

# IN CASE OF TORNADO

**If a tornado warning has been issued, take shelter in the building in which you are currently located.**

**The best areas in buildings are**

- **The lowest possible floor available**
- **Away from glass or other loose or breakable objects which could become flying objects**
- **Near interior walls and away from exterior walls**

DO NOT pull fire alarms because that is likely to send people outside instead of keeping them in a safer inside environment.

## **PERSONS WITH DISABILITIES**

If you have a disability you should notify your instructor in each of your classes or your supervisor that you will require assistance in case of an emergency.

Instructors or supervisors must notify emergency-response personnel, either police or fire department, of any persons with disabilities in their classes or areas of responsibility.

## **EMERGENCY CONTACT NUMBERS**

<b>Emergency Calls:</b>	<b>911</b>
<b>MTSU Public Safety:</b>	<b>898-2424</b>
<b>Media or Public Inquiries:</b>	<b>898-2919</b>
