by HCA Internal Audit, is designed to provide a distinctive opportunity to gain insight into the culture and opportunities in a fast-paced Fortune 500 company, leading the dynamic healthcare industry.

This leadership event is fundamentally unique in that it looks beyond the auditing profession. What do high-achieving students *aspire* to do *after* their auditing experience? This program not only provides students insight into opportunities and real-life career experiences within HCA Internal Audit, but it takes students a step further. Event participants will hear first-hand from key HCA executives whose path to a successful career began with HCA Internal Audit, providing a look into the diverse career opportunities throughout the organization.

Participants will not only meet internal audit professionals to learn about their roles and impact on the organization, but students will engage in various teambuilding events and learning activities as well. HCA wants to help provide students with valuable tools to better prepare them for their career aspirations and provide insight into a rewarding internship or full-time opportunity with HCA Internal Audit.

**Event Highlights** Interactive leadership skills workshops, executive presentations/panels, teambuilding activities, community service initiative, and evening socials.

**Dates** Week of July 9th (specific dates TBD)
**Location** Nashville, TN
