Attachments:

1. CLEP (College Level Examination Program)

- **CURRENT:**
- Students may earn college credit for acceptable scores on the College Level Examination Program (CLEP), a computer-based program. Exam scores are available at the completion of the exam. All CLEP scores are submitted to the Admissions Office. The test results are evaluated and recorded on a student's transcript if credit is earned. These credits will not affect a student's academic GPA. Admissions will email the student's MTSU email account when credit has been evaluated. Students can view their earned credit in PipeLineMT. Required scores to earn credit can be found in the Undergraduate Catalog at <http://catalog.mtsu.edu/>.
- **Important:** Applicants must not have notation of the course on the official transcript for which credit is recommended. If a student has a "W" or "F" in a course or is currently enrolled and cannot drop without a grade, CLEP is not allowed. This includes both MTSU & transfer records.
- **Please note that you are required to wait three (3) months before retaking a test.**
- **PROPOSED:**
