Where can faculty and students get help with ePortfolio?
(Note: students must have at least one ePortfolio training session to qualify for the MT Engage sophomore ePortfolio scholarship competition, which begins in Spring 2018.)

The University Writing Center provides ePortfolio assistance to students by helping them
- develop the writing they wish their ePortfolios to contain,
- work with essays, personal statements, resumes, and any other writing they may wish to post, and
- incorporate design and graphics so that their ePortfolios will look appealing and professional.

The UWC is located in Walker Library Room 362. For information and appointments, go to [http://www.mtsu.edu/writing-center/](http://www.mtsu.edu/writing-center/) or call (615) 904-8237.

Walker Library provides class instruction on the creation of e-portfolios in Desire 2 Learn, using and customizing templates, and uploading artifacts and assignments. Faculty who wish to schedule ePortfolio instruction should contact ePortfolio graduate assistant Ryan Griffin at (615) 904-8542 to determine availability. Mr. Griffin will work with Gwen Williams to schedule an instruction room at the library.

Tech Coach, a service of Walker Library, provides one-on-one training sessions on D2L ePortfolio and other multimedia software. Students can schedule a thirty-minute session at [http://library.mtsu.edu/technology.php](http://library.mtsu.edu/technology.php) or [https://form.jotform.com/52994535579979](https://form.jotform.com/52994535579979). Students should specify the type of assistance needed, check their MTSU email for the confirmed appointment time and tech coach’s name, and ask for their tech coach by name at the Tech Services help desk on the first floor of Walker Library.
