

Welcome to Monohan Hall

Fall 2026

Monohan is proud to host the Living Learning Communities: Music at Middle and World of Art— both designed to enrich your residential and educational experience at MTSU.

Our staff believes that student involvement is essential to success—physically, mentally, and academically. That’s why we’re committed to offering programs and events to connect, engage, and grow —both in the hall and across campus. Many of our programs are designed to support your personal development and help you thrive as a student and campus leader.

Our goal is to support your growth—whether it’s in the classroom, within your hall community, or throughout the wider MTSU campus.

We encourage you to participate in the exciting programs led by our Resident Assistants, as well as student-driven initiatives through the Residence Hall Council.

Here’s to a fantastic year ahead—get involved, stay curious, and make the most of your time at MTSU!
