Gravel Parking Lot Improvements

Whereas: The gravel parking lot directly north of the MTSU Recreation Center as well as the gravel lot beside the Art Barn are in dire need of maintenance and improvements,

Whereas: Students are greatly inconvenienced and hindered from parking in these lots due to pot holes and ruts, and in inclement weather the large expanses of standing water,

Whereas: The current state of the parking lot can cause physical and thus monetary damage to a vehicle's drive train,

Whereas: During periods of dry weather, large dust clouds form in the parking lot that are potentially harmful to the health of students,

Whereas: Improvements and maintenance of the Recreation Center gravel parking lot were scheduled to be completed by the beginning of the fall semester 2007,

THEREFORE, LET IT BE RESOLVED BY THE 70TH CONGRESS OF THE STUDENT GOVERNMENT ASSOCIATION OF MIDDLE TENNESSEE STATE UNIVERSITY THAT:

Section 1: Improvements and maintenance that were scheduled to be performed shall be performed at the earliest possible convenience.

Section 2: If the planned improvements and maintenance do not include remedies for any of the aforementioned problems, those responsible shall modify or add to the existing plans to include these remedies.
