STUDENT REQUESTS

At MTSU we utilize a room lottery process. With this process, students who apply for the academic year and complete the application process before the room lottery deadline <u>or</u> we are fully occupied (whichever occurs first) have the opportunity to select their own on-campus room based upon available space. **Students with roommate requests are strongly encouraged to coordinate completed applications early** so that both students are eligible to assign at the same time and while rooms with two vacancies are available. If students do not complete the application process before the room lottery deadline, we will not be able to honor roommate requests. This is because by the time the room lottery process closes and Housing staff begins making the assignments, there will only be a few available spaces scattered across campus and typically there are no totally empty rooms to honor roommate requests.

Students applying for the academic year who do not complete the application process before the room lottery deadline, who are on our Waiting List, and/or who are applying for Spring Only will be assigned by housing staff.
