## How is transfer orientation structured?

Transfer student needs vary based on previous college experience. Some of you are well equipped to understand how to be a successful student in a college environment. Some of you may have had a much different experience at your previous institution and want a more in-depth orientation to MTSU. There are two options for transfer students.

All transfer students are **REQUIRED** to complete Pre-Orientation Online, our online informational modules that acquaint you with the resources on campus and the knowledge to prepare you to be successful at MTSU.

### 1. On-campus orientation experience

You can choose to come to campus for a more in-depth orientation by selecting the May 29, June 23, or July 28 transfer orientation session. You will spend one day with our students and campus administration learning your way around campus and meeting other students. You will have an advising appointment and course registration that day.

### 2. Virtual advising and registration only

You can choose to participate only in virtual advising and not an on-campus orientation experience. By choosing any of the other transfer dates, you will be participating in only virtual advising and registration on that date. Those dates are April 28, May 15, June 8, July 15, and Aug. 4.
