

STATE OF TENNESSEE

INFORMATION AND INSTRUCTIONS FOR THE TENNESSEE CAREER SERVICE EMPLOYMENT PROCESS

HOW TO OBTAIN JOB INFORMATION

Our state government is the largest employer in Tennessee with over 37,000 Career Service employees working in over 1,400 different job classifications. You may obtain information about the Career Service job classifications for which the Department of Human Resources is currently accepting applications by visiting the Tennessee Department of Human Resources Career Service website at: <http://www.state.tn.us/dohr/JobSearch/Employment.html>. At this site, you'll find Job Information, including a Job Search tool that will allow you to perform a customized search based on your minimum salary requirements, and other search criteria. The job information provided includes job descriptions (with minimum qualifications), salary information, examination information, and number of positions/vacancies by county or by department. You should use Search Job Openings to identify jobs of interest to you, making sure to compare your education and experience qualifications with the requirements indicated in the job description before deciding to apply for the job.

For some jobs, you may only apply during "announced" opening and closing dates. When one of these job classifications is currently open, the opening and closing dates will be posted at the following web address:

<http://agencv.governmentjobs.com/tennessee/default.cfm>

HOW TO BEGIN THE APPLICATION PROCESS

The first step in the Career Service employment application process is completion of the State of Tennessee Employment Application. We strongly encourage you to apply online so that your application may be processed as efficiently as possible. This is especially important when applying for an "announced" job classification which has specific opening and closing dates during which applications will be accepted. Search and apply on-line is available at: <http://agencv.governmentjobs.com/tennessee/>. If you do not have access to the Internet, you may obtain state job classification information and/or complete an online application by visiting the Department of Human Resources in Nashville or by visiting one of the many Department of Labor and Workforce Development Career Centers located throughout the state. You may also obtain and/or complete a hard copy form at the aforementioned locations.

If you are submitting a hard copy State of Tennessee Employment Application form, it must be completed using black ink so that it can be legibly reproduced. Please make sure you provide all required information. If you omit information, it may be necessary for the Department of Human Resources to return your application to you. Unsigned hard copy applications will not be accepted.

Do not submit originals of personal documents, as they will not be returned. Legible photocopies of the application and attachments are acceptable. Your completed application should be submitted to the Department of Human Resources at the address (or fax number) listed on Page 1 of the application form. After submitting your application to the Department of Human Resources, you may be required to complete additional forms. If so, these forms will be mailed to you. Please include your social security number on all correspondence.

If you have any questions regarding the application process, please call 615-741-4841 between the hours of 8:00 a.m. and 4:30 p.m. CST or e-mail your questions to applicant.services@mail.state.tn.us.

BE SURE TO KEEP A COPY OF YOUR APPLICATION FOR YOUR FILES.

AFTER YOUR APPLICATION IS SUBMITTED

For each job classification you apply for, your application is evaluated to determine whether or not you meet the education, experience, and/or other special requirements for the job. If a job classification requires a written or computer-administered test, you will be sent testing instructions in the mail. When a job classification does not require a test, the information on your application will be used for evaluating and rating your training and experience. This may include your education, experience, and any licenses or certificates that you possess. All evaluation/examination results will be mailed to you. Applicants attaining a passing score on either a rating of their education and experience or on a written or computer-administered test will be added to the list of eligibles for the job classification for which a passing score was obtained. Scores received on a rating of education and experience are normally valid for a period of two years. Scores received on a written or computer-administered test are valid until such time as the test is revised and the register is abolished.

TESTING

Tennessee Career Service employment tests are administered on a daily basis (Mon.-Fri., except State holidays) at the Department of Human Resources in Nashville. Most tests are administered on computer. No appointment is needed for the testing location in Nashville. Applicants may be admitted for testing any time between the hours of 8:30 a.m. and 1:00 p.m. CST. Applicants wishing to test in a location other than Nashville must be scheduled for a specific testing session based on the testing location preference selected by the applicant on the application form. The testing admission letters sent to these applicants will provide the specific testing location and will either specify a date and time for testing or provide a telephone number to call to make an appointment for testing.

It is the Department of Human Resources policy to provide reasonable accommodations in testing conditions to qualified individuals with disabilities as defined by the Americans with Disabilities Act. If you wish to request an accommodation, please call 615-741-0441 or Tennessee Relay Service 711.

HIRING

As Career Service job vacancies occur, agencies request certified lists of eligible applicants to fill the vacant positions. If your score is high enough for a particular job classification, your name may be certified to the agency as an eligible applicant. You will be mailed a notice of the job opening and asked to contact the agency within seven days of the date on your notice to schedule an interview. An agency is required to make an employment decision from the top five interested and available applicants when hiring from an open list of eligible applicants and from the top three applicants when hiring from a promotional list of eligible applicants.

LATERAL TRANSFERS

If you are a current Career Service employee and would like to transfer to another position within your current classification, you may request that your name be placed on the lateral transfer list. This request can be made by telephone. No application is required. Just call the Applicant Services Division at 615-741-4841. The lateral transfer list will be provided to hiring agencies, upon request, as vacancies occur.

INFORMATION AND INSTRUCTIONS (Continued)

--GENERAL INFORMATION--

A Change in Application Requirements: You should provide your complete education and experience background information with this application if you have not submitted a full and complete application since March, 1999. This applies to all applicants, including current State employees. This change in application procedures was made as a result of changes in the Department of Human Resources application processing and maintenance procedures. These changes have been made in an effort to enhance the quality of services provided to applicants, employees, and hiring agencies.

To Re-apply: In applying for additional jobs in the future, you may submit an abbreviated application, omitting your previous education and work experience information. However, you should always include information on the experience that you've gained since your last application. Even if you have continued in the same job, that job should be listed in job block A to show that you've continued working in that position.

Important Information: Applications must often be returned to obtain a small piece of information overlooked by the applicant. Please review your application carefully to make sure that all the requested information is included.

It is recommended that you include your name and social security number on any additional documents or supplemental information you include with your application. If you choose to fax your application, it is recommended that you write your name and social security number on each faxed page. To allow for the timeliest processing of applications, we ask that you **DO NOT** submit a duplicate of your faxed application in the mail.

BE SURE TO KEEP A COPY OF YOUR APPLICATION FOR YOUR FILES. DO NOT INCLUDE PAGE 2 WHEN YOU ARE ASKED TO PROVIDE A COPY OF YOUR APPLICATION FOR AN EMPLOYMENT INTERVIEW.

EXPERIENCE BACKGROUND

Important - Please Read

Instructions: You should provide your complete work history in the experience background section on the following pages unless you have submitted a full and complete application since March, 1999. This applies to all applicants, including current State employees. In providing your complete work history information, you may use copies of pages from previous applications to construct one complete and up-to-date application. If you have submitted a full application since March, 1999, you may omit your prior work experience, except for the experience you have gained since the time of your last application. Even if you have continued in the same job, that job should be listed in job block A to show that you've continued working in the same position.

To complete your work history, use the job blocks provided below and on the following pages, beginning with your present or most recent job in job block A. If necessary, you may attach additional sheets to provide your complete work history in the format shown below. It is important that you accurately describe the major responsibilities associated with each job you have held, along with all other requested information for each job. Incomplete information may lower your application rating. If you moved to a different position within the same organization and your major duties changed, you must list each position as a separate job. For military experience, it is important that you include the dates and pay grade for each position held. Unpaid, volunteer or part-time work experience may also be included with your work experience history. You may submit an employment resume to supplement your application; however, you must describe your major job responsibilities in the format below to ensure accurate scoring of your application.

If you have not reviewed the information above, please do so now to be sure you complete this section correctly.
