2. Project Categories (Select One)	
Select the category that best describes the project.	
<input type="checkbox"/> Energy Conservation/Efficiency	<input checked="" type="checkbox"/> Sustainable Design
<input type="checkbox"/> Alternative Fuels	<input type="checkbox"/> Other
<input type="checkbox"/> Renewable Energy	

3. Project Information
<p>a. Please provide a brief descriptive title for the project.</p> <p>b. The project cost estimate is the expected cost of the project to be considered by the committee for approval, which may differ from the total project cost in the case of matching funding opportunities. Any funding request is a 'not-to-exceed' amount. Any proposed expenditure above the requested amount will require a resubmission.</p> <p>c. List the source of project cost estimates.</p> <p>d. Provide a brief explanation in response to question regarding previous funding.</p>
3a. Project Title Installation of hydration station next to CSIL Office SUB 330
3b. Project Cost Estimate \$3100 (\$1,550 per unit + \$1,550 for installation)
3c. Source of Estimate Linda Hardymon, Center for Energy Efficiency, MTSU
3d. If previous funding from this source was awarded, explain how this request differs?

4. Project Description

(Completed in as much detail as possible.)

- a. The scope of the work to be accomplished is a detailed description of project activities.
- b. The benefit statement describes the advantages of the project as relates to the selected project category.
- c. The location of the project includes the name of the building, department, and/or specific location of where the project will be conducted on campus.
- d. List any departments you anticipate to be involved. Were any departments consulted in preparation of this request? Who? A listing may be attached to this form when submitted.
- e. Provide specific information on anticipated student involvement or benefit.
- f. Provide information for anticipated future operating and/or maintenance requirements occurring as a result of the proposed project.
- g. Provide any additional comments or information that may be pertinent to approval of the project funding request.

4a. Scope: Work to be accomplished

Installation of a bi-level hydration station in a high traffic area of the SUB. The hydration station will need to be installed where the existing water fountains are located in the restroom area of the 3rd floor of the SUB. This will likely also require plumbing work.

4b. Scope: Benefit Statement

Installation of the hydration station will allow easier, faster, and environmentally friendlier access to water on the 3rd floor of the SUB. New renovations to the CSIL office, the opening of the IDA Center, and the Motherhood room will provide a need for the station as these improvements will cause even more traffic on the 3rd floor. This location is centrally located between all 3 of the aforementioned areas. The following populations will benefit from the installation of the hydration station:

-Current students utilizing the CSIL office, the IDA Center, the SPARE office, the new Motherhood room, the SGA office, and the study spaces on the 3rd floor.

4. Project Description (continued)
<p>4c. Location of Project (Building, etc.) The location of this project is in the Student Union Building restroom area on the 3rd floor. This will replace one set of the existing water fountains (4 standard fountains currently located in the area). This project will benefit the countless visitors to the aforementioned offices and study areas.</p>
<p>4d. Participants and Roles The project will benefit all the stakeholders listed in 4b & 4c. This has been discussed with and approved by Dr. Dan Kelley, Assistant Vice President for Student Affairs.</p> <p>The equipment would be purchased and installed by Facilities Services staff.</p>
<p>4e. Student participation and/or student benefit -Current students utilizing the Student Union and the aforementioned offices. -Countless visitors to the Student Union Building.</p>
<p>4f. Future Operating and/or Maintenance Requirements Water filter replacements.</p>
<p>4g. Additional Comments or Information Pertinent to the Proposed Project This would be a fantastic addition to a rapidly growing area of the Student Union that currently does not have relative access to a water filling station.</p>

5. Project Performance Information

Provide information if applicable.

- a. Provide information on estimated annual energy savings stated in units such as kW, kWh, Btu, gallons, etc.
- b. Provide information on estimated annual energy cost savings in monetary terms.
- c. Provide information on any annual operating or other cost savings in monetary terms. Be specific.
- d. Provide information about any matching or supplementary funding opportunities that are available. Identify all sources and explain.
