Trustee Smith moved to approve the minutes from the August 20, 2019 meeting and Trustee Karbowiak seconded the motion. A roll call vote was taken and, with all Committee members voting “Aye,” the motion to approve the minutes from the August 20, 2019 meeting of the Audit and Compliance Committee carried.
**Policy Revisions, Policy 10 Ethics and Code of Conduct - Action**

Revisions to Policy 10 Ethics and Code of Conduct were presented by Ms. Gené Stephens, Assistant Vice-President, Office of Compliance and Enterprise Risk Management. The proposed revisions added Sections IV. Investigatory Process and V. Appeals to the policy. Discussion regarding a timeline for the investigatory process followed after Trustee Martin commented there was not a timeline included for the investigation process. A motion was made by Trustee Martin to amend and approve the policy with additional language added as Section IV. F. to state, “The Office of Compliance and Enterprise Risk Management will conduct an adequate, reliable, and impartial investigation in a reasonable and timely manner.” Trustee Boyd seconded the motion. A roll call vote was taken and, with all Committee members voting “Aye,” the motion to amend and approve the policy with the additional language added as Section IV.F. carried.

**Results of External Reviews - Information**

Ms. Burkhart presented the results of two external reviews. The Office of the Comptroller of the Treasury released the investigative report, MTSU Athletic Department, on August 29, 2019. The report concluded an associate athletic director made a questionable purchase of $3,500 with his university purchasing card and department staff used university purchase credit from a sports and fitness company to provide at least $34,084 in shoes and apparel to family and friends. The report also included an internal control deficiency of inadequate oversite of use of sponsorship trade. The report concluded that management of the Athletic Department indicated they were establishing new practices and procedures to correct the findings and the internal control deficiency disclosed in the report. An update of corrective actions addressing the findings and internal control deficiency was requested for the next Audit and Compliance Committee meeting.

The Tennessee Department of Finance and Administration, Office of Criminal Justice Programs conducted a financial desk review on October 17, 2019 of the STOP (Services, Training, Officers, Prosecutions) funding for the fiscal year ending June 30, 2020. There were no findings of noncompliance.

Two audit projects were completed since the last meeting of the Audit and Compliance Committee: Cash Counts at June 30, 2019, with no reportable issues; and, the Audit of Inventories for Fiscal Year Ended June 30, 2019, which concluded the year-end inventory counts were accurate and in compliance with the inventory procedures, but also included a recommendation for Printing Services to include valuation procedures in the inventory procedures. The current status of the Internal Audit Plan for Fiscal Year Ended June 30, 2020 was included for the Committee’s review.

Adjournment
The Committee adjourned the public session at 9:53 a.m. and entered non-public executive session at 9:55 a.m. to discuss audits and investigations. The non-public executive session adjourned at 10:49 a.m.

SUBJECT: Quarterly Report – Results of Internal Audit Reports

PRESENTER: Brenda Burkhart
Chief Audit Executive

BACKGROUND INFORMATION:

MTSU Policy 70 Internal Audit section IX.F requires significant results of internal audit reports be presented to the Audit and Compliance Committee quarterly.

Since the last meeting of the Audit and Compliance Committee, the following three audit projects have been completed:

1. Audit of the Office of the President for Fiscal Year 2019 is an annual audit required by state law. There were no reportable issues.

2. Audit of Football Ticket Sales and Paid Attendance for Fall 2019 concluded compliance with NCAA criteria. The football average paid attendance of 15,493 exceeded the requirement of 15,000.

3. Review of the Use of the MTSU Owned Aircraft for the Period July 1, 2017 – November 30, 2018 which was requested by the Committee. The report included the following two recommendations:
• Written Procedures Needed for University Plane
• Improvement Needed with Flight Log Documentation

Management is implementing the recommendations. Management has drafted a policy “Operation and Use of University Aircraft” which is currently out for review and comment with the University community. The comment deadline is March 23, 2020. A copy of the proposed policy is attached for your information.

The current status of the Internal Audit Plan for Fiscal Year 2020 is included for the Committee’s review.
180 Operation and Use of University Aircraft

Approved by President

____________________________
Sidney A. McPhee, President

Effective Date: ____________, 2020
Responsible Division: Academic Affairs
Responsible Office: Aerospace
Responsible Officer: Chair, Aerospace Department

I. Purpose

This policy provides specific guidelines on the use and operation of university-owned transportation aircraft. It is the intent of this policy that University (MTSU or University) that such aircraft will be used to conduct official university business in an efficient manner, available for the widest practicable use by the appropriate and designated persons.

II. General Provisions

A. University-owned aircraft may be used only to conduct official university business in accordance with the University's travel policy (see Policy 658 Travel). Personal use, including recreational use and/or commuting, is strictly prohibited.

B. University aircraft may be used only when official business cannot be conducted more economically through the use of regularly scheduled commercial aircraft. Specifically, it is appropriate to use University aircraft when the destination is not served by commercial carriers; the time required to use such a carrier interferes with other University obligations; or the number of officials and employees traveling makes the use of University aircraft cost-effective. While convenience is a consideration in selecting this mode of travel, it is not the primary factor and must be considered along with cost, the nature of the business to be conducted, and other relevant factors.

C. Travel on University aircraft is authorized for University employees or prospective employees, students or prospective students, donors or prospective donors, speakers at University events, official guests of the University, officials of the University and their spouses (including trustees) provided such persons are engaged in, or supporting, an official business function of the University. Travel is also authorized for individuals of other state agencies when such persons are engaged in official business of the State of Tennessee.
D. When a flight has been scheduled for official purposes and unassigned seats remain on
the aircraft, persons other than those for whom the flight was scheduled may be
accommodated on a space-available basis when their travel is deemed in the
University's best interest. These include, but are not limited to, employees, persons
conducting business on behalf of the University, and spouses accompanying staff on
official University business. The University will determine the taxability of such flights on
a case-by-case basis.

III. Scheduling Flights

A. All flights on the University aircraft are scheduled through the University pilot, also
known as the pilot-in-command. Every effort will be made to accommodate all requests
consistent with the most economical and efficient use of the aircraft and flight crews.

B. Procedures for requesting and obtaining approval for a flight are located at
https://www.mtsu.edu/aerospace/KingAir.php.

C. As outlined in the procedures, initial requests for aircraft availability should be made by
email or text to the pilot-in-command followed up with an electronic request that will
be routed for approval through the Aerospace Department and the President’s Office.

D. The pilot-in-command is responsible for ensuring that a proposed passenger list
containing the following information is completed for safety purposes and to document
the purpose of each passenger's trip. The proposed passenger list will be emailed to the
Flight Operations Manager prior to each flight.

   1. Departure/return time, date, time of arrival, and place;

   2. Name of each passenger, title, department or agency charged;

   3. Destination(s), including intermediate stops; and

   4. Business purpose of trip for each passenger.

E. The pilot-in-command is additionally responsible for ensuring that the University aircraft
is airworthy and has the required Federal Aviation Agency (FAA) operating certifications
and documentation aboard the aircraft.

IV. Charges for Using University Aircraft

A. The per-mile rate for using University aircraft will be set at a level sufficient to recover
the cost of maintaining and operating the plane. Rates are approved by the University
President, as well as periodically reviewed and revised as needed. Information on
current rates is available at https://www.mtsu.edu/aerospace/KingAir.php. Before scheduling flights on the University’s aircraft, departments should consider the availability and cost of commercial flights and compare the cost of such service with the cost of using the University’s aircraft.

B. Aircraft users will be billed monthly by the pilot-in-command with a copy of each invoice sent to the Flight Operations Program Management Office and the Office of Business and Finance for recording in the University's accounting system. Charges will be calculated by multiplying the actual flight miles by the approved per-mile rate for use of the plane. If persons from more than one department/agency are on the same flight, the charges will be prorated among the departments/agencies involved.

V. Operation of University Aircraft

A. University aircraft must be operated at all times in accordance with the provisions of the FAA approved flight manual and the University's flight operations procedures manual, which is in compliance with the Federal Aviation Act (as amended) and Civil Air Regulations.

B. The pilot-in-command will submit a blanket Travel Authorization form to the Aerospace Department annually approving travel and operation of the University aircraft for the year.

C. It is recommended that two (2) pilots be utilized for each scheduled passenger flight; however, it is acceptable to only have the pilot-in-command on board if he/she holds the proper credentials for flying the current aircraft without a co-pilot.

D. Under FAA regulations, the pilot of any aircraft is responsible for, and is the final authority as to, the flight operation of that aircraft. All decisions concerning the flight itself will rest solely with the pilot-in-command. The pilot, however, shall keep the Aerospace Department informed of any deviations from the approved flight sequence.

E. The pilot-in-command will complete a detailed flight manifest upon completion of each flight and submit it to the Flight Operations Manager. The flight manifest should include the following information:

1. Business reason for the flight;
2. Flight duration;
3. Date and final destination;
4. Time of departure and time of arrival;
5. Hobbs start and stop times;

6. Destination and intermediate stops of flight;

7. Length of time of each portion of flight;

8. Distance flown;

9. Names of pilots; and

10. Name of each passenger on any portion of the flight; position within University (if applicable), and reason the person is a passenger.

F. The Flight Operations Program Management Office will reconcile flight manifests with flight invoices, and information from Flight Aware, on a monthly basis. Any discrepancies will be reported to the Chair of the Aerospace Department.

VI. Charter Service

A. Sometimes it will be impossible to accommodate all requests for use of University aircraft. In such cases, if commercial flights to the desired destination are not available, and if it is essential to fly at a time when there are no commercial flights, or if it is deemed most cost effective, a charter flight may be arranged and/or leased.

B. When a charter flight is leased, the University and pilot-in-command will comply with the FAA General Technical Requirements regarding Dry Lease Agreements (dry lease agreements are for the lease of an aircraft only, and not for the lease of an aircraft and pilot), or the FAA General Technical Requirements regarding Wet Lease Agreements (when both an aircraft and pilot lease are needed).

C. When flights are scheduled, the user department will be responsible for all costs incurred. It is customary for the charter service to assess an additional wait-time charge when the layover exceeds one hour, for the cost of a co-pilot, and for the time and expenses of the crew when overnight travel is involved. (For more information on chartering planes, see the Policy 658 Travel).

VII. Donated Aircraft and Flight Services

When an aircraft and flight services are donated for official University business, employees must ensure that the plane and flight crew meet current FAA regulations, circulars, and guidance documents, as well as maintain blanket liability insurance. Such donated aircraft by the donor shall not be in exchange for any compensation. The donor must receive zero compensation from the University for the use of the donor aircraft. For purposes of FAA regulatory compliance, compensation can be anything from monetary compensation to free
tickets to games, free parking, or any other item of value.

For additional information regarding the acceptance and use of donor aircrafts, please contact the University’s Office of Compliance and Enterprise Risk Management.

SUBJECT: Follow-Up Item: Update of Corrective Actions – Comptroller’s Audit of Athletics

PRESENTER: Brenda Burkhart
Chief Audit Executive

BACKGROUND INFORMATION:

During the Committee’s last meeting on November 12, 2019, the Committee requested an update on the corrective action taken to address the findings and internal control deficiency discussed in the Comptroller’s Audit of Athletics report. For better management of the vendor provided sports apparel allotments, the Athletic Department has developed written procedures addressing the required approvals, the allocation process and the documentation requirement for reporting an employee’s extra compensation.

Attached are the Athletic Procedures for Apparel Allotments including the form for reporting extra compensation.
Purpose

Middle Tennessee Athletics has an agreement with a vendor for sports apparel. As part of this agreement, specific athletic areas (football, men's basketball, women's basketball, and administration) have an apparel allotment for staff use. Coaches and staff are required to wear vendor products when they are representing the University at various functions, including practice and donor functions. This allotment provides additional apparel for them to wear in addition to their normal game day attire. These procedures provide instructions for the issuance and management of the vendor provided annual apparel allotments.

Procedure

The contract for sports apparel contains an annual apparel allotment for football, men’s basketball, women’s basketball, and administration. The Head Coach of football, men’s basketball and women’s basketball will provide a list of the annual allotment distribution to the Athletic Director for approval. The annual allotment for administration prepared by the Athletic Director will be submitted to the President for approval. Once approved by the President / Athletic Director, the Extra Compensation Form for Athletic Apparel Allotment will be prepared by the Athletic Business Office for each of the approved staff members included on the annual allotment distribution lists. The extra compensation form will indicate the amount of the annual allotment and indicate that the allotment amount will be taxed as extra compensation to the staff member. This form will also state that (1) the employee will be taxed on the apparel allotment, (2) apparel allotment orders will only be placed by the employee and guest accounts will not be created, and (3) the employee will comply with all NCAA rules/regulations regarding the apparel allotment. It will be incumbent upon the individual staff member to ensure that they use the entire allotment prior to expiration, as they will be taxed on the full amount prior to June 30 of each year. Any unused allotment will expire and will not carry forward to the next year. After the apparel allotment forms have been signed by the staff members, the approved allotment amounts for men’s basketball, women’s basketball and administration will be submitted to the sports apparel vendor to fund each individual account for the year. The approved allotment amounts for football will be provided to the MTSU athletic department employee assigned to submit the individual allotment amounts into the sports apparel vendor’s on-line portal for football.

If an employee declines their approved apparel allotment, that allotment may be re-assigned to another employee. The re-assignment of an apparel allotment must follow the same recommendation...
and approval process as outlined in this procedure.

All approved and signed apparel allotment forms will be submitted to the Office of University Tax Compliance for processing of employee fringe benefits.
EXTRA COMPENSATION FORM FOR ATHLETIC APPAREL ALLOTMENT

As part of this agreement, the specific athletic areas (football, men’s basketball, women’s basketball, and administration) have an apparel allotment for staff use. Coaches and staff are required to wear vendor products when they are representing the university at various functions, including practice and donor functions. This allotment provides additional apparel for them to wear in addition to their normal game day attire. PRESENTER: Brenda Burkhart
Chief Audit Executive

BACKGROUND INFORMATION:

During the Committee’s review of the draft report of the Audit of the Office of the President, two requests for information were made. The first request was a quarterly report of the year-to-date expenses of the accounts for the operations of the Office of the President. Included in the materials is the quarterly reporting of expenses for the period July 1, 2019 to December 31, 2019.

Also requested was an example of the form used to document the guests of the President traveling with Athletic teams. The current form identifies the event, event date, names, and purpose. The approval signatures are the Athletic Director and the President. Included in the meeting materials is an example of the blank form and an example including actual descriptions obtained from the “Purpose” column of various completed forms.
