IV. NURSING STUDENT HONOR CODE

KNOWLEDGE, INTEGRITY, COMPASSION and SKILL

The School of Nursing (SON) at Middle Tennessee State University (MTSU) values a strong sense of integrity and ethics among students and faculty alike and strives to facilitate the development of such behaviors through the use of the Nursing Student Honor Code. Students in the SON are held, not only to the standards outlined in the MTSU student handbook, but to the guidelines provided below.

Statement of Nursing Student Honor Code

Student conduct in the MTSU SON is expected to demonstrate ethical behaviors that reflect a strong sense of integrity in personal, academic, and professional conduct. The student is guided by the calves of truth, justice, and respect for human dignity, as well as professional standards, in the practice of ethical and safe behaviors toward self, fellow students, faculty, staff, and patients when operating in any student capacity on or off University property.

The MTSU SON administration and faculty support the development of behaviors demonstrating integrity and ethics in all student arenas. The Honor Code is explained upon admission to the SON. As students progress through the curriculum, it is the obligation of all students to adhere to the higher ethical, personal, academic, and professional behaviors as outlined in the Honor Code. Each student is required to abide by all components of the Honor Code, including consequences for any violations. All students are ethically responsible for reporting any known or suspected violation of this Honor Code.

Nursing Student Honor Pledge

As a student of the Middle Tennessee State University School of Nursing, I do hereby truthfully pledge not to engage in any acts of academic or professional misconduct during my nursing education. I have read and been given the opportunity to ask questions about the Nursing Student Honor Code System presented in the School of Nursing Student Handbook. I understand the content contained therein, including the disciplinary processes as referenced in the MTSU student Handbook, Resources and Rules. As an expectation of my admission to the progression through the nursing program, I will abide
by the Nursing Student Honor Code at all times. I understand that any acts of academic or professional misconduct violate the honor code and may result in sanctions as severe as dismissal from the nursing program.

V. CODE OF CONDUCT

Academic and Professional Conduct

Students enrolled in the nursing program at MTSU will be held accountable for the provisions as stated by the Student Code of Conduct. As with the Nursing Student Honor Code, the Student Code of Conduct is based upon and demands the values of truth, integrity, and ethical behavior within academic and professional settings. Grade Appeals

Any undergraduate student grievance concerning grades, should be pursued according to process outlined in the MTSU Student Appeal of Grades Procedure.

Communication Avenues

The SON faculty and the Director are available to students through many methods. Faculty have posted office hours on their doors. The director of the program has adopted several communication venues for students, as follows:
1. Student Advisory Board to the Director—A luncheon is held every semester, and student leaders (class representatives, SNA officers and committee chairs, and students holding leadership positions are present) represent the issues and concerns of the student body.

2. The Director’s open office hours are held on at least two days each week. These hours are posted outside Nursing Office, CKNB 221. Or, communicate with Administrative Assistant to set up appointment.

VI. MTSU Partners in Education (PIE) Information

The faculty and staff of MTSU SON are committed to excellence in nursing education and believe that collaboration is a key to success in nursing. If a student desires to bring a family member or advocate to a meeting with SON faculty or staff, the student must notify the faculty or staff member at the time the meeting is requested to ensure all appropriate PIE documentation is completed prior to the meeting. Faculty and staff will not meet with students and PIE partners without prior notification.

The PIE Program helps address the needs of the students by creating such a partnership, fostering communication between students, their families and the university. Through the Partners in Education program, PIE partners can request academic information and suggestions to help them provide effective support for their students.

Information about this program can be found at: http://mtsu.edu/one-stop/docs/PIE-Student-Authorization-Release.pdf

VII. Advising Guidelines.

a. Students should look on their Pipeline account under Assigned Advisor to ascertain the name and contact information (phone# and/or email address) for the student’s assigned nursing academic advisor and faculty mentor.

b. In order to meet with a faculty mentor, students should make appointments well in advance, as nursing faculty are frequently off campus (i.e., for clinical experiences with upper-division nursing students).

c. Students should allow 3-5 working days for the faculty to respond.

d. Make contact early in the semester to schedule an appointment with your academic advisor—do not wait until the last minute (priority registration time) to try and make an appointment to see your academic advisor. Go to the MTSU SON website to schedule an appointment with your academic advisor.

e. The academic advisor’s office is located in Suite 201 in the School of Nursing building.

f. Students should meet with their academic advisor each semester to review their progress.
g. The upper-division form is a degree plan outlining courses required for graduation for major and minor areas of study. This form should be completed prior to the end of the second semester of nursing courses. Upon academic advisor approval, the form should be submitted to the Graduation Coordinator. Upper-division forms will be given out by the academic advisor in one of the 2nd semester classes and turned back in that same class. If the student is seeking an optional minor, discuss the procedure with the advisor during the class.

STUDENTS MUST SEE THEIR ACADEMIC ADVISOR IN THE SECOND SEMESTER OF UPPER-DIVISION NURSING TO DETERMINE ANY DEFICIENCIES BEFORE SUBMITTING THE UPPER-DIVISION AND INTENT TO GRADUATE FORMS.

VIII. Grading Scale.

The School of Nursing uses a common grading scale as follows:

- A=90-100
- B=80-89
- C=70-79
- D=60-69
- F=Below 59

No extra credit will be awarded within any nursing course. Final grades will be rounded according to conventional mathematical rules. Students must attain a minimum grade of “B” (3.00) in all nursing courses (MTSU Undergraduate Catalog).

Standardized exams will be administered throughout the program to assist in licensure preparation and facilitate student success in the program.

IX. Repeating a Course (2-C Policy)

If a student does not successfully complete a nursing course with a “B” (3.00) or better, the student may repeat the course **one (1) time only**. Even if a course is repeated with a higher grade earned, the failure is documented as part of the 2-C policy.

If a student is unsuccessful in a second course or on the second attempt at the same course, the student will be dismissed from the program according to the 2-C policy.

A student who is not successful in two or more courses in a single semester will be dismissed from the program.

Students must be registered for courses prior to obtaining scholarships.

There are several scholarships available to nursing students. Information about the criteria for these awards can be found outside the Advising Office (Room 201) in the literature container and on the SON website.
