

Deferred Enrollment

If you are not able to enroll for the semester you were initially admitted for, please notify the International Programs and Services Office at ipso@mtsu.edu. We can defer your enrollment for the next available semester upon your request. Summer enrollment is not available if you are outside of the United States. You would need to defer your enrollment for the autumn or fall semester (late August).

If you were initially admitted for the autumn or fall semester but are unable to attend, you would need to defer your enrollment for the winter or spring semester (mid January). Again, please notify our office by e-mail to ipso@mtsu.edu and we will be happy to defer your admission for the next semester.

Please be aware that there may be documents that would need to be updated such as some of the medical documents or the insurance information but your Analysts would be in touch with you by e-mail to let you know. If you are a graduate student, be sure to check with the department of your major regarding graduate assistantships. If you have been awarded an assistantship ask your department if they will be able to defer your assistantship if you are unable to enroll for the initial semester you were admitted for.
