SUBJECT: Quarterly Report – Results of Internal Audit Reports

PRESENTER: Brenda Burkhart
Chief Audit Executive

BACKGROUND INFORMATION:

MTSU Policy 70 Internal Audit section IX.F requires significant results of internal audit reports be presented to the Audit and Compliance Committee quarterly.

Since the last meeting of the Audit and Compliance Committee, the following two audit projects have been completed:

1. Audit of Inventories for Fiscal Year Ended June 30, 2020 which concluded the inventory counts were accurate and in compliance with the inventory procedures. There were no reportable issues.

2. Review of the Use of the MTSU Mobile Production Lab for the Period July 1, 2018 – June 30, 2020 concluded the risk of personal use was minimal and the procedures for managing the use of the asset were adequate. The report contained no findings or recommendations.
The report included an observation that management quickly mitigated - An emergency communication risk that no employee other than the employees on the production site knew the names of the production crew members. Access to the software program used to manage the mobile production lab was given to the department chair in order to mitigate this risk.

The current status of the Internal Audit Plan for Fiscal Year 2021 is included for the Committee’s review.
