Volunteer State Community College and Middle Tennessee State University Partnership
MTSU and VSCC have developed an A.A.S.–to–B.S. program to allow students who earn an Associate of Applied Science in Medical Laboratory Technician at VSCC to transfer the majority of those credits to MTSU toward the completion of a Bachelor of Science in Professional Studies with a concentration in Organizational Leadership. This degree is offered through MTSU’s University College in cooperation with the Tennessee Board of Regents.

Bachelor of Science in Professional Studies
The Bachelor of Science in Professional Studies with a concentration in Organizational Leadership prepares the student for management positions in health care and technology. The component courses are in the fields of supervision, organizational systems, communications, statistics, and organizational relations. Other applicable courses include public relations, psychology, business etiquette, human resources, and cultural diversity, providing a broad spectrum of courses designed to prepare students for a variety of careers.

Completing an A.A.S. in Medical Laboratory Technician at Volunteer State Community College builds an excellent foundation for a bachelor’s degree program. Sixty (60) credit hours may be transferred from VSCC and credited toward a Bachelor of Science in Professional Studies with a concentration in Organizational Leadership, available through MTSU’s University College. You may take some or all of the courses required to complete the bachelor’s degree online to allow your studies to fit around your work and family.

### MTSU will accept up to 27 credit hours from courses commonly offered in a college of business toward the B.S. in Professional Studies. This does not include ECON 2410, 2420, or QM 2610. Business courses are subject to verification. The Professional Studies degree from MTSU is part of the Regents Online Degree Program and is managed by MTSU’s University College. It is NOT a business degree. Concentrations taken at VSCC requiring more than these 27 hours will result in the student taking more than 120 hours to complete the Professional Studies major at MTSU.

### *Students should consult with their MTSU advisors to determine courses that fulfill program requirements. A list of course options is available on the Degree Advancement Program Web site at www.mtsu.edu/dap.
