The meeting was called to order by committee chair, Jessica Carter. The following committee members were present: Joel Miller, Terrence Lee, Lisa Green, Medha Sarkar, Zhifu Yang, Terri Dorris, Ron Henderson, Chong Chen, Clay Harris, Jessica Carter, and Saeed Foroudastan.

The minutes from the February meeting were approved with no additions or corrections.

The following new curriculum proposals were reviewed:

A. Agribusiness & Agriscience - non-substantive revision – add ABAS 4490 to list of approved elective for animal science major. Approved

B. Engineering Technology
   a. Change course description, ET 2920. Approved, but add old course description before submission to UCC.
   b. Non-substantive revisions – Add ENGR 3930 (Systems Engineering, 3 hrs) and Remove ET 4990 (Industrial Engineering Systems, 3 hrs) to the list of courses required for the Engineering Systems Minor. Approved
   c. Add sentence to course description, ENGR 3970. Approved, catalog change forms need to be included for a and c.

C. Computer Science
   a. Course number/title change – change the title of CSCI 3130 “Introduction of Computer Architecture” to “Assembly and Computer Organization”. Also change prerequisite to CSCI 2170 instead of CSCI 3160. Approved
   b. Proposed new course – CSCI 1010 Computer Science Colloquium
      Approved
      Approved
   d. Prerequisite change – change the pre-requisite for CSCI 3250 from CSCI 2170 and CSCI 3160 to CSCI 3240. Approved
   e. Non-substantive revisions for B.S. in Computer Science Business Applications concentration. Approved (i-iv).
      i. Add CSCI 1010 Computer Science Colloquium to list of required major courses.
      ii. Replace CSCI 3250 Operating Systems with new course CSCI 3240 Computer Systems.
      iii. Remove CSCI 3160 Assembly Language from major.
      iv. Increase the 2-hr elective CSCI elective in the required major courses to 3 hrs.
f. Non-substantive revisions for B.S. in Computer Science Professional Computer Science concentration. Approved (i-iv).
   i. Add CSCI 1010 Computer Science Colloquium to list of required courses for major
   ii. Replace CSCI 3250 Operating Systems with new course CSCI 3240 Computer Systems in the required major courses.
   iii. Remove CSCI 3160 Assembly Language from the major.
   iv. Increase the 2-hr upper division elective in the required major courses to 3 hrs.

The Engineering Technology department requested that CSCI 3160 continue to be offered at least once per year by the Computer Science department because it is currently a required course for their students.

The next meeting is scheduled for Wednesday, April 23 from 10:30 until 11:30 in the BAS Suntrust Room (N127).

Having no further business, the meeting was adjourned.
