# Patron Commitment Form

As a friend, supporter, and ally we need your help to continue our efforts to provide a forum for open and honest dialogue on issues that not only impact the LGBT+ community, but are essential to fostering the policies and practices that make enterprises and communities more inviting and inclusive.

By becoming a Patron of the 2020 LGBT+ College Conference, you take an important role in the continued presentation of this ground breaking event, now in its sixth year. Your patron support will help us present a high quality and high impact event to student leaders from more than thirty colleges and universities in the region, along with invited local and national leaders.

Your support will be acknowledged in the event program of the Conference Awards Dinner and we invite you to be our guest at all conference programming.
