Leisure and Sport Management Program
Department of Health and Human Performance
Middle Tennessee State University
Introduction

The internship is the culminating learning experience of the Bachelor of Science in Leisure and Sport Management. Your internship experience is designed to provide you with a wide range of practical experiences and the opportunity to apply the knowledge you have gained in your courses. In short, the internship is a bridge that leads you from the classroom to the professional world.

Objectives

The internship has been designed to:

A. Provide the student with an opportunity for experiential learning;
B. Provide the student the opportunity to integrate theory and practice;
C. Provide the student an opportunity to broaden his/her understanding of the leisure and sport management profession;
D. Enable the student to realize his/her own strengths and limitations;
E. Provide the student an opportunity to gain experience in frontline service in a leisure, recreation, tourism, or sport management organization;
F. Help the student gain an understanding and appreciation of the role, duties, and responsibilities of a full-time leisure services professional;
G. Provide the student with experiences to improve his/her written and oral communication skills;
H. Serve as an initial step in the student’s career development.
Definitions

Agency refers to one of a variety of organizations or institutions that offer programs that provide recreation, leisure, tourism, and/or sport services or facilities. Within the context of the internship experience agency refers to the organization at which the student (intern) will carry out the duties of the internship.

Agency (site supervisor) Individual in the agency who is responsible for directing and supervising the student’s internship experience.

Faculty Supervisor faculty member supervising the internship. This individual will meet with both the intern and the agency supervisor during the course of the internship and is responsible for assigning the final grade for the course.

Intern the student enrolled in LSTS 4900/01/02/03.

Prerequisites & Eligibility Requirements

The internship is intended to be the culminating experience in the LSM curriculum. As such, it should be one of the last courses completed, undertaken only after all other courses (general education and major) have been successfully completed. Students wishing to enroll in the internship must submit a written request to the LSTS faculty if they do not meet the following conditions:

- A cumulative GPA of at least 2.25 (4.0 scale).
- Satisfactorily completed LSTS 3010, LSTS 3530, LSTS 3540, LSTS 4540, and LSTS 4890.
- Obtain permission of the Faculty to enroll.
Internship Requirements

- The Internship is expected to be the culminating learning experience of the student. With very few exceptions students are expected to have completed ALL coursework including LSTS 4890 before enrolling in the internship.

- The faculty supervisor must approve the internship agency and receive the signed internship agreement prior to permitting the student to enroll in the internship course.

- Students must be covered by a liability insurance policy through their internship agency. Most often, interns are covered by the general liability policy of their host agency. In instances where the intern is not covered by the agency’s policy, she/he/they must obtain their own professional liability insurance, which covers the duration of their internship experience. The final page in this manual lists potential sources for obtaining insurance, and coverage must be $3,000,000 aggregate/1,000,000 per incident. It is the intern’s responsibility to establish how they will be covered with regards to liability, i.e., please reach out to the agency supervisor to confirm this.

- The minimum length of time of the internship is 12 consecutive weeks and 480 hours.

- The intern is expected to be a full-time member of the staff. (“Full-time” is defined as averaging a 40-hour work week.).

- Under no circumstances may students accrue internship hours when not enrolled in LSTS 4901/02/03. Students may not retroactively count hours worked prior to the commencement of the semester and the start of the internship course. Students are free to work for an agency outside of the internship context, but those hours cannot count towards the completion of the internship course.

Insurance and Background Checks

A. Professional Liability Insurance
Many internship agencies will include student interns under their general liability insurance policy. Even so, it is the student’s responsibility to ensure that the agency will cover the student, and if it does not, it is the student’s responsibility to obtain their own insurance coverage. Students in need of personal liability coverage are expected to secure a policy to cover the duration of the internship experience. Expected coverage is $1,000,000.00 per incident and $3,000,000.00 in the aggregate. Proof of liability insurance is to be shared with the internship agency supervisor. Additionally, it is wise to provide a copy of the proof of insurance coverage to the university supervisor to maintain with the student file.

Listed below are potential website resources for liability insurance. These resources are provided to assist the student in the process of attaining liability insurance and are in no way affiliated with the university. A student may also wish to consult with other avenues to attain professional liability insurance, such as family and/or individual plans.

Resources:

- National Recreation and Parks Association;
  www.nrpainsurance.com

- Maginnis & Associates
  www.proliability.com

These sites may have provisions for persons to complete insurance application processes on-line. The prices for insurance coverage may vary, and it is recommended that each student research the situation to make his/her best decision.

B. Background Checks

Criminal background checks may be a requirement at some sites for training. Based on the results of these checks, an affiliated site may determine to not allow your presence at their facility. This could result in your inability to successfully complete the requirements of this program. Additionally, a criminal background may preclude certification or employment. More information is available from your program director.
