B. Student Affairs and Travel
   Dr. Jason Reineke, Chair

- Dr. Reineke presented a Proposal for Graduate Studies Awards. This subcommittee recommended the creation of two potential graduate student awards: 1) project/thesis and 2) dissertation. The awards would cover three areas: 1) arts and humanities, 2) education and social sciences, and 3) math, science, engineering, and technology for a total of six graduate student awards. The subcommittee also recommends having an outstanding graduate faculty mentor award. Dr. Cunningham pointed out that Dean Allen suggested starting with one dissertation award and two thesis awards. In order to help in making the decision, Dr. Cunningham will find out the number of theses we currently receive. After some discussion, it was determined that this item should be reviewed further and placed on the May meeting.  A motion was made to table this item for the May meeting. The motion was seconded and carried.

C. Policies and Procedures
   Dr. Kathy Burriss, Chair

- Last month, this subcommittee was charged with reviewing the criteria for graduate faculty membership. Dr. Burriss distributed a handout with some of the guidelines that our peer institutions use in determining graduate faculty membership. Dr. Burriss and the subcommittee will continue to gather information and give a status update at the next meeting.
D. Graduate Program Review
Dr. Larry Burriss, Chair

- Dr. Burriss reported the M.A. in Psychology review has now been completed. Overall, it was an excellent review. A couple of the serious issues that were mentioned included the lack of secretarial support and the lack of graduate student common space. The reviewer’s report stated how this lack of space is an impediment to students feeling as though they belong to one, cohesive department.

V. Old Business

VI. New Business
