0417-4349—Middle Tennessee State University does not discriminate against students, employees, or applicants for admission or employment on the basis of race, color, religion, creed, national origin, sex, sexual orientation, gender identity/expression, disability, age, status as a protected veteran, genetic information, or against any other legally protected class with respect to all employment, programs, and activities. The following person has been designated to handle inquiries related to nondiscrimination policies for MTSU: Assistant to the President for Institutional Equity and Compliance. For additional information about these policies and the procedures for resolution, please contact Marian V. Wilson, assistant to the president and Title IX Coordinator, Institutional Equity and Compliance, Middle Tennessee State University, Cope Administration Building 116, 1301 East Main Street, Murfreesboro, TN 37132; Marian.Wilson@mtsu.edu; or call (615) 898-2185. MTSU’s policy on nondiscrimination can be found at http://www.mtsu.edu/titleix/.
Welcome to Information Technology at MTSU!

This handbook has all the information you need to set up your email/computer account, register for classes online, send email, use the internet, set up wireless connectivity for your mobile device or laptop, find the technology resources you need for your classes and coursework, and much more.

What’s ITD?

MTSU’s Information Technology Division (ITD) supports computing and information technology on campus, and we’re here to help you take advantage of those resources.

The Information Technology Division:
• manages the campus network and MTSU’s primary academic and administrative computing systems
• provides campus telecommunication services
• promotes and supports instructional technology, including training and maintenance support for all campus technology-based classrooms
• provides technical support and training for using computer hardware and software
• provides a Help Desk (when classes are in session)
• supports MTSU’s primary administrative applications such as student information, human resources, alumni/development, and PipelineMT
• administers the Student Technology Assistant (STA) program, the campus ID system, and the MTSU website

ITD offices are located in the basement and on the second floor of the Cope Administration Building. Telecommunication Services is in the Telecommunications Building near Greenland Drive. The BlueID office is in SSAC 112 (Student Services Building). All our offices are open 8 a.m.–4:30 p.m., Monday through Friday.

The Help Desk in KUC 320 is available during semester sessions at 615-898-5345 or help@mtsu.edu. Information and resources are available at mtsu.edu/help/index.php. Currently, the hours are 2 p.m.–9 p.m. Sunday; 7 a.m.–9 p.m. Monday-Thursday; 7 a.m.–4:30 p.m. Friday; and 8 a.m.–4 p.m. Saturday. The current hours are available when each semester is in session. During the semester breaks, the hours are 8 a.m.–4:30 p.m. Monday–Friday. These hours are subject to change based on traffic patterns.
IT Resources at MTSU

Your MTMail account is separate from your PipelineMT account, and each has its own purposes and benefits.

PipelineMT (RaiderNet)

PipelineMT is the only access portal for RaiderNet services including student accounts, financial aid, registration, admission, class schedules, grades, and other MTSU information. To establish an initial PipelineMT password, click on the PipelineMT link at the top right of the MTSU home page and select Cannot Login/Forgot Password/New User - Click Here.

For more information about PipelineMT usernames and passwords, visit mtsu.edu/changepw. If you forget your password or need a new one, visit mtsu.edu/changepw or call 615-898-5345. Note: You need to have entered a personal email address when you applied for admission to MTSU or within RaiderNet in order to alter your password online. A link for completing your password reset is sent to your personal email address, and it is only valid for one hour.

PipelineMT will undergo a facelift in September 2017. Some of the navigation instructions will change slightly after that time. You will then use your MTMail password to log in to PipelineMT.

Once you’ve logged into PipelineMT, click on RaiderNet and then choose the Student, Financial Aid, or Personal Information tab. Some of the available information includes

- registration/drop/add/withdrawal
- registration confirmation
- degree evaluation
- grade inquiry
- grade/transcript holds
- registration holds
- transcripts
- scholarship information
- course search options
- class schedule
- change of address
- account balance
- online fee payment (by credit)
- financial aid data

Many student announcements are posted in PipelineMT. Additional information and minimum browser requirements can be found on the login page at mtsu.edu/pipelinemt.
PipelineMT is available 24 hours a day, seven days a week, but may be unavailable at times due to maintenance or special processing. See the Planned Down Time button on the PipelineMT login page. When students graduate, transfer, or otherwise become unaffiliated with the University, most will typically continue to have access to PipelineMT, including to limited areas of the Student section of Raider-Net. Contact the ITD Help Desk at help@mtsu.edu or 615-898-5345 if you experience difficulties with these systems.

**MTMail**

MTMail is email for students provided as a partnership between the University and Microsoft, using Office 365. Each student is issued an individual MTMail email account with 50 GB of storage capacity. Students receive email access as part of their computing accounts. All official University email will be sent to your MTMail account. Admissions, Financial Aid, and your instructors will ONLY send information to your MTMail. Through Office 365, students have free access to Microsoft Word, Excel, PowerPoint and more apps, as well as to Lynda.com. **(more on page 15)**

If you are a new student, you need to activate your MTMail account by “resetting” your password. To begin, you should visit mtsu.edu/email. After your password has been set, you can go to the Office 365 login, which also is found at mtsu.edu/email. Enter your MTMail email address, which takes the form of your username followed by @mtmail.mtsu.edu. A typical student address will resemble zzz2a@mtmail.mtsu.edu. The password is the one you set with the Password Recovery Tool.

If you wish to change your MTMail password, visit mtsu.edu/email. Once there, click on the Password Recovery Tool link. The MTMail account can be accessed from anywhere you have an Internet connection. There are links on the MTSU home page at mtsu.edu (click on the MTSU email link).

MTMail is separate from any personal Windows Live or Hotmail accounts. It may be necessary for you to click on the Sign In With a Different Account option.

For more information, including how long you can access MTMail after leaving the University, visit mtsu.edu/email/faq/index.php.
Student Printing on Campus

We are committed to finding ways to reduce unnecessary printing and encourage responsible use of resources on campus. We are currently using software that will give us information to help analyze printing habits on campus. As resources are very limited, we ask you to be frugal when making printing decisions and not print unnecessarily and excessively. NOTE: You now need a BlueID card to print or copy on campus.

Your BlueID Card

The BlueID card identifies students, faculty, and staff for access to campus services and privileges. Your BlueID contains your MTSU ID number, which is required for all business transactions. You can use your BlueID card to

- check out books from the library
- gain entry to the Recreation Center, campus computer labs, and residence halls
- cash checks
- attend campus events and purchase extra tickets
- receive student health services
- pay for food with your student meal and budget plans
- access printing services

You can also use your BlueID as a debit card. Just deposit money into a RAIDER FUND$ account at the cashier windows in the Student Services Building or through a link at mtsu.edu/BlueID. Then use your BlueID card instead of cash or checks at the bookstore or to pay registration fees, buy a soft drink or snack, or purchase meals at any food service locations on campus. Contact the Business Office at 615-904-8077 for more information about RAIDER FUND$.

The BlueID WebCard Center is a secure online application that lets you manage your BlueID card. The WebCard Center allows you to:

- view up-to-the-minute balances for RAIDER FUND$, MT Dining Flex Dollars, and Meal Plans
- view your card transaction history in real time
- deactivate your card at any time if it’s lost

Visit the BlueID WebCard Center at blueid.mtsu.edu. Simply log in using your PipelineMT/MTMail username and password. The BlueID Office is in the Student Services and Admissions Center (SSAC), Room 112. Hours are 8 a.m. to 4:30 p.m., Monday through Friday. Hours of operation may increase during peak registration periods.
Desire2Learn (D2L) and ePortfolio

Your instructor(s) may choose to use MTSU’s online learning environment Desire2Learn (D2L) to support coursework. These web pages provide course materials and allow you to communicate with your instructor and classmates, complete assignments, and check grades.

To access your D2L course page, click the D2L button on the PipelineMT login page. D2L can also be accessed directly at elearn.mtsu.edu. Resources including tutorials can be found at mtsu.edu/d2lsupport/index.php.

Adaptive Technologies

Adaptive technology stations for students with disabilities are available at:

- Walker Library (throughout building)
- Adaptive Technology Center in library
- University computer labs in KOM 351 and BAS S137

These stations feature special hardware and software such as CCTVs, trackball mice, screen magnifiers, screen readers, scan-and-read applications, large monitors, and scanners.

For more information visit mtsu.edu/dac/atc.php.

Phillips Bookstore

At Phillips Bookstore, in the Student Union Building, you can buy tech supplies, textbooks, MTSU items, and even snacks without leaving campus.

Visit mtsu.edu/phillips or call 615-898-2700 for more information.
Information Technology Resources Policy

Acceptance of computing accounts means that users are aware of and accept MTSU’s published policies and procedures. For more information, contact ITD at 615-898-5345. Use of the computing and network resources at MTSU is governed by the University’s Information Technology Resources Policy. Violation can result in the loss of all computing privileges at MTSU plus additional disciplinary action.

The policy covers several very important rules for using information technology resources at MTSU:

- Use the computer and network resources to enhance your education in the academic fields offered by MTSU.
- Don’t abuse other users, the equipment, or computing resources.
- Don’t do anything that would deprive or interfere with others’ efforts to get a proper University education. Using the computer for entertainment in ways that consume large amounts of resources is an example of activity that could degrade or deprive others’ use for educational purposes.
- Don’t violate any laws in using the resources.
- Don’t install wireless network routers or access points.
- Don’t display obscene material in a public area.
- Don’t use the resources to harass or impersonate another.
- Don’t copy the work of another and claim it as your own.
- Don’t violate copyright laws.
- Don’t use peer-to-peer file-sharing programs to download and/or upload copyrighted material.

Visit mtsu.edu/policies/general-policies/I-03-03.php.rces.

Computer and Network Security

To reduce the threat of your computer being infected by a worm, a virus, malware, or spyware, you should keep it as secure as possible.

For more information on computer security, go to mtsu.edu/security.

If you believe you have been hacked, contact the Help Desk at 615-898-5345 or help@mtsu.edu.
Telephone/Telecommunication Services

The Telecommunication Services area of ITD is responsible for MTSU’s telephone and cable television services. Contact Telecommunication Services at 615-898-2991, or visit mtsu.edu/itdtele for more information.

For a detailed description of telecommunication system features, visit the Telecommunication Services website at mtsu.edu/itdtele.

Operator Assistance

Dial 0 on any campus phone for campus directory service. For campus operator assistance from off campus, dial 615-898-2300. Operator assistance is provided 8 a.m.–4:30 p.m., Monday through Friday.

A speech-recognition directory is available after hours and during holidays. To reach the speech-recognition directory during regular operator hours, dial ext. 5000 on campus or 615-898-5000 off campus.

Courtesy phones are located in the lobbies of main buildings across campus.

Cable TV

Cable TV service is provided through ITD’s Telecommunication Services to residence halls and other buildings.

The system has recently been upgraded. Among the changes is the inclusion of high definition for any available channel (almost 80 channels now in hi-def), plus four premium channels (StarMAX, Cinemax East, HBO Comedy, and HBO Family East).

For more information, contact Telecommunication Services at 615-898-2991, or visit mtsu.edu/itdtele and click “Services.”

Since the cable TV service is all-digital, a digital TV or digital tuner is required. TVs manufactured in the last few years have digital tuners. If you have an older TV that only has an analog tuner, you will need to acquire a digital to analog converter (DTA) to connect to the system. The iView 3500STBII has been successfully tested and is recommended. The iView 3500STBII can be purchased online through a variety of suppliers. (Please note that some standard DTA’s for over-the-air reception will not work with this system.)

Cable TV service is provided to campus dorm rooms and to the common living area in campus apartments. Additional service may be requested for private bedrooms in Scarlett Commons apartments.
Text Messaging Alerts

Campus safety alerts can be received on cell phones via MTSU’s Critical Notification System. Employees and students can go to the Critical Notification System website at [mtsu.edu/alert4u](http://mtsu.edu/alert4u) for more information. Alerts can be sent as text messages to a cell phone, calls to cell or landline telephones, and/or as email.

Campus safety alerts range from security breaches to cancellations of classes due to severe weather. Users who elect this option and provide contact information may be assured that their information will not be shared. An email/PipelineMT username is required for access to this service. While registration is free and easy, your current carrier’s text messaging rates apply.

As part of the Critical Notification System, MTSU will send a text message alert to any student who has enrolled in classes but has not completed the registration confirmation step. Not completing the registration confirmation step by posted purge dates will result in courses being purged from the system. This is the only text alert categorized as critical but is not campus safety- or weather-related.

Wireless Connectivity

Wireless internet access is available across the campus including in outdoor areas, lounges, eateries, and classroom buildings. To access the wireless network, a Wi-Fi 802.11g/n or 802.11ac interface card is required. This is often built into laptop computers. Full Wi-Fi service on campus is limited to University students and employees and can be accessed via PipelineMT username and password. **WLANMTSU** is the campus-wide Wi-Fi network, while on-campus housing residents should use **RESNETMT**.

Master Classrooms

Students and faculty at MTSU are exploring new ways of learning and teaching in master classrooms. These classrooms are specially equipped with computer, media, projection, communication, and control capabilities and are connected to the campus network.

Typically, each master classroom contains one computer that can be used by instructors and students for presentations, simulations, online access, and multimedia.

University Computer Lab at James E. Walker Library
Electronic Information Center (first floor)
Workstations on each floor near elevators
library.mtsu.edu/techservices/index.php
615-898-2772

Students, faculty, and staff with current MTSU IDs may use computers in University computer labs.

Many departments also have labs for classes, research, and general use. Computer labs are also provided for students who live in Corlew, Lyon, and Smith residence halls and Womack Lane Apartments.
James E. Walker Library

The library provides students traditional and high-tech learning resources, including over 1 million print volumes, with an equal collection available online as e-books and databases providing online articles.

In addition, the library creates digital collections in its Digital Scholarship Lab and has materials in a variety of media. Historical information can be found in the digital collections, on microfilm, and in the Special Collections area of the library.

The library's webpages at library.mtsu.edu provide access to the catalog, electronic resources, e-reserves, and inter-library loan services, and show library hours and other basic information. All library borrowing transactions and printing/copying require a BlueID.

For more about circulation policies, see library.mtsu.edu/borrow.php, or call 615-898-2650.

More than 475 desktop computers and approximately 100 laptops are available. Wi-Fi allows use of laptops and other devices throughout.

The Research Commons on the first floor offers a mix of individual and collaborative computers and expert assistance with research at the Reference Desk.

The Library Technology Services (LTS) desk provides technical support for the library; lends laptop computers, headphones, and other equipment to students; and offers color printing and poster/plotter printing. The LTS staff provides front-line help for students’ personal laptops and assistance with Wi-Fi, PipelineMT, and D2L connectivity.

The Digital Media Studio (DMS) on the second floor offers specialized computer equipment and hardware. To learn more about the DMS, see library.mtsu.edu/dms or call 615-904-8526. (Makerspace is now open at DMS. More info on page 15.)

Study rooms, presentation rooms, and meeting places are available for groups. Three presentation rehearsal rooms allow practice and video recordings of presentations. To learn more or to reserve a space, visit library.mtsu.edu/spaces.

Digital Scholarship Initiatives

Digital Scholarship Initiatives is an extension of the mission of the library as an active partner in the scholarly communication process. This includes a Digital Scholarship Lab on the second floor.
dedicated to faculty and advanced students who enhance research by using digital tools, collaborating on digital projects and disseminating research through digital platforms. Other resources include digitization guidelines, digital humanities seminars, workshops, grant opportunities, journal hosting services, open access consultation, and preservation of research through faculty submissions to the institutional repository called JEWLScholar. More information is available at dsi.mtsu.edu.

Interlibrary Loan supports research by making it easy to borrow from other libraries. For more information, visit library.mtsu.edu/ill, call 615-904-8549, or email pam.middleton@mtsu.edu.

The library instruction program helps students successfully use the library and find other resources. For more information or to request an instruction session, visit library.mtsu.edu/reference/inst_req.php, call 615-904-8530, or email gwen.williams@mtsu.edu.

Faculty members can put assigned readings for students at the reserves desk or online in e-reserves. For more information, call 615-904-8544, visit library.mtsu.edu/reserves, or email suzy.burkhardt@mtsu.edu.

Need help with research or using the library? Call 615-898-2817, use instant messaging, email, or text messaging (@265010), or visit the Reference Desk. Also see library.mtsu.edu/help for more information.

Other library resources include:
» University Writing Center (third floor) for help with writing
» Tutoring Spot (first floor) info at mtsu.edu/tutoring
» Designated quiet zones on 3rd and 4th floors
» Starbucks
Web Information

Accessing the Web

To access the Web, users must have a device with communication software and a connection to the internet. That connection can be via hardwiring (offices, the library, computer labs, and residence hall rooms with direct connection) or a Wi-Fi connection (requires a Wi-Fi 802.11g/n or 802.11ac interface card).

The University also provides wireless access to smart phones and other Web-enhanced devices (iPads, tablets, eReaders, etc.).

WLANMTSU should be used across campus. RESNETMT is the Wi-Fi network for on-campus housing residents.

Additional Help and Information

Online

► Help with Software
  Most software packages include online help. If you’re working with a software package and you need help, check the menu bars across the top of the screen.

► Help on the Web
  Information is available on MTSU’s website at mtsu.edu and ITD’s website at mtsu.edu/itd.

Email
  Send an email message to ITD’s Help Desk at help@mtsu.edu.

Phone
  Call ITD’s Help Desk at 615-898-5345.

Student Technology Access Fee

The student Technology Access Fee (TAF) is used for direct student benefit, including new and improved high-tech laboratories and classrooms, appropriate networks and software, computer and other equipment, and technological improvements in instruction. The TAF helps students gain hands-on experience with the latest computer-based and discipline-specific technologies.
For example, TAF funds may go toward computer lab upgrades, new computer labs, new computer equipment and software, multimedia and master classrooms, recording and production equipment, or library resources. Learn more at mtsu.edu/taf.

See Where Your Money Is Going

Equipment purchased using funds from the student Technology Access Fee is tracked to ensure it is being used as intended. Look for the special label on each piece of equipment that shows it is a result of technology fees at work.

Center for Educational Media

The Center for Educational Media (CEM), in the McWherter Learning Resources Center (LRC), oversees the production and distribution of high-quality educational video programs for the College of Education (COE) and the scheduling and operation of the COE Professional Development Center. The CEM provides production services for other MTSU departments and offices upon request. The CEM features two units:

1. **Audio/Visual Services (A/VS)**—supports faculty use of audio/visual equipment through its Equipment Section, helps faculty create high-quality original videos and television programs through its Television Section, and provides engineering support for the CEM's activities.

2. **The Education Resource Channel @ Middle Tennessee** (ERC @ MT, Comcast Channel 9)—showcases educational video produced by A/VS and licensed from educational media vendors, select MTSU events recorded by ERC @ MT, and other educational programs obtained at no cost.

The CEM distributes its programming via satellite, webcasting, the internet, and cable television. It also partners with MTSU departments, state agencies, and other organizations to produce educational media for grants, contracts, and other projects.

MS Imagine Academy
Available for Students

Are you looking for a way to improve your chances of success in courses and increase your career readiness?

Consider using the resources of the Microsoft Imagine Academy.

As a member institution, MTSU provides access to more than 250 tutorials on Microsoft Office Products, as well as a variety of Computer Science and IT Infrastructure topics.

You also can take advantage of MTSU's limited site license allowing students to take Microsoft Office Specialist (MOS) certification exams (i.e. Word, Excel, PowerPoint, Access) at no cost.

Visit mtsu.edu/msitacad for more information and access.

New at MTSU: Lynda.com

Students now have access to online tutorials at Lynda.com.

Visit mtsu.edu/itd/lynda.php for instructions.

It is one of several apps available through Office 365 including Microsoft Word, Excel, PowerPoint, and Sway to help you with classroom reports, homework, and presentations.

Access them all at portal.office.com/myapps.

Makerspace Open at Walker Library

Makerspace is now open at the James E. Walker Library.

On the second floor in the Digital Media Studio (DMS), it offers 3D printers, resin printers, vinyl printers, laser cutters, virtual reality, augmented reality, micro-circuitry, robot-building kits, and more to students in one location.

DMS equipment already includes high-capacity Dell PCs and Apple iMacs, high-resolution screens, multimedia software, color and black-and-white printing, scanners, and accessories.

The goal is a self-directed, collaborative, problem-solving lab that draws upon digital literacy and entrepreneurship.

Priority is given for education-related projects, but use isn’t limited to course materials. There could be some cost involved, either in the form of buying materials or bringing your own. Students are required to receive training before using the equipment.

Find out more at library.mtsu.edu/makerspace.php.

NOTES
Cut those wires!

Wireless connectivity available at MTSU

Who can use it
- MTSU students
- MTSU employees
- Guests

What you need
- Laptop computer or mobile internet device
- Wi-Fi 802.11g/n or 802.11ac compatible card

Where it’s available
- Service is available at many locations on campus, including eateries, outdoor areas, lounges, and classroom buildings.

How to set up service
- Just use your PipelineMT ID to register your device.
  More information at mtsu.edu/itdnet/wireless.php

Wireless connectivity is available to all students, faculty, and staff, but is not required.

mtsu.edu/itdnet/wireless.php
Think before you download.

Using MTSU resources for unauthorized downloading, copying, or distribution of materials is prohibited.

Downloading videos, music, software, and other copyright-protected information without proper authorization is illegal. The violation of copyright laws can result in costly prosecutions and lawsuits.

For more information, visit mtsu.edu/itd/policies.php

MIDDLE TENNESSEE STATE UNIVERSITY.
