WHAT IS FERPA AND TO WHOM DOES IT APPLY?

• Federal law enacted in 1974 called “Family Educational Rights and Privacy Act”

• Purpose is to protect the privacy rights of student educational records and to ensure the accuracy of those records

• Applies to currently enrolled or formerly enrolled students (regardless of age or parental dependency status)

• Applies to all institutions that receive Department of Education funds
WHAT RIGHTS DOES FERPA AFFORD STUDENTS?

• Right to inspect and review the record (all parts with two exceptions)

• Right to request an amendment to the record that the student believes is inaccurate or misleading or violation of his/her privacy rights (recording error not substantive decision) and to request a hearing if request to amend is not granted

• Right to consent to disclosure of personally identifiable information
WHAT RIGHTS DOES FERPA AFFORD STUDENTS?

• Right to know what institution has designated as public/directory information and the right to request suppression of public/directory information

• Right to know that school officials may access records and the criteria for determining that a school official has a legitimate need to know the information

• Right to file a complaint with the Family Policy Compliance Office in the U.S. Dept. of Education
IS IT AN EDUCATION RECORD?

• Most records from which a student can be personally identified and which are maintained by the institution regardless of its form (e.g., handwritten, print, database, disk, email, files, graded materials, class lists, individual student class schedules, financial aid records)
WHAT IS NOT AN EDUCATION RECORD

• Information that is not recorded anywhere – only exists in your brain
• “Sole possession” records – only possessed by maker for use as a memory aid
• Law enforcement records – MTSU police reports naming students
• Employment records – employees who are also students
• Alumni records – records created after student is no longer in attendance

• Must allow students opportunity to limit release of directory information

  • In RaiderNet, on the Class List Summary and Class List with Student Detail links, a student who has requested non-disclosure will have “Confidential” after their name.
  • If you receive an inquiry about a student who has requested non-disclosure, your response is “There is no information available about this person.”
  • If student has not requested non-disclosure, we may release directory information.
WHO CAN VIEW NON-DIRECTORY INFORMATION?

• Curiosity does not equal legitimate need to know.
WHAT IF YOU INADVERTENTLY RELEASE PRIVATE DATA?

• Notify your supervisor, Registrar and University Counsel
• If possible, remove the material from public view
COMMUNICATING WITH STUDENTS

• E-mail should only be sent from a MTSU e-mail account to a MTSU e-mail account or within D2L.

• A student’s e-mail address can be found on GOAEMAL in Banner, on the Class Email List in RaiderNet, or in the online directory.

• All e-mails are considered education records and subject to FERPA regulations.

• Grades can be sent to and from institutional e-mail accounts, including D2L, to individual students.
COMMUNICATING WITH STUDENTS

• You can use Twitter, Facebook, and other social media to communicate. However, be sure that you are not disclosing PII or any part of a student’s education record.
