Fraternity and Sorority Life

Annual Report

2011-2012

Director's Message

Dear MTSU Fraternity and Sorority Life Community,

As we continuously work to advance the fraternal movement at MTSU, the 2011-2012 academic year served as a call to action. The fraternity and sorority life strategic plan challenged members to reflect upon their fraternal values and make their actions congruent with the core of their organizations. Many answered that call without hesitation, and some continue to ponder while others ignore the opportunity to elevate theor organizations to new heights. The Office of Fraternity and Sorority Life Annual Report allows the fraternal community the chance to think deeply about the past year and how each individual and organization can do their part to move the community forward. Below are some of the community highlights:

- The Greek Orientation Team (GO) was formed to represent the entire fraternity and sorority community at CUSTOMS, Greek Parent Brunch, and various other community events. The team was trained extensively during the spring in an effort to be prepared to answer any and all questions regarding fraternity and sorority life at MTSU.

- The fraternity and sorority community sponsored Dancing through the Decades to support the Circle of Sisterhood. The community collectively raised over $1,800 to empower women through education.

- The Interfraternity Council created a subgroup to focus on recruitment and values based leadership. This group, the Greek Leadership Team, served as a positive representation of the IFC community as well as a springboard for values based conversations surrounding recruitment.

- Expansion efforts are alive and well! Sigma Phi Beta Fraternity initiated new members in the spring and are currently working through the Multicultural Greek Council's expansion process to gain membership. Additionally, Sigma Beta Rho, Phi Iota Alpha, and Delta Phi Lambda have all expressed interest in gaining membership in the MGC. The Interfraternity Council is currently working with Phi Delta Theta and Phi Kappa Tau to solidify their expansion plans.

- The Office of Fraternity and Sorority Life partnered with Northwestern Mutual, Campus Crusade, and other campus constituents to further the values conversation among the fraternal community. This will be a continuous conversation as we move into year two of the strategic plan.

- We had many changes on Greek Row. Two chapters made the decision to vacate their houses on Greek Row. Additionally, Chi Omega joined Greek Row utilizing the Housing model. There are currently four houses on Greek Row that are managed by House Corporation Boards.

As we begin the 2012-2013 academic year, it is our hope that you will keep the momentum and advance fraternal values on the campus of MTSU. The community is yours to make great or you can choose to be a bystander and allow it to struggle. We hope that you will choose to invest in your fraternity and community in an effort to leave a long and rich legacy for those behind you. As you reflect upon this report, we ask that you think critically about your role in creating a productive and positive fraternity and sorority community.

Thank you for your supporting the fraternal movement and the Fraternity and Sorority community at MTSU.

Interfraternally,

Angela King Taylor

DANCING THROUGH THE DECADES

The fraternity and sorority community sponsored Dancing through the Decades for Circle of Sisterhood on April 3, 2012. The event displayed fraternity and sorority member's commitment to service and to empowering women. The Circle of Sisterhood Foundation strives to spread their message that women around the world need access to a quality education in order to remove them from poverty, life threatening diseases and situations. For as little as $13, one girl can be sent to school for one year and for $50 one girl can be sent to school for one year with all the supplies she needs. This year we had 20 registered teams and raised $1,806.50.

BLEED BLUE, BEAT WKU! BLOOD DRIVE

Student Programming sponsored a blood drive in October for the Red Cross. Over 150 members of the fraternity and sorority community volunteered at this event.

THE BIG EVENT

Members of the fraternity and sorority community volunteered at the 4th annual The Big Event. This event is sponsored by the SGA and is the largest one-day, student run service project in the nation where students of MTSU will come together to say "thank you" to the residents of Murfreesboro.

Be Accountable

JEREMY WILLIAMS

Jeremy Williams, a Kappa Alpha Order alumni, spoke to more than 500 members of the fraternity and sorority community regarding alcohol safety. He spoke of his personal journey recovering from his injuries due to an alcohol related accident.

NEW MEMBER EDUCATION PROGRAM REQUIREMENTS

During the 2011-2012 academic year, the Office of Fraternity and Sorority Life developed and implemented new standards for new member education programming. These new standards were implemented to help reach the goals set forth by the Greek Life Task Force in the Strategic Plan for Fraternities and Sororities 2011-2016 at Middle Tennessee State University and to overcome the struggles our community faces related to retention and academics. The standards and minimum expectations are outlined in the new member education packet that all chapters must now submit. The most notable change was that new member programming cannot be longer than eight weeks and all new members must be initiated in full.

RISK MANAGEMENT VIOLATIONS

There were 20 IFC risk management violations handled by Judicial Affairs in the following areas: Alcohol Violations, Holding Unauthorized Events, Unauthorized items, and Destruction of Property. There were 2 NPHC Fraternity risk management violations handled by Judicial Affairs in the following area: Unauthorized Events. No other groups were found responsible through Judicial Affairs.

VALUES SPEAKER

Britt Pettigrew of Campus Crusade spoke to members at the fall New Member Education Session about the importance of values congruence.

HAZING PREVENTION

Erle Morring, a member of Sigma Nu Fraternity, spoke to members of the MTSU fraternity and sorority community regarding the dangers associated with hazing and the long term consequences such actions can have on organizations and individuals.

Laura Sosh-Lightsy from MTSU Judicial Affairs spoke with New Members at the spring New Member Session regarding the dangers of hazing and alcohol abuse. She also detailed the policies that are in place for both of these issues and the consequences that will result from breaking the policies.

GOLD STANDARD

The Greek Gold Standard was implemented as a tool to assess the level of performance of each of MTSU's Fraternity and Sorority Organizations. This mandatory assessment rates chapters based on their attainment of benchmarks set in four functional areas – leadership, scholarship, friendship and service. The Gold Standard Assessment is a way to hold our MTSU Fraternity and Sorority organizations to the values we all share as members of the Fraternity and Sorority community. The Gold Standard recognizes those chapters excelling in every facet of Fraternity and Sorority Life at MTSU. Gold Standard chapters met at least 90 percent of the criteria on the Gold Standard Assessment. This chapters awarded Gold Standard this year include Alpha Delta Pi, Alpha Omicron Pi, Alpha Tau Omega, Chi Omega, Kappa Delta, Delta Sigma Theta Sorority, Inc., and Sigma Pi. Beginning with the spring 2012 semester, the Gold Standard program will be implemented on a semester basis and will be aligned with the Fraternity and Sorority Life Strategic Plan.
