NOTES REGARDING EPAFS:

- ✓ Electronic contracts are sent to employees via email with a link. They must click on the box to accept the terms and conditions before signing.

- ✓ New employees who do not have credentials will have to wait 24 – 48 hours before signing their contracts electronically. The ability to click the link and sign their contract depends on their MTSU email being set up and active.   It takes at least 24 hours before ITD can run activate a MTSU email.

- ✓ Only Graduate Assistant and Adjunct EPAFs has begin and end dates for contacts. To end an assignment, you must create a separate terminating EPAF after you have received the email stating "Your EPAF is now completed" for the hire EPAF.

- ✓ Adjunct EPAFs will be either teaching or non-teaching. You must know which EPAF type to use.

- ✓ If you are the originator of an EPAF, you cannot be the department head approver.

NOTES REGARDING EPAFS:

► For Temp Hourly and Graduate Assistant employment, the individual must agree to the terms and conditions of the contract.

► Temp Hourly and Graduate Assistant EPAFs will create an actual electronic contract that the employee must sign. However, a hiring verification workflow **MUST** be created first or the electronic contract will not process.

► Once the EPAF has been successfully submitted, the individual will be sent a link to electronically sign the contract.

► HR will verify that the contract has been electronically signed and kick off the EPAF for approvals.

► After the EPAF has been approved, it will be applied by HR and the job record will be created.

► Temp Hourly assignments are not required to have end dates, but GA assignments will automatically default begin and end dates on the EPAF.

NOTES REGARDING EPAFS:

Additional information about EPAFs:

▶ If an EPAF was initiated, but not submitted, the EPAF transaction will remain in the **"waiting"** status. Only "waiting" items can be deleted. Go to EPAF Originator Summary and select the transaction you wish to delete and click the delete button.

▶ An approver can return an EPAF to the originator for corrections before approving.

EPAF TROUBLESHOOTING:

- ✓ Have you done the Hiring Verification in Workflow?

  - ➤ If not, you have to do so before creating an EPAF to ensure all employment paperwork is up to date or received by HR. The EPAF will not process if this paperwork has not been submitted.

- ✓ Is the type of EPAF you selected correct?

  - ➤ The type of EPAF you select is critical for payroll processing. Also, EPAF's contract type defaults to "secondary", if this person does not have another job change to "primary".

- ✓ Has your EPAF been approved?

  - ➤ A e-mail is sent to the approver when an EPAF is pending approval. Please approve ASAP.   The employee's pay depends on it!
