2017-18 Award for Outstanding Teaching in General Education

Excellence in teaching is at the heart of MTSU’s mission, and the university community is proud of the commitment, talent, and expertise of those members of the faculty who teach courses in General Education. Courses in General Education represent one-third of the requirements for the baccalaureate degree and help to provide students with the common, hallmark qualities of an educated person, the skills and interrelated knowledge that are the foundation and scaffolding for an academic major and a future career.

This award, created in academic year 2012-13, recognizes outstanding teaching in General Education. The award recipient, who will receive $3000, will be announced at the Annual Fall Faculty Meeting in August.
