

Undergraduate Audition Requirements Brass Area

Prospective students will submit required audition materials in an Unlisted YouTube Video link. The video should be framed so that we can see your embouchure and your fingering. Piano accompaniment is not required.

Please record the following:

1. Prepared pieces:
 - Two (2) contrasting solo movements or etudes (lyrical/technical) that demonstrate your musical and technical abilities. Total duration approximately 5-7 minutes.
2. Scales:
 - Chromatic scale that showcases your entire range.
 - Three (3) major scales selected from one (1) of the following groups:
 - Group A) C Major + A-flat Major + D Major
 - Group B) F Major + D Major + E Major
 - Group C) B-flat Major + A Major + D-flat Major

Tempo: to be played as quarter notes, no slower than 92 beats per minute.
Steadiness and accuracy are the most important elements.

3. The brass faculty member of your instrument will contact you to set up a time to “meet” via Zoom. This is a good time to ask any questions you may have about MTSU.

For questions or more information, contact us!
