## Undergraduate Audition Requirements Organ

The audition will include the following:

1. Two prepared pieces. Both pieces should last no longer than 10 minutes and memorization is not required. At least one of the pieces should be played with pedals. The works should include:
  - One pre-Classical period work, preferably by J. S. Bach
  - One work from either the Romantic or Contemporary periods
2. Sight-reading an excerpt from the organ literature

All auditioning students will receive one half-hour in the WMB Music Hall (Cassavant 23-rank, 2-manual tracker with no combination action). Please contact Angela Tipps at [angela.tipps@mtsu.edu](mailto:angela.tipps@mtsu.edu) to schedule practice time. Auditioning students may ask the person of their choice to turn pages if necessary. Please advise the instructor to secure an MTSU student to turn pages. Contact faculty directly to arrange a conference or less, provided free of charge during audition weekends. If you have further questions about selecting repertoire or about the audition process, please contact Prof. Angela Tipps at [angela.tipps@mtsu.edu](mailto:angela.tipps@mtsu.edu) or 615-904-8354.
