- Joe Jackson
- Deidra Anderson
- Amber Broom
- Maggie Henris
- Helen Mrema

LEARNING COMMUNITY

ADVISORS:

- Bradley Steg
- Nick Sanft
- Stephanie Blair
- David Antonelli

Welcome from your Area Coordinator!

What's Happening!

It is with great pleasure that I welcome you to the Area 2 family. Our area consists of Beasley, Gracy, Judd, Sims and Smith Halls. Newly renovated only four years ago we are centrally located next to the Keathley University City (KUC), Library, Woodmore Cyber Café, and a host of academic buildings. Area 2 is also home of two very specific learning living communities. The first is the First Year Experience (FYE) and the second is the Recording Industry Management (RIM) community.

This year we are striving for success, better study habits, better programming, and more involvement. While we understand majority of you are new to the college scene, often times you come in searching for more answers. We are here to provide you the opportunity to get those answers. We will offer great programs that are social but yet challenge the way you think, we will encourage you to get involved with area government and other student organizations, and we will provide you a quality atmosphere for studying.

For your convenience we have live in staff who works to help you transition into life in college. We have strategically placed Resident Assistants (RA) in every building to help you with college issues and who are there to help you succeed. On the professional level we have an Area Coordinator and Resident Director who also lives within the area and oversees the area operations from the Smith Hall desk.

While we know and understand this is a very exciting time for you, we also know it is unique as well. You get to leave home and be on your own, but please remember that your classes are important and while you are here to be social the main reason you are here is to graduate with your degree. Because of this we also have Learning Community Advisors (tutors) who live in our area and hold tutoring hours free of charge for all residents in Smith Tutoring Center.

I look forward to meeting all of you and remember When you're here, you're family!!

Go Blue Raiders!

Durell Hurst

Join Area Government!

Want to be President, Vice President, Treasurer, or Secretary of our area? Then JOIN AREA GOVERNMENT!

Area Government serves as a voice for students in the residence hall community. Your area government serves as a link between the residential life staff and the residents living in your area. By being involved in your area government, you can be a part of creating and changing policies, building leadership skills, planning programs for your area, attending student conferences, and being part of other campus-wide activities and events.
