## MTSU Clean Energy Initiative Project Funding Request

There are five (5) sections of the request to complete before submitting. See <http://www.mtsu.edu/sga/cleanenergy.shtml> for funding guidelines. Save completed form and email to [cee@mtsu.edu](mailto:cee@mtsu.edu) or mail to MTSU Box 57.

1. General Information	
Name of Person Submitting Request Linda Hardymon	
Department/Office Center for Energy Efficiency/Facilities Services/ Recycling Program	Phone # (Office) 904-8096
MTSU Box # 57	Phone # (Cell) 519-8096
E-mail linda.hardymon@mtsu.edu	Submittal Date 2/15/18

2. Project Categories (Select One)	
Select the category that best describes the project.	
<input type="checkbox"/> Energy Conservation/Efficiency	<input type="checkbox"/> Sustainable Design
<input type="checkbox"/> Alternative Fuels	<input checked="" type="checkbox"/> Other
<input type="checkbox"/> Renewable Energy	

3. Project Information	
<p>a. Please provide a brief descriptive title for the project.</p> <p>b. The project cost estimate is the expected cost of the project to be considered by the committee for approval, which may differ from the total project cost in the case of matching funding opportunities. <b>Any funding request is a 'not-to-exceed' amount. Any proposed expenditure above the requested amount will require a resubmission.</b></p> <p>c. List the source of project cost estimates.</p> <p>d. Provide a brief explanation in response to question regarding previous funding.</p>	
3a. Project Title	Recycling area upgrade- wrought-iron fencing and landscaping at the Recycling Drop-Off area
3b. Project Cost Estimate	\$5500.
3c. Source of Estimate:	MTSU Grounds Services fencing projects
3d. If previous funding from this source was awarded, explain how this request differs. N/A	

#### 4. Project Description

(Completed in as much detail as possible.)

- a. The scope of the work to be accomplished is a detailed description of project activities.
- b. The benefit statement describes the advantages of the project as relates to the selected project category.
- c. The location of the project includes the name of the building, department, and/or specific location of where the project will be conducted on campus.
- d. List any departments you anticipate to be involved. Were any departments consulted in preparation of this request? Who? A listing may be attached to this form when submitted.
- e. Provide specific information on anticipated student involvement or benefit.
- f. Provide information for anticipated future operating and/or maintenance requirements occurring as a result of the proposed project.
- g. Provide any additional comments or information that may be pertinent to approval of the project funding request.

##### 4a. Scope: Work to be accomplished

The purpose is update and improve the MTSU recycling drop-off area. Adding some nice five foot wrought-iron fencing and shrubs (using carefully chosen low growing bushes) adjacent to the drop-off area offers partial screening of roll-offs, bins, and parking areas. The area would still be openly accessible to staff and local community recyclers, but have a well-ordered, cleaner appearance. Since the area is on the edge of campus, and additional bins have been necessary to handle the ever growing amount of materials dropped off, an improvement in the look around the area is desired.

Approximately 100 feet of wrought-iron fencing for the project.

##### 4b. Scope: Benefit Statement

This effort is part of a campus beautification effort to enhance the general appearance of the over-all area. Some from the community leave items we do not collect as part of the recycling program. With the planned improvements, it may help discourage those people leaving their trash, mattresses, etc. Less litter would be a good thing.

<b>4. Project Description (continued)</b>
<b>4c. Location of Project (Building, etc.)</b>  Near and around the recycling drop-off area located on Greenland Drive.
<b>4d. Participants and Roles</b>  MTSU Recycling Program, Linda Hardyman manager, and Grounds Services providing the labor and participating in the selection of the wrought-iron fencing and low growing bushes desirable for the area.
<b>4e. Student participation and/or student benefit</b>  Students would hopefully come to appreciate the program's effort to improve the look of the highly trafficked area.
<b>4f. Future Operating and/or Maintenance Requirements</b>  Should add very little in future costs since Recycling workers and Grounds Services currently maintain the area.  Next steps to enhancing the area includes addition of surveillance cameras.
<b>4g. Additional Comments or Information Pertinent to the Proposed Project</b>  Thanks for considering the request.

## 5. Project Performance Information

Provide information if applicable.

- a. Provide information on estimated annual energy savings stated in units such as kW, kWh, Btu, gallons, etc.
- b. Provide information on estimated annual energy cost savings in monetary terms.
- c. Provide information on any annual operating or other cost savings in monetary terms. Be specific.
- d. Provide information about any matching or supplementary funding opportunities that are available. Identify all sources and explain.

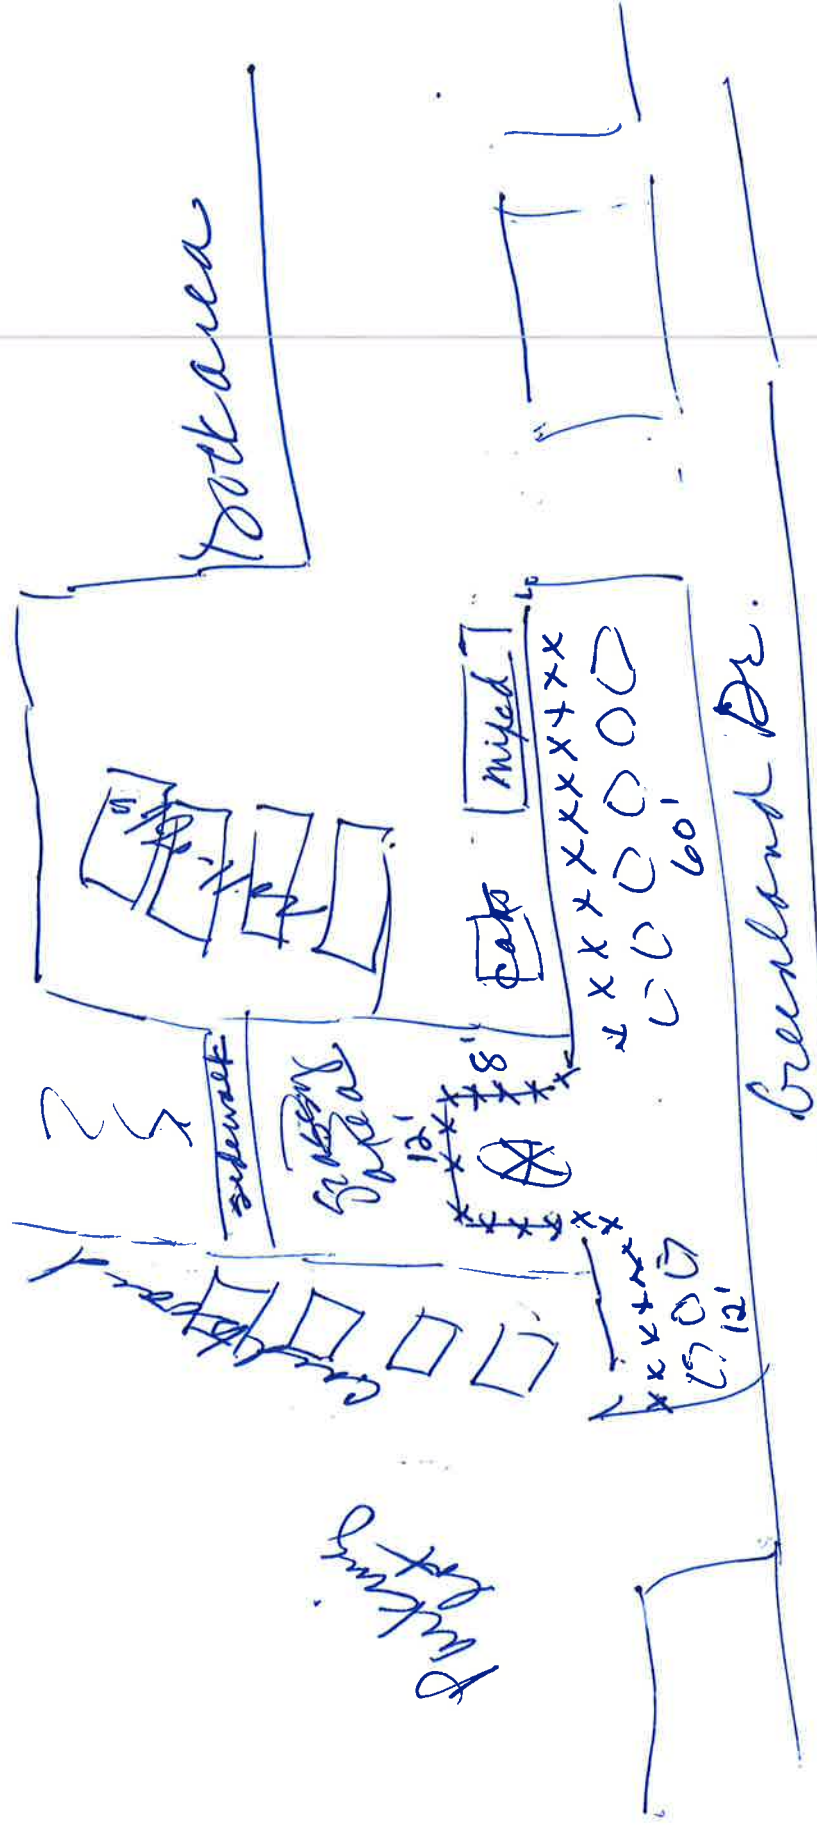

5a. Estimated Annual Energy Savings (Estimated in kW, kWh, Btu, etc.) N/A

5b. Annual Energy COST Savings (\$) N/A

5c. Annual Operating or Other Cost Savings. Specify. (\$) N/A

5d. Matching or Supplementary Funding (Identify and Explain)

None at this time.

x = fence  
 O = bushes  
 ⊗ = tree
