MBA with a Strategic Marketing Analytics Concentration, May 2027

Why MTSU?

Being from Murfreesboro, MTSU has always felt like home to me. I'm definitely a homebody, so when it came time to choose a college, I wanted somewhere that would allow me to grow and experience new opportunities without losing that sense of home and family. MTSU gave me exactly that. I've been able to stay close to the people and community that mean the most to me while building new relationships, learning, and preparing for my future. I wanted a university where I could feel supported, connected, and like I truly belonged and MTSU has given me that family feel. For me, choosing MTSU wasn't just about staying close to home. It was about choosing a place that already felt like home.

How did/is your program helping you prepare for your career/industry?

My program at MTSU is helping me prepare for my career by giving me more than just knowledge from a textbook. Through hands-on projects, real-world examples, group work, and opportunities to connect what I'm learning in class to actual business situations, I'm gaining skills that I know I'll use beyond graduation. It has also helped me grow in areas like communication, problem-solving, teamwork, and thinking strategically. I feel like I'm not only learning about my industry, but also becoming more confident and prepared to take what I've learned and apply it to my career.
