

This year's deadlines for submitting Faculty Development Grants are:

- September 25, 2009
- October 30, 2009
- February 19, 2010
- April 9, 2010 (if needed).

Applications will be accepted from tenured or tenure-track, full time individual faculty members, faculty groups, and/or departments.

Submit original grant application form printed on one side of page only with required original signatures to the Office of the Executive Vice President and Provost, 111 Cope Administration Building. If you have additional information, such as a brochure, please submit it along with your original application.

Application forms must include a thorough description of the project, a statement of the objectives, and a discussion of the potential project benefits to be derived by both the faculty member(s) and the University, an itemized budget, and a total funding request. Brochures and other pertinent information accompanying the proposal will strengthen the chances of funding.

Proposals should clearly meet guidelines for faculty development as opposed to instructional development. Priority will be given to proposals that develop individuals in their discipline and to proposals that have received substantial funding from the applicant's department. Funding is not normally provided to attend conferences or professional meetings. Travel funding must meet Tennessee Board of Regents guidelines. While no dollar limits are set on applications, large requests are unlikely to be funded. The median request granted by the 2008-2009 committee was approximately \$745.00.

In the event that limited resources remain at the end of the year, distinctions between meritorious applications will be made based on the date of receipt of the application.

Once the grant project has been completed, please notify the Office of the Executive Vice President and Provost, 111 Cope Administration Building and indicate whether any funds are remaining in the account. Remaining funds will be used to fund additional Faculty Development Grants. Upon project completion, grant recipients are required to file a final report with the Office of the Executive Vice President and Provost.

To receive grant funds, the applicant must be a tenured or tenure-track, full-time, MTSU teaching faculty member. Recipients of Faculty Development Grant funds from last year (2008-2009) are not eligible for funding this year. Only one (1) grant per individual will be awarded in a given academic year.
