**Injectable Medication Delivery, Acceptance, and Storage at MTSU Health Services**

MTSU Health Services accepts injectable medications from outside pharmacies through the mail with certain requirements to ensure that the safety and stability of the medication have not been compromised.

Instructions for mailing injectable medications to MTSU Health Services:

Pharmacies may mail injectable medications to the following address:

Students' name
ATTENTION: MTSU Health Services
1848 Blue Raider Drive
Murfreesboro, TN 37132

Medications may also be hand delivered to MTSU Health Services by the student, either at the student's appointment time, or at a time agreed upon by the student and the MTSU Health Services Allergy and Immunization Clinic staff. **Please call the clinic to make appropriate arrangements for medication delivery.**

It is not acceptable to leave medications at the front desk.

ALL medication delivered to MTSU Health Services by outside pharmacies and students must be in the original box with pharmacy instruction label present and intact. Expired medications will not be accepted.

Medications will be inspected, inventoried, documented as received, and secured in a locked refrigerator once accepted.

It is the responsibility of the sending pharmacy or student to ensure that the correct temperature range is maintained during transport.

MTSU Health Services accepts medication packages Monday – Friday, from 8:30 am - 11:45 am and 1:00 pm - 3:30 pm. Please plan accordingly.

MTSU Health Services is not responsible for medications lost or damaged during transport, nor the quality/efficacy of the medication received.

MTSU Health Services does not mail medication. Students must pick up medications needed during university breaks and after graduation.

Medications accepted and stored at MTSU Health Services will be discarded upon expiration.
