

Using Master Classroom Programmable Lighting Controls

- The College of Business Master Classrooms Have Three Types of Light Controls:

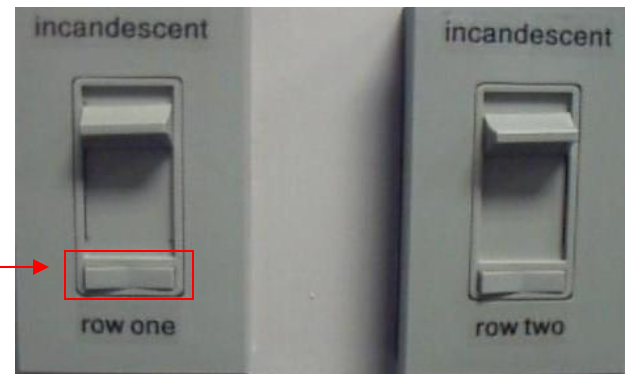

- **Fluorescent Lights**
- **Incandescent Lights and**
- **Programmable Lighting**

- Your Classroom May Have All or Some of the Light Switches Shown

Using Master Classroom Programmable Lighting Controls

- Flat Classrooms and Some Tier Classrooms Have the Controls Shown Here
- With Incandescent Switches There Is an **On/Off** Switch Along With the Level Control

Using Master Classroom Programmable Lighting Controls
