

Tennessee State Lodging Directory

The following is a list of properties that have confirmed in writing that they will accept the state reimbursement rate for their location for the 1998 fiscal year. This commitment is subject to space availability, and is valid only for state employees on official State of Tennessee business. Because most of these properties are extending state employees a "special rate," this office recommends that reservations be made directly with the lodging facility (not a national 800 number), and that **the exact rate is confirmed both when making the reservation and also when checking in.** The information provided came directly from the individual properties, and we cannot absolutely guarantee its accuracy. Please direct any comments concerning this list and possible errors to Department of Finance and Administration, Office of Policy Development, 312 8th Avenue North, Tennessee Tower-16th Floor, Nashville, TN 37243-0293. Fax: (615)532-0471.
