

NEW STUDENT INFORMATION PACKET: TEXTILES, MERCHANDISING, AND DESIGN

Thank you for your interest in the Textiles, Merchandising, and Design (TXMD) Program at Middle Tennessee State University. The program is accredited by the Southern Association of Colleges and the Tennessee Higher Education Commission and affiliated with the International Textiles and Apparel Association.

We offer a four-year Bachelor of Science Degree in Textiles, Merchandising, and Design consisting 120 credit hours. As with most textiles, merchandising, and design programs nationwide, **courses must be taken in a strict sequence**. All students must apply and be accepted into the TXMD program in order to take the TXMD *Professional Course Sequence*. Application to the program occurs each semester with due dates of October 1st for fall applications and March 1st for spring applications. Applications are typically submitted in the spring semester of the freshman year. Students interested in majoring in the TXMD program should declare a TXMD major or minor with a concentration in either Apparel Design or Fashion Merchandising prior to applying to the program.

Entrance requirements into the TXMD *Professional Course Sequence* include the completion of 30 credit hours of General Studies and Professional Support courses with a cumulative GPA of 2.50 or higher.

TXMD Pre-Admissions Required Courses

- ENGL 1010 Expository Writing
- ENGL 1020 Research & Argumentative Writing
- ART 1030 Orientation to Art
- MATH – 3 credits
- Natural Science – 8 credits (two courses must be with **different prefixes**)
- TXMD 1110 Basic Design
- TXMD 1170 Introduction to the Fashion Industry
- HSC 1010 Career Orientation
- Other – 3 credits in other general education, professional support, minor, or open enrollment TXMD courses

Once a student is accepted into the TXMD Professional Course Sequence, it will take approximately two to three years of full time study to complete the Bachelor of Science degree in TXMD. You must earn a grade of “C” (2.00) or better in all TXMD courses and maintain a cumulative weighted GPA of 2.50 or higher to continue in the TXMD courses.

TXMD students are assigned a College of Behavioral & Health Sciences academic advisor based on their area of study and the beginning letter of each student’s last name. The academic advisors assist students with course scheduling, registration, major and minor selections to help them toward graduation. It is recommended that you schedule an appointment with your college advisor each semester in order to stay on track with the degree requirements of the TXMD program.

In addition, students are also assigned a faculty advisor for career planning and other educational options. Keep in mind, many faculty members are not on campus during June and July. Thus, it may be more difficult for you to meet with your major advisor during the summer.

Admission and Progression in the Textiles, Merchandising, and Design Professional Course Sequence

1. An application form must be submitted to the TXMD program during the semester prior to beginning the *Professional Course Sequence*. **Applications are accepted September 15-October 1 for spring acceptance and February 15-March 1 for fall acceptance.**
2. Transcript validation of all prerequisite courses must be on file in the MTSU Records Office
3. A ***cumulative weighted undergraduate college grade point average of 2.50*** is required for eligibility in the TXMD program
4. Applicants must have no grade less than a C in any Pre-Admissions Required Courses before entering the TXMD *Professional Course Sequence*
5. College grade point average and ACT/SAT scores will be used to rank candidates for progression to the *Professional Course Sequence*
6. Students must attain a minimum grade of C (2.00) in all TXMD courses
7. Students ***may repeat a TXMD course only once*** to earn a minimum grade of C (2.00). This includes TXMD 1110 and TXMD 1170.
8. Students may repeat a maximum of 2 TXMD courses
9. ***Failure of more than 2 TXMD courses will result in dismissal from the program.*** A failing grade is defined as receiving a grade of less than C (2.00)
10. If a student receives a D or F in a TXMD course at MTSU, he/she must repeat that course at MTSU
11. Students will be dismissed from the TXMD program if they:
 - a. Commit a breach of ethics or gross professional negligence
 - b. Fail to progress due to unsuccessful attainment of requirements. Students who fail to progress will be readmitted on a space-available basis. Only one readmission for failure to progress will be allowed.
 - c. For transfer students who are admitted into the TXMD program, a grade of D or F from another school counts as the first “failing” attempt. The next incidence of D or F, in TXMD Pre-Admissions Required Courses or in any other TXMD courses, counts as the second incident, thus resulting in dismissal from the program (See item 7 above).
12. Readmission to the program, for any returning TXMD major who left the university in good standing, will be granted on a space available basis.
