

CARS Mentors at MTSU

This list is a living document. As more faculty members become successful Principal Investigators on funded grants, they will also become mentors. A few additional current and retired faculty members have agreed to be informal mentors. Several CARS protégés have external mentors, however for the purpose of CARS-PDP, an internal mentor is necessary. Please contact Dr. Friedli (x2071, afriedli@mtsu.edu) if you cannot find a mentor appropriate for your project. For help with proposal submission details, please contact Dr. Chris Crowell (x5894, crowell@mtsu.edu, BAS, EDDBS) or Dr. Samantha Cantrell (x8751, scantrel@mtsu.edu, LA, MC, BUS).
