Rapporteur at the Media Dialogue “Media and Social Responsibility,” organized by the NAMEDIA (Non-Aligned Media) Foundation and the Friedrich Ebert Foundation, Germany, in collaboration with the University of Hyderabad, August, 1994.

TEACHING

Courses Taught

Middle Tennessee State University

Graduate Courses

MC 6400: Communication and Technology

Interrogates the political, social, and historical configurations and trajectories of communication with some important theoretical writings on technology followed by a socially grounded approach.

MC 6430: Global Communication and Culture

Themes include significant developments in culture, communications, and media, vis-à-vis the processes of globalization. Course participants shall study how global media flows and new media are reshaping some of our fundamental ideas of communication and culture.

Undergraduate Courses

VCOM 2010: Introduction to Visual Communication

Introduction to the conceptual and practical dimensions of visual communication, concentrating on basic visual elements – typography, illustration and form to communicate the message and how it can be delivered in an appropriate way with a defined audience.

VCOM 3810: History of Visual Communication

A historical survey of visual communication through various creative and critical dialogues between principles and practices, movements and paradigms, art, science,

and technology relating specifically to journalism and visual media forms from the printed to the digital.

Jour. 4800: Journalism, New Media, and Visual Design

The course shall explore and examine the role of new media and technological convergence in re-shaping the principles and practices of journalism; particularly in content creation and distribution.

University of Minnesota

Global Studies 3101: Theoretical Approaches to Global Studies

A survey of various theories of globalization through an engagement with different perspectives; implications on “Global Studies” as a field of enquiry.

Jour. 3745: Mass Media & Popular Culture

Historical and theoretical approaches to the study of media and popular culture in western and non-western contexts.

Global Studies 3981: Major Project Seminar

An introduction to research methods; textual and discourse analysis, ethnographic interviews, survey and participant observation.

Jour. 4801: Global Communications

History, growth, and development of international and global communication; focus on comparative media systems, intercultural communication, world news flows, globalization and media.

University of Hyderabad

Introduction to Communication Theories

Origins, growth and history of communication theories.

Communication Research Methods

Overview of methodological paradigms from quantitative and qualitative traditions; Students conceptualize and develop minor research designs/projects.

International Communication

History of international communication; Comparative media systems, intercultural communication, world news flows, globalization and media, media impact on social development.

Writing for Radio & Television

Introduction to the creative writing process in the mass media; Students develop concepts and ideas through various writing projects.

Graduate Committees
