

COLLEGE OF BASIC
AND APPLIED SCIENCES

MIDDLE TENNESSEE STATE UNIVERSITY
CBAS Distinguished Research Award

Purpose and Criteria

The Distinguished Research Award is designed to recognize a member in the College of Basic and Applied Sciences (CBAS) who has developed a record of outstanding research. The award shall be made during spring semester each academic year. The ideal candidate for the Distinguished Research Award shall be a faculty member including department chairs:

1. With a distinguished research record.
2. Whose research contributions are long-term and extend beyond the present academic year.
3. Whose outstanding research record is supported by excellence in the classroom and a commitment to service.

Each of the above criteria must be met in order to receive the Distinguished Research Award. Each recipient will be honored with a plaque and a monetary award. No award will be made if, in the opinion of the Selection Committee and/or the Dean of the College of Basic and Applied Sciences, there is no nominee who adequately meets these criteria.

Eligibility

1. Full-time tenured or tenure-track faculty members in CBAS who have completed at least four academic years of employment in the College are eligible if they have not previously received the Distinguished Research Award at either the College or University level.
2. Members of the Award Selection Committee in a given year are not eligible to be nominated for the award.

Nomination Process

Only electronic submissions in pdf format will be accepted. This packet of information should be submitted to cbasawards@mtsu.edu from the nominator's email address no later than March 1st. Please include the name of the award in the subject header of your email to simplify the process for committee members reviewing the nominations. The submission should include the following:

1. A nomination letter from either the Departmental Chair or the Departmental Nominating Committee.
2. A statement from the nominee describing their current research (no more than two pages, single spaced). This statement should be written at a level appropriate for faculty representing diverse disciplines. In addition to a description of current activities, the statement should address the significance of the nominee's total body of research to their field of study.
3. The nominee's curriculum vitae with relevant activities highlighted for work done at MTSU for at least the last four years.
