

Amenities (Cross tabulation with Financial Assistance received)

The following table provides data related to Amenities and Financial Assistance.

The table shows the relationship between the type of Financial Assistance received and the amenity(ies) that were important to the student. For example, 17% of the students who indicated financial assistance was received, said that the assistance impacted their residence choice when they considered the amenity that was provided.

Based on the amenities listed, did the financial assistance that was granted have any influence on the decision to live on or off campus?
