

Horton Hatches An Egg Geography Activity

Topic Area: Maps

Grade Level: 6th

TN State Standard: 6.3 Know the location of places and geographic features, both physical and human.

Required Materials: Two maps.

Step-By-Step Procedures: Begin by placing the students in two groups. A student from each group will come forward and stand next to the maps. The teacher will call out locations from Horton's travels and the first student to find it on the map and place their finger on it earns a point for their team. Continue with this until all students have had a chance to compete.
