Cody Malone	RA

Welcome to Monohan Complex, otherwise known as Area 1A! My name is Amanda Virag, and I am the Area Coordinator or **AC** for the Area. As the Area Coordinator, I work and live in the Monohan Complex, overseeing the daily operations of the area and serving as a resource for you during your time in Area 1A.

This year we also will have an outstanding Resident Director, Phylcia Coleman. The **RD** works very closely with me to make sure you have the best time during your stay in Monohan.

The staff member that you will have the most contact with will be your Resident Assistant or **RA**. An RA is an undergraduate student that lives on the floors in the building. The RA is a great resource to find out about activities planned around campus, discover clubs and organizations available at MTSU and to talk to if you need listening ear. You will meet your RA during move-in weekend.

Another key resource available to you as a resident in Monohan are Desk Assistants or **DAs**. DAs work at the front desk of each building. DAs can help if you get locked out of your room, need to check-out vacuums and help you find your way around campus.

The Area 1A Staff looks forward to meeting each of you!

Living Learning Communities

Monohan Complex is home to a number of Living Learning Communities or LLCs. This year, Monohan houses LLCs for students interested in Aerospace, Music, the Arts, Nursing, Pre-professional careers, and Science and Engineering. For a complete description of each of these AWESOME LLCs, check out the LLC info boards when you arrive on move-in day. Your RA will also have information about programs related to your major when they occur on campus as well as information about how you can help plan programs and study sessions with your fellow students.

In Monohan, YOU are the "missing piece"

In Area 1A there are a number of different activities that you can be come involved in to not only engage academically, but also socially and civically.

Area 1A Area Government is one of the many activities that is available for you to participate in without even leaving the comforts of your new home. This group of students serve as the voice for the all of those living in Area 1A. The Monohan Area Government is also responsible for planning and hosting programs for the area. If you are interest in becoming part of Area Government, or would like to see what else is going on in Area 1A, check out the table in the Monohan Complex Lobby during check-in!
