The goal of the peer education program is to provide the opportunity for new members to have real conversations about the issues facing our community in a small group environment, along with letting them create relationships with members from chapters other than their own. Groups will meet four times a semester with every session focusing on a different topic for discussion. As a peer educator, your main job is to facilitate dialogue in your assigned group and serve as a role model to the new members. Peer educators are expected to be model members in our community that hold themselves to a higher standard and embody what a true fraternity/sorority man or woman should. They should have a clear understanding of the values of their organization and should strive to live these daily.

Application Requirements:
- Must hold at or above a 2.75 GPA
- Must be in good standing with your chapter
- All candidates should be in good standing with the university and enrolled as a full-time student (12 or more hours) unless fewer credits are required to graduate during their time in the position.

General Expectations and Requirements of Peer Educators:
- If selected, must be available over the summer for training sessions
- Must be comfortable speaking about the issues facing our community
- Must have a strong passion for furthering fraternity and sorority life on this campus
- Willing to have real and honest conversation with new members over the selected topics
