Off-Campus Department Overview

We are about student success. The mission of MTSU’s University College is simple; everything that we do is designed to enhance our student’s success – academically and beyond. To fulfill this mission the University College has been organized with six distinct divisions, Academic Outreach (Off-Campus), Administration and Finance, Student Advising, Distance Education (On-line), and Non-Traditional Programs (Adult Degree Completion Program), the Summer Sessions and University Studies under the guidance and support of the Dean’s office. Each group fulfills a specific mission. Here’s the link to preview those divisions [http://www.mtsu.edu/university-college/index.php](http://www.mtsu.edu/university-college/index.php)

We are committed to maintaining the service, quality and excellence students and faculty expect from all departments at Middle Tennessee State University.

Additionally, the MTSU Off-Campus Coordinator and/or MTSU Public Safety should be informed of the incident in order to comply with the following Department of Education policy.

The Jeanne Clery Disclosure of Campus Security Policy and Campus Crime Statistics Act, more commonly known as the Clery Act, requires colleges and universities to, in part:

- Disclose crime statistics for the campus, public areas immediately adjacent to or running through campus, and certain non-campus facilities and remote classrooms. The statistics must be gathered from campus police or security, local law enforcement, and other University officials who have “significant responsibly for student and campus activities.”

- Publish an annual report by October 1 that contains three years of campus crime and fire safety statistics and certain campus security policy statements.

However, if students are full time, they must submit proof of two (2) doses of Measles, Mumps and Rubella (MMR) vaccine on or after the first birthday or proof of immunity to measles in order to register for classes. Forms are available on line at http://www.mtsu.edu/healthservices/ Health Services will no longer waive the requirement for students taking only off-campus, on-line, and correspondence courses. There is also a new mandate from the State of Tennessee Department of Health requiring new full time students born after 1979 to show proof of the varicella virus (chickenpox). This will be implemented July 1, 2011. Call Health Services at (615) 898-2988 to request more information.

Evaluations

During the Fall and Spring semesters, students will be given the opportunity to evaluate their instructor by the standard departmental evaluation procedure. Course evaluations will be conducted between October and December. An MTSU staff member may attend your class to administer this evaluation or you may be asked to assist with administering a course evaluation for another faculty member's course. For departmental course evaluations, ITD will tabulate student’s responses and provide the instructor and chair with the results online at https://blueinfo.mtsu.edu/cgi-bin/DW-bin/faceval/faceval_signon.pl

In addition, faculty and students are asked to evaluate the University College staff. For University College evaluations, the UC Office will compile faculty and student’s responses and submit to the appropriate staff members. See appendix E
Class Cancellation

MTSU off-campus classes are usually cancelled if those at the host site are cancelled. To determine if classes are cancelled, students should listen to area radio and television stations; access the News and Media Relations home page at http://www.mtsunews.com/ or call the news line at 615-904-8215. Students should also check their email account and be aware of the policy presented in course syllabus by each faculty member. If site is open, it is the faculty member’s decision to hold class. Faculty should inform students about whether class will be held in case of bad weather in their syllabus, and inform the off-campus coordinator so an email can be sent to the students MTSU email account.

TRAINING CENTER OPERATIONAL GUIDELINES FOR MTSU FACULTY

At the Nissan Training Center every effort is made to create an environment which stimulates the learning process while minimizing peripheral problems associated with facilities and classroom scheduling. This guide will assist you in understanding the ground rules and operational procedures which have been implemented in order to provide an effective learning environment.

NOTE: Please announce to your students the information pertaining to Student Access, Dress Code, Smoking Policy, Food, Items Not Allowed on Company Property, Shop Area, Emergencies, and Evacuation Plan and Diagram.

BUILDING ACCESS FOR MTSU FACULTY

The Training Center is normally open and staffed from 6:30 a.m. until 4:30 p.m., Monday through Friday. During that time you can expect that someone will generally be available to assist you in making arrangements for your classroom and equipment needs.

Access to the Training Center outside the times listed above can be obtained as follows:
It is necessary that Security be informed beforehand that you intend to use the Training Center on specific dates and times. As an MTSU instructor in the Nissan on-site degree program, your name will be on an approved visitor list, including dates and times of your classes. When you reach the security checkpoint on Sam Griffin Road (Gate 11), please identify yourself and let the security officer know that you will be teaching an MTSU class that evening/day at the Training Center. The security officer will allow you to proceed to the Training Center. Approach the front door to the Training Center, push the button on the call box located on your right, and ask the security officer to unlock the door and leave it unlocked until the evening’s classes are over. The security officer will unlock the left-hand door by remote control and admit you into the building. When you are ready to leave the building, make sure that all persons for whom you were responsible have exited the building. If you are the last MTSU instructor to leave the building, push the button on the call box outside the front door, notify Security that you are leaving the premises, and request that the door be locked. Then check to be sure the door locks.

If you should need access to the Training Center at any other time than your normal class time, please contact the Training Center office to make arrangements in advance.

COPIER AVAILABILITY
There is no longer a copier available for your use. Please bring copies of materials, hand-outs, etc. needed for your class with you.
STUDENT ACCESS
Students enrolled in MTSU classes at the Nissan Training Center should identify themselves to the security officer upon arrival at the security station on Sam Griffin Road (Gate 11). The security officer has a list of students who are enrolled in your class so they may be admitted onto Nissan property. (If there are changes to your class roll, please notify the Training Center office.) Students may enter the Training Center when the first MTSU instructor has arranged for the building to be opened for the evening.

It’s assumed that students normally shouldn’t need to arrive at the Training Center any earlier than ½ hour prior to the beginning of class, and the security officers at Sam Griffin Road security station will apply that rule. If exceptions are required for specific dates (e.g., to meet the professor before class for a make-up exam), the professor should contact Kevin Smith (220-4350) or Jackie Turner (459-1124) in advance so that arrangements can be made for the student to have early access to the Training Center.

DRESS CODE
Students are expected to meet MTSU’s dress code. Short shorts and tank tops are not generally allowed at the Nissan Training Center, and shoes are required at all times. The shop area may require more stringent dress requirements. Please consult a Training Center staff member if you are unsure about specific apparel.

SMOKING POLICY
The Training Center itself is a smoke-free building. Your students may smoke outside the front of the building before and after class, and during break time, should you choose to give your class a break during the evening.

FOOD
Persons attending a training function at the Training Center are encouraged to eat in the break room during the designated break or meal period; however, food is not forbidden in the classrooms as long as it does not create untidy conditions or disruption. Food and beverages are prohibited in the shop area.

ITEMS NOT ALLOWED ON COMPANY PROPERTY
Camera phones, cameras, intoxicants, firearms, explosives, and illegal drugs are not allowed on company property.

SHOP AREA
Students should not enter the shop area unless your class is scheduled to be held in the shop area.
EMERGENCIES
If you are in the building and an emergency develops, help can be summoned by dialing 459-1111 (61111) on any internal telephone. Nissan Central Security may also be contacted at extension 459-1947. (61947).

EVACUATION PLAN AND DIAGRAM
Please take a moment to locate and read the evacuation plan posted in the main hallway of the Training Center. It identifies the various exits in the event of fire or other emergency.

CONTACTING THE NISSAN TRAINING CENTER
The telephone number of the Training Center office is 459-1124. Someone is usually available to answer this phone during day-shift working hours. After hours it may be necessary to contact Nissan Central Security at 459-1947.

IF ALL ELSE FAILS...
Hopefully this guide will assist you in your use of the Nissan Training Center. If you encounter a problem not covered here, please let us know. The following is a list of persons who will be able to assist you:

  Kevin Smith, Section Manager Training                      220-4350
  Jackie Turner, Administrative Assistant                    459-1124
