HCA’s Tax Department has an additional opportunity for a paid summer internship. The full-time internship runs from May 11th – July 24th. There is also an opportunity for the candidate to work part-time in the spring (20-25 hours/week from February to May 10) if the candidate has availability (this is not a requirement to be considered for the summer internship).

HCA will consider rising seniors as well as rising juniors for the position. Rising seniors may have the opportunity for full-time permanent employment following the internship, while rising juniors may have the opportunity for a repeat internship.

Interested students should contact Elaine Brooks at Elaine.Brooks@HCAhealthcare.com or LeighAnne Henry at LeighAnne.Henry@HCAhealthcare.com.
