Middle Tennessee State University Community Values

Middle Tennessee State University (“MTSU” or “the University”) is committed to developing and nurturing a community devoted to learning, growth and service. Each person who joins or affiliates with the community does so freely and accepts and practices the following core values and expectations:

**Honesty and Integrity.** The notions of personal and academic honesty and integrity are central to the existence of the MTSU community. All members of the community will strive to achieve and maintain the highest standards of academic achievement in the classroom and personal and social responsibility on- and off-campus.

**Respect for Diversity.** The MTSU community is composed of individuals representing different races, ethnicities, sexual orientations, cultures, and ways of thinking. We respect individual differences and unique perspectives and acknowledge our commonalities.

**Engagement in the Community.** All members of the community are encouraged to participate in educationally purposeful activities that support and enhance the MTSU experience. Active involvement and personal investment in the classroom and throughout the community are hallmarks of an engaged citizen.

The MTEC Community at a Glance

The Middle Tennessee Education Center (“MTEC”) is a partnership between Bedford County, MTSU, and Motlow State Community College (“MSCC”). The purpose of the education center is to provide additional higher education opportunities to those who live in the southern part of Middle Tennessee. MTEC has on-site classrooms as well as administrative and advising offices, for both institutions, that offer assistance to students looking to earn a higher education.

**The total number of students enrolled:** Currently, there are no MTSU undergraduate students enrolled at MTEC.

**The total number of students residing on campus:** MTEC does not maintain student housing facilities.

**The total number of employees working on campus:** MTSU currently assigns one (1) non-student employee to MTEC; MSCC likewise assigns one (1) non-student employee to MTEC. MTEC also has access to faculty members (full-time and adjunct) who are considered among the best in their respective areas. Some teach classes on site at MTEC; others, by videoconference.

*For additional information about MTSU, see the [MTSU Fact Book](#). The MTSU Fact Book, published annually during the fall semester, is used to provide comprehensive information and easy access to the most frequently requested information about the University.*
Message from the Chief of Police

Dear MTEC Community,

With safety at the forefront of our University’s vision of academic excellence and achievement, I am pleased to introduce MTSU’s Annual Security Report to you. While the Annual Security Report is a portion of the Jeanne Clery Act compliance strategy and required by federal law, there are other reasons for MTSU to publish this volume and for you to read it.

In a conversation several years ago with a U.S. Department of Education (“ED”) representative, I discovered that even ED acknowledged that college campuses were statistically one of the safest places to be in the nation. Why, then, should anyone entertain the notion that the Annual Security Report is important enough to read? Because men and women on campuses nationwide continue to be victims of sexual assaults, accidents and injuries, and opportunistic crime. Though the numbers of criminal incidents reported to University Police are statistically low in many categories, the impact of victimization is profound. Reducing the numbers of crimes that occur and minimizing the negative impact of criminal incidents should be everyone’s business; we strive every day to look for ways to strengthen our partnerships with community members and visitors to the University as we engage in crime reduction activities.

With that in mind, we present this publication with the hope that material contained herein will be useful and informative. If you will read this publication, you will find proven methods to reduce the occurrence of campus crimes; you will find processes and resources to help yourself and others in a variety of situations; you will discover what to do if you are the victim of a serious or non-serious crime; and, quite possibly, you will understand how to better protect yourself and to create safer strategies to avoid being victimized before crime occurs.

We suggest you look at the University’s policies and crime data found in this publication and to evaluate what you find. We understand that safety is everybody’s business and that police cannot do a proper job of crime reduction alone. We need your input, your efforts, and your engagement as we endeavor to continue pursuing and maintaining a healthy and safe campus at MTEC.

If you are committed to making the MTEC community as safe as possible, we salute your efforts in living safer lives and pledge our support in partnership with you to reach this important goal. Let us know if you have questions or need assistance. Thank you for considering MTSU and MTEC as an important piece of your future and of your life.

Sincerely,

Carl S. “Buddy” Peaster
Chief of Police

Annual Security Report

Introduction to the Clery Act Policies and Procedures

As an off-campus instructional center of MTSU, MTEC is committed to disseminating relevant and pertinent information regarding reported criminal activities in a reasonable manner to its community and to interested parties. To that end, MTSU is implementing and maintaining policies and procedures in compliance with the University reporting requirements of the Jeanne Clery Disclosure of Campus Security Policy and Campus Crime Statistics Act (“Clery Act”) and the Higher Education Opportunity Act (“HEOA”), two pieces of federal legislation that provide guidance in disseminating certain types of information to campus communities and to the general public. Because the Clery Act and the HEOA encompass several areas of campus responsibility, MTSU utilizes the University Police Department (“University Police” or “Department”) to issue information that pertains to the criminal reporting requirements of these two federal laws. Additional information regarding other areas of reporting requirements may be distributed by other MTSU departments and/or online.

The Clery Act Requirements

The Clery Act requires that the campus of MTEC:

- Publish an annual report by October 1 that contains three (3) years of campus crime statistics and certain campus security policy statements;
- Disclose crime statistics for the campus, public areas immediately adjacent to or running through the campus, and certain non-campus facilities and remote classrooms. The statistics must be gathered from campus police or security, local law enforcement, and other university officials who have “significant responsibility for student and campus activities”;
- Provide timely warning notices of those crimes that have occurred and pose an ongoing threat to students and employees; and
- Implement emergency notification procedures if there is an immediate threat to the health or safety of students or employees on campus.

The Annual Disclosure of Crime Statistics

The University Police Department on the main campus of MTSU is responsible for preparing and distributing this Annual Security Report (“ASR”) to comply with the Clery Act. Within the Department, the responsibility for preparing the MTEC ASR is assigned to the Clery Compliance Coordinator. The MTEC ASR is published and made available to the public every year on or before October 1st. The MTEC ASR includes statistics for the previous three (3) years concerning reported crimes that occur within MTEC’s Clery geography (i.e., on campus, in or on non-campus buildings or property, and public property). Statistics for Clery Act offenses that did not occur within MTEC’s Clery geography are not included in the crime statistics published in the MTEC ASR even if university students or employees were involved.

University Police prepares the MTEC ASR, including the annual disclosure of crime, arrest, and referral statistics. Crime statistics provided in MTEC’s ASR are based upon incidents reported by campus
security authorities and local law enforcement agencies. For statistical purposes, crime statistics reported to any of those sources are recorded in the calendar year in which the crime was reported. University Police will request information from local law enforcement agencies and campus security authorities about incidents occurring at MTEC and will make the determination as to whether a reportable offense has occurred and shall annually report statistics for occurrences of Murder/Non-Negligent Manslaughter, Negligent Manslaughter, Rape, Forcible Fondling, Statutory Rape, Incest, Robbery, Aggravated Assault, Burglary, Motor Vehicle Theft, and Arson; Domestic Violence, Dating Violence, and Stalking; Arrests for Liquor Law Violations, Drug Law Violations, and Weapons Law Violations; Disciplinary Referrals for Liquor Law Violations, Drug Law Violations, and Weapons Law Violations; and Hate Crimes (Appendix A).

University Police submits the crime statistics published in the MTEC ASR to the United States Department of Education ("ED"), which makes crime statistics available to the public through the Campus Crime and Security Survey. The University provides an electronic notice to all students, faculty, and staff announcing the availability of the MTEC ASR and includes information on how community members may access it. The MTEC ASR is available for review twenty-four (24) hours a day on the University Police website. Printed copies of the MTEC ASR are also available at the MTEC Coordinator’s Office, University Police Department, or by request.

Security on Campus

**MTEC Coordinator**

The MTEC Coordinator’s office is the administrative office responsible for the security function on the campus of MTEC. The office is located within the Bedford County Business Complex, Room 128, at 200 Dover Street, Shelbyville, TN 37160. The office may be reached by dialing (931) 685-4444. Office hours vary, Monday through Thursday; the office is closed on Fridays.

If you have any questions about this report or any of the services offered by MTEC, please feel free to stop by the office or contact the MTEC Coordinator at (931) 685-4444. Additional information is also located on the MTEC webpage.

Local Law Enforcement

MTEC is within the jurisdiction of both the Shelbyville Police Department and the Bedford County Sheriff’s Department. While no written agreement exists between MTSU and the Shelbyville Police Department and/or the Bedford County Sheriff’s Department, law enforcement for MTEC is provided through these law enforcement agencies which engage in regular patrols of the campus. These agencies may also request assistance from other state and federal agencies when responding to incidents at MTEC. Random evenings are selected for marked and unmarked police vehicles to park in a strategic location of the MTEC parking lot to enable view of the two primary entrances of the facility.

Each year, in accordance with the Clery Act, the University Police Department communicates in writing with local law enforcement agencies to request their cooperation in informing the University about
crimes and/or situations reported to them that may warrant the University issuing an emergency notification or a timely warning.

**Mission Statement of the Shelbyville Police Department:**

"Members of the Shelbyville Police Department are sworn to serve in an unbiased aspect, where all people regardless of their actions, no matter if they are victims, witnesses, or perpetrators will be treated equally and fairly. The Shelbyville Police Department is available to assist in the prosecution of any and all criminal acts that occur in their jurisdiction. Members of the Department are available twenty-four hours a day, seven days a week to provide assistance, protection, and to preserve the peace and tranquility of the community."

The Shelbyville Police Department is located at 109 Lane Parkway, Shelbyville, Tennessee, 37160; additional information about the department and their services may be located on their webpage.

**Mission Statement of the Bedford County Sheriff's Department:**

"To enhance the quality of life of the citizens of Bedford County, Tennessee through teamwork and mutual cooperation between the community and the Sheriff's Department; to provide the most qualified, well trained, and educated officers in the county; to preserve the peace, enforce the law, and ensure secure prisoner facilities, thus providing a safe environment for all the citizens of Bedford County."

The Bedford County Sheriff's Department is located at 103 Lane Parkway, Shelbyville, Tennessee, 37160; additional information about the department and their services may be located on their webpage.

**Reporting Crimes and Other Emergencies on Campus**

**Report all Crimes to the Shelbyville Police Department**

All faculty, staff, students, and visitors to the MTEC campus are urged to report crime and suspicious activity to the Shelbyville Police Department as soon as possible when the victim of such crime elects to report or is unable to make such a report. The MTEC Coordinator should also be notified of any criminal activity occurring on the MTEC campus. Any suspicious activity or person observed in the parking lots or loitering around vehicles or inside the building should be reported to the Shelbyville Police Department. This allows law enforcement officers and/or the appropriate personnel to respond and assist.

Shelbyville Police Department may be reached 24 hours a day at (931) 684-5811, or 911 in an emergency. All emergency calls for police, fire, and medical assistance should be made to 911.

Shelbyville Police Department personnel will also contact other agencies, such as the Bedford County Sheriff’s Department, Bedford County EMS, the Shelbyville Fire Department, or other emergency
service providers to assist with ongoing or reported incidents that require additional resources, expertise or specialized assistance.

**Anonymous Reporting**

In accordance with [MTSU Policy 700](#), *University Police Department* the University Police allows voluntary anonymous reporting. University Police and MTEC encourages anyone who is the victim or witness to any crime to promptly report the incident. Because police reports are public records under state law, police departments cannot hold reports of crime in confidence. If you are the victim of a crime and do not want to pursue action within the University system or the criminal justice system, you may still want to consider making an anonymous report. The purpose of an anonymous report is to comply with your wish to keep the matter confidential, while taking steps to ensure the future safety of yourself and others. With such information, the University can keep accurate records of the number of incidents involving students; determine where there is a pattern of crime with regard to a particular location, method, or assailant; and alert the campus community, through emergency notifications or timely warnings, to potential danger. Reports filed in this manner are counted and disclosed in the annual crime statistics for MTEC.

Anonymous reports for purposes of inclusion in the annual disclosure of crime statistics can generally be made to MTEC and MTSU Campus Security Authorities as identified below.

MTEC, the Shelbyville Police Department, and the Bedford County Sheriff’s Department are active supporters of Crime Stoppers of Shelbyville and Bedford County. You are urged to contact Crime Stoppers at (931) 685-4300 if you have information concerning past or future crimes and wish to remain anonymous. If the information leads to an arrest and prosecution, you may receive a cash reward up to $1,000.00.
Campus Security Authorities

In compliance with the Clery Act, the University is required to collect crime reports from a variety of individuals and organizations on campus, referred to as Campus Security Authorities (“CSAs”), for the purpose of inclusion in the annual disclosure of crime statistics. CSAs, as defined by the Clery Act, include:

- A campus police department or a campus security department of an institution.
- Any individual or individuals who have responsibility for campus security but who do not constitute a campus police department or a campus security department.
- Any individual or organization specified in an institution’s statement of campus security policy as an individual or organization to whom students and employees should report criminal offenses.
- An official of an institution who has significant responsibility for student and campus activities, including, but not limited to, student housing, student discipline and campus judicial proceedings.

Students are encouraged to report incidents to local law enforcement, but may report incidents to the Campus Security Authorities listed below. Incidents reported to these individuals will be included in the annual disclosure of crime statistics, even if no criminal action can be taken.

Although the MTEC community is urged to report crime and suspicious activity to the Shelbyville Police Department, we understand that the victim of a crime may be more inclined to report it to someone other than a law enforcement official.

Therefore, as an alternative to reporting a criminal incident to law enforcement, an individual may report criminal incidents, suspicious activity, or other incidents that are not emergencies to the following University offices:

Professional and Pastoral Counselors

In accordance with the Clery Act, professional and pastoral counselors are not considered campus security authorities and are exempt from the mandate to report incidents of criminal offenses while serving in that capacity at the time of disclosure. Knowledge of such incidents gained while not acting in a professional counseling capacity, however, must be reported.

The term “professional counselor” means a University employee whose official responsibilities include providing mental health counseling to members of the University’s community and who is functioning within the scope of his/her license or certification. The University employs professional counselors on staff with Counseling Services.

The University does not employ any pastoral counselors.

The professional and pastoral counselor exemption does not relieve counselors of the duty to exercise reasonable care to protect a foreseeable victim from danger posed by the person being counseled.
When speaking to a victim or witness to a crime, counselors are encouraged to inform the individual that they have the option to report the incident, including the option to do so anonymously.

**Monitoring and Recording Criminal Activity at Non-Campus Locations**

**Monitoring Off-Campus Crime**

Monitoring of crime off-campus is done by the law enforcement agency of jurisdiction where the crime took place. Local law enforcement agencies have been requested to forward to University Police copies of their reports regarding Clery-reportable criminal activity occurring on any non-campus properties owned, leased or controlled by officially recognized student organizations of MTSU.

The MTEC Coordinator will report any known criminal activity to local law enforcement for investigation and to the University Police for inclusion in the annual crime statistics.

The University Police Department relies on its working relationships with the local law enforcement agencies to receive information about incidents involving students off campus. Upon notification and request from outside agencies, the University Police will assist them with investigating crime information concerning or involving a member of the campus community, and it will supply information regarding the incident as needed or required to local, state, or federal law enforcement authorities.

**Off-Campus Housing**

MTEC does not maintain housing facilities. No MTSU office or department provides supervision for off-campus housing, apartments, or individual homes as these are not owned or controlled by the University as official residential housing.

Students, whether they attend classes at the Main Campus or at MTEC, or whether they live on or off campus, are encouraged to report all crimes to the appropriate law enforcement agency. If community members report crimes or serious incidents to other University or MTEC administrators, those administrators should notify University Police or the appropriate local law enforcement agency. Crime awareness information is made available to all students via this report, the University Police Department calendar, and the University Police website.

**Weapons on Campus**

With respect to the possession of firearms and other weapons on university property, it is important to differentiate between Tennessee criminal law and University policies.

**Tennessee Criminal Law**

It is a criminal offense for a person to carry or possess a firearm or other weapon, whether openly or concealed, on any property owned, used, or operated by a school, college or university (T.C.A. §39-
Tennessee law (T.C.A. §39-17-1309) contains a limited exception to that criminal offense for the holder of a valid handgun carry permit who: (1) transports and stores a firearm or firearm ammunition in the permit holder’s privately owned motor vehicle; (2) parks the vehicle in a location where it is permitted to be; (3) keeps the firearm or firearm ammunition from ordinary observation; and (4) if the permit holder is not in the vehicle, locks the firearm or firearm ammunition within the trunk, glove box, or interior of the person’s privately owned motor vehicle or a container securely affixed to such vehicle.

University Policies

**MTSU Policy 705**, *Weapons on Campus* prohibits the possession of weapons on the campus of MTSU. Despite laws which provide for permits allowing individuals to carry concealed handguns, it is the policy of MTSU, pursuant to T.C.A. §39-17-1309, to prohibit the possession of all weapons, including handguns, on property owned, operated or under the control of MTSU.

**MTSU Policy 540**, *Student Conduct* prohibits the possession of or use of firearms, dangerous weapons of any kind, or replica/toy guns, e.g., BB guns, pellet guns, paintball guns, water guns, cap guns, toy knives or other items that simulate firearms or dangerous weapons. This includes the possession or use of any kind of ammunition.

Concealed Carry on Campus

Pursuant to TCA 39-17-1309(e)(11) and **MTSU Policy 705**, subject to the exceptions described in MTSU policy and in federal or state law, an Authorized Employee may carry a concealed handgun on MTSU property. Prior to carrying a concealed handgun on MTSU property, an Authorized Employee must provide notice in person of his/her intent to carry a concealed handgun on MTSU property to the MTSU University Police chief law enforcement officer or his/her designee. The notice must be on the Notification of Employee’s Intent to Carry a Concealed Handgun form. See the [University Police website](#) for additional information. An Authorized Employee is not permitted to carry a handgun openly or in any manner in which the handgun is visible to ordinary observation. An Authorized Employee must be a full-time employee who is not enrolled at MTSU as a student.

Victim’s Rights

**Crimes of Violence Notification**

The University will, upon written request, disclose to the alleged victim of a crime of violence, or a non-forcible sex offense, the final results of any disciplinary proceeding conducted by MTSU against a student who is the alleged perpetrator of such crime or offense. If the alleged victim is deceased as a result of such crime or offense, the next of kin of such victim shall be treated as the alleged victim for notification purposes.

Information concerning sexual violence, including resources for victims, can be found in the [Sexual Violence Victim Information document](#) or on the [Sexual Violence webpage](#). Other resources for
Victims of violent crimes can be obtained at the Bedford County District Attorney’s Branch Office which is located within the Bedford County Courthouse, Suite 100, 1 Public Square E., Shelbyville, Tennessee, 37160. The Office may be contacted by telephone at (931) 685-2191. Additional information and resources are available on the [Tennessee District Attorney’s website](#).

Victims of sex crimes are afforded specific rights. Please see the section titled “Sexual Violence” of this report for more information on students’ rights.

**Students or Employees with Criminal Records**

MTSU does not collect information regarding criminal records on applications for admission of students to the University. The application for employment of all personnel requires that the applicant state whether he/she is required to register as a sex offender under T.C.A. Title 40, Chapter 39, Part 2. Human Resource Services performs background checks for all classified and administrative positions. Academic Affairs performs background checks for all faculty positions. Background checks are not typically done for temporary or student employee positions unless requested by the employing department or required by statute or policy. Acknowledged conviction of any crime results in an evaluation of the applicant’s fitness for employment in consultation with University Counsel. Additionally, MTSU requires that employees notify the institution of any drug convictions resulting from a violation in the workplace no later than five (5) days after the conviction.

Current University students convicted of a violation of a law or ordinance off-campus, whose violation also adversely affects the University’s pursuit of its educational objectives, will become subject to disciplinary sanction by the Office of Judicial Affairs and Mediation Services. Students committing a crime on-campus are subject to arrest and prosecution, and are subject to disciplinary sanction by Judicial Affairs and Mediation Services.

**Emergency Notifications and Timely Warnings**

An emergency notification will be distributed by MTEC when there is confirmation of a violent crime or a threatening event that immediately endangers the campus community. A timely warning will be issued by MTEC when a crime is reported and determined to be an on-going or continuous threat to the campus.

**Emergency Notifications**

MTEC is committed to notifying persons regarding significant types of threatening events or situations that occur on campus property. An emergency notification is an alert issued to notify affected persons of a significant emergency or dangerous situation occurring on the MTEC campus involving an immediate or imminent threat to the health or safety of students, faculty, staff or visitors. An alert is issued immediately once it is confirmed that a legitimate emergency or dangerous situation exists.

Emergency notifications will be issued for events or incidents on the MTEC campus that meet the following criteria:
The event or incident is ongoing in nature in that it continues to pose a real or likely threat; The event or incident may be mitigated by the quick release of information to the campus community; and, The release of information regarding the possible threat in a more immediate fashion may significantly reduce the chance of individuals or groups becoming victims.

Examples of events or incidents that may result in the issuance of an emergency notification:

- Active Shooter
- Armed Robbery (including attempts)
- Bomb Threat
- Tornado Warning (as indicated by CodeRED* Weather Warning)

*CodeRED Weather Warning is a notification system available through the Bedford County Communications/E911 District that is used to alert citizens in the path of severe weather. [Sign up](#) to receive severe weather warnings.

**Notification Methods**

Notification for those previously described events or incidents that pose a grave and immediate threat to students, faculty, staff or visitors will be made using the fastest notification method possible. Typically, depending on the situation, an announcement in each classroom will be made, or each classroom instructor will be contacted by telephone and instructed to make the emergency communication.

**Emergency Notification Process**

The MTEC Coordinator typically receives information from the Shelbyville Police Department including individuals and various offices/departments on campus regarding suspicious activity and criminal incidents. Information may also come from other law enforcement and emergency service providers concerning situations reported to them that may warrant an emergency response.

Once the MTEC Coordinator, acting on information from the Shelbyville Police Department, or from other emergency service providers, confirms that there is an emergency or dangerous situation that poses an immediate threat to the health or safety of some or all members of the MTEC community, an emergency notification will be issued, and the President of the University and the Dean of the University College will be notified.

In making the decision about whether or not to activate emergency notification systems or to order an evacuation of the MTEC campus and/or property, the following factors are considered:

- Does the event or incident pose a significant or likely threat to the general campus community?
- Does the threat or danger from the event or incident still exist?
- Is there evidence that the threat has subsided or moved away and is, therefore, no longer posing a danger or a hazard?
- Has a significant amount of time transpired from the time of the incident to the present that would reasonably lead one to presume that the threat or the danger is no longer in the area?
- Will notification about the incident provide persons with knowledge that, if utilized, would likely reduce or reasonably eliminate the possibility that they would be victimized by the threat?

Dependent upon on the nature and scope of the event or incident, a determination will be made concerning whether the entire campus or specific portions of it will receive the emergency notification. If the potential exists that a very large segment of the campus will be impacted, the entire campus community will be notified. If only a portion of the campus is notified, there will be a continuing assessment of the situation and additional segments of the campus community may be notified if the situation warrants such action.

The Dean of University College and the Director of MTSU News and Media Relations (or designee) may collaborate to determine the content of the emergency notification message, and will use some or all of the notification systems to communicate the threat to all, or to specific segments of the MTEC community. However, if it is determined after taking into account the safety of the community, that issuing a notification will, in the judgment of the first responders (including, but not limited to the Shelbyville Police Department, Bedford County Sheriff’s Department, Shelbyville Fire Department and/or Bedford County Emergency Medical Services (“EMS”)), compromise the efforts to assist a victim, to conduct an adequate and competent criminal investigation or to contain, respond to or otherwise mitigate the emergency, issuance may not occur or may be delayed.

The MTEC Coordinator, acting on information from the Shelbyville Police Department, is primarily responsible for issuing emergency notifications for security-related emergencies. The President of the University (or designee), the Dean of the University College, the Office of the University Counsel, or the Office of News and Media Relations, acting on information provided by the Shelbyville Police Department or other law enforcement/emergency service providers may also issue emergency notifications for emergencies that are not necessarily law enforcement related (e.g., medical, inclement weather, other University closings).

The decision-makers may also determine that a particular building or structure on campus, an area of the MTEC campus, the entire MTEC campus, or other MTEC property should be immediately evacuated in order to create or maintain a safer situation for persons inhabiting those areas. In these instances, the aforementioned authorities may require evacuated persons to temporarily refrain from remaining in or entering specified areas of campus or MTEC property for safety purposes. In those cases, MTEC students, employees, and visitors may be informed as to how to leave the MTEC campus or MTEC property. They may also be informed as to where they should assemble or disperse.

MTSU News and Media Relations will coordinate with news agencies to distribute MTEC press releases, as they are made available, concerning critical incidents in order to inform the community of the incident, evacuation routes, and other information. The MTSU website and other social media networks may be utilized to disseminate information outside the MTSU community concerning critical incidents.
Timely Warnings

A timely warning is an alert issued after review of all available information concerning an incident or event occurring on campus that is considered to be a serious or continuing threat to MTEC students or employees, or to property. MTEC will issue timely warnings to members of the campus community concerning crimes reported to a CSA or to a local law enforcement agency that are determined by MTEC to represent a serious or continuing threat to the campus. The information is provided with the intent to enable persons to protect themselves and to aid in the prevention of similar crimes.

Decisions whether to issue a timely warning are made on a case-by-case basis in light of all facts surrounding the crime, including factors such as:

- The nature of the crime;
- Whether the crime appears to be a one-time occurrence or a pattern of incidents;
- When and where the incident occurred, and when it was reported (If a crime is reported long after it occurred, there would be no ability to issue a timely warning and, thus, one would not be issued);
- The continuing danger to the campus community;
- The possible risk of compromising law enforcement efforts;
- Whether the perpetrator has been apprehended; and,
- Whether the perpetrator targeted specific individuals to the exclusion of others, such as with domestic violence.

The following crimes are those for which a timely warning may be issued; they may also be issued for other crimes as deemed appropriate:

- Criminal Homicide
- Sexual Assault
- Robbery involving force or violence
- Aggravated Assault
- Burglary
- Motor Vehicle Theft
- Arson, major incidents
- Crimes of Intimidation, Simple Assault, Vandalism, and Larceny when those crimes are motivated by the offender's hate/bias based on the victim's race, gender, religion, disability, sexual orientation, gender identity, ethnicity or national origin.

The MTEC Coordinator will consult with the Dean of the University College and the Office of the University Counsel to determine whether a timely warning will be issued. If a timely warning is to be issued, the MTEC Coordinator and the Director of MTSU News and Media Relations (or designee) will collaborate on the preparation of the timely warning which will be distributed to all public areas of the MTEC campus by the MTEC Coordinator.
Emergency Preparedness and Procedures

Tornado Drills

The MTEC Coordinator will conduct a tornado drill once each spring and fall semester. Faculty will have classes interrupted with instructions to proceed to the designated safe places which have been identified as the two restrooms in the hallway across from the vending machines (a tornado shelter placard is displayed on each door). A record of each tornado drill will be kept, including notations as to what actions were performed correctly and incorrectly. Action items will be managed and reviewed at the next tornado drill.

Instructions with regard to weather evacuations will be included in the instructions for the faculty each semester. These drills will be documented to include a description of the exercise, the date and time of the drill, and whether it was announced or unannounced.

If you are asked to participate in a Tornado Drill or any other type of drill while at MTEC, please comply with all instructions from the MTEC Coordinator or other person in authority.

Active Shooter

If an active shooter is in or near MTEC, lock all classroom doors and completely close all blinds on classroom windows. Move away from any doors and windows to the most secure location within the classroom and then “shelter in place.” If a cell phone is available, call 911 for an immediate police response.

University Police has implemented a presentation, “Shots Fired on Campus,” to help inform the MTSU community about what would occur on campus in the event of an “active shooter.” This presentation includes topics such as police response to an active shooter, sheltering in place, and the survival mindset needed in this type of encounter. Additional information about active shooter incidents can be found on the “If There Are Shots Fired on Campus…” page of the University Police Department calendar.

The MTEC Coordinator has been trained in “active shooter” sessions and would assume responsibility for instructing the students and faculty should such an event occur. Faculty are also provided instructional information with regard to this issue should the MTEC Coordinator not be present for this emergency. To request a “Shots Fired on Campus” presentation at MTEC, contact the University Police Department at (615) 898-2424.

Emergency Procedures

Fires or Fire Alarms

If a fire or visible smoke is detected within a facility and/or building, the building fire alarm system should be immediately activated to alert other occupants, who should immediately evacuate the building. (For small, controllable fires, fire extinguishers are located throughout MTEC’s facilities.) All fires, regardless of size (even if extinguished), smoke, or fire alarms at MTEC should immediately be reported
to the Shelbyville Fire Department by dialing 911, or (931) 684-6241. *The caller should be prepared to state his/her location.*

**Medical Emergencies**

To request an ambulance and immediate medical assistance at MTEC, dial 911. *The caller should be prepared to state his/her location.*

A first aid kit is located in the Student Lounge. Additionally, an Automated External Defibrillator ("AED") is located within the building on the first floor near the Bedford County Finance Office.

MTSU Student Health Services, (615) 898-2988, located in the Health, Wellness, and Recreation Center on the main campus of MTSU, is available for non-emergency medical issues only. During the fall and spring semesters, their hours are Monday through Thursday, 8:00 AM – 4:30 PM and Fridays 8:00 AM – 4:00 PM. During summer and semester breaks their hours are Monday through Friday, 8:00 AM – 4:00 PM. They are closed during University holidays. An after-hours telephone advice nurse is available by calling (615) 898-2988 and following the prompts. The after-hours service is for those who are sick. Routine or minor health concerns or questions should be appropriately directed during normal business hours. *The caller may be asked for a student M number in order to use this service.* All life-threatening medical emergencies should be reported by dialing 911. *The caller should be prepared to state his/her location.*

**Bomb Threats**

Bomb threats or suspicious objects/devices at MTEC should be reported by dialing 911. *The caller should be prepared to state his/her location.*

If evacuation of the building becomes necessary, building occupants should relocate to the Bedford County EMS ambulance station located at 847 Union Street for accountability. (The ambulance station is a brick building with an American flag in front and a tall radio antenna in back.) If possible, notify the EMS supervisor on shift that you are evacuating there. The 24/7 number is (931) 808-8013.

Information about bomb threats, including additional evacuation considerations, can be found [online](#).

**Severe Weather**

Three weather radios are located within or near MTEC’s classrooms. If a severe weather warning is received through these radios or by any other means, take appropriate action.

In the case of a tornado warning, building occupants should be alerted to move to the safest place in the building and/or complex. A FIRE ALARM SHOULD NOT BE PULLED. At MTEC, the tornado-designated safe places have been identified as the two restrooms in the hallway across from the vending machines (a tornado shelter placard is displayed on each door). Individuals should not leave the safety of the building.

If a tornado-designated safe place is unavailable, individuals should seek shelter in the middle of the building. It is best to take cover next to heavy furniture or in an interior hallway against a strong, interior
wall on the lowest level of the building. Individuals should not leave a relatively safe place or get into a vehicle and attempt to drive. The instructions of emergency response personnel should be followed, or individuals should remain inside the building until emergency response personnel give the “all clear” signal.

Information about tornadoes can be found online.

**All Other Emergencies**

All other emergencies at MTEC may also be reported by dialing 911. *The caller should be prepared to state his/her location.*

**Persons with Disabilities**

Persons with disabilities should notify the instructor in each of their classes or their supervisor that they have a disability and may require assistance in case of an emergency. Instructors or supervisors must notify emergency response personnel (i.e., police, fire & rescue, medical) of any persons with disabilities in their classes or area of responsibility.

Information regarding emergency evacuation procedures for individuals with disabilities may be viewed online. For additional information, contact the MTSU ADA Compliance Office at (615) 898-5366, Peck Hall Room 203.

**Security of and Access to the MTEC Facility**

The campus, facilities and property of MTEC are restricted to use by MTSU/MSCC students, MTSU/MSCC administration for official functions, affiliated individuals/entities, and invited or sponsored guests of MTSU or MSCC except as specifically provided by policy or when part or all of the MTEC campus, buildings, or facilities are open to the general public for a designated time and purpose. All persons on the campus of MTEC shall be subject to all rules and regulations of the University and/or to all applicable federal and state laws and regulations. All persons on the campus of MTEC must comply with all guidelines set forth in MTSU Policy 100, *Use of Campus Property and Facilities Scheduling*, as well as MTSU Policy 745, *Building Access*. Furthermore, MTEC is open to the public during business hours and non-public areas are closed and locked after the business hours.

**Security Considerations Used in the Maintenance of the MTEC Facility**

All hazardous or unsafe campus conditions found to exist at MTEC should be reported to the MTEC Coordinator. The MTEC Coordinator will contact the appropriate department to address these conditions. These conditions may include overgrown trees or landscaping and a lack of outdoor lighting or inoperable lights.
MTEC is located within the Bedford County Business Complex in Shelbyville, Tennessee. Thus, the department responsible for the maintenance of and access to the facility is the Bedford County Finance Office. The Shelbyville Fire Department is responsible for reviewing the campus occupancies and conditions, the remodeling design, and any other changes necessary for the operation of MTEC.

Identification Cards

All persons on the campus of MTEC shall provide adequate identification upon request to appropriate officials of the University. All MTSU students, faculty and staff are issued an identification card and are required to carry it while on campus. Faculty, staff and students of the University who refuse to provide such identification may be subject to disciplinary action; other persons who refuse to provide such identification shall be requested to leave campus, and if they refuse, may be subject to lawful removal and prosecution.

Students may use their identification cards to gain entry into the Recreation Center and campus computer labs with an installed card access system on the main campus. Students are issued electronic access to other buildings, classrooms and labs upon written request of the pertinent department.

If an identification card is lost, it will be invalidated as soon as the loss is reported. The loss or theft of any identification card must be reported immediately to the BlueID Office, which, in turn, will notify the Key Shop in Facilities Services.

The BlueID Office may be reached, during regular business hours, at (615) 898-5523. The BlueID Office is located on the Main Campus in the Student Services Building (“SSAC”), Room 112. After hours, lost or stolen ID cards may be reported to University Police at (615) 898-2424.

Crime Prevention and Security Awareness Programs

Continually throughout the year, the University Police Department facilitates programs on the main campus of MTSU dealing with security procedures and practices and/or programs encouraging students and employees to look out for themselves and for one another.

University Police facilitates crime prevention and security awareness programs in which officers from the Department’s police services explain and demonstrate how students, staff, and faculty can protect themselves and their property. Officers speak to students and parents at CUSTOMS orientation sessions, residents of on-campus housing facilities, and students enrolled in University 1010 classes.

In addition to programs and initiatives mentioned elsewhere in this report, the Department’s programs designed to inform students and employees about campus security procedures and practices include the following:

- **Keep Safe in a Confrontation (General Safety Tips)**: This program is designed with employees of the various University departments in mind. The program is intended to help
employees understand the different ways to possibly deescalate an encounter with a volatile person(s). The program is also designed to explain best practices for employees to take in the event that situation should escalate into a violent situation.

- **Crime Prevention & Safety/Security (University 1010):** This presentation provides an overview of the University Police Department’s operations, divisions, and services provided. Safety information is provided to assist individuals in decreasing their likelihood of becoming a victim of a variety of crime, such as: theft, robbery, burglary, and assault. Detailed explanations of several criminal violations are provided and include drug use and possession, along with the potential consequences for involvement with such crimes. Sexual assault awareness and prevention, bystander intervention, and suggested options to consider during an active shooter situation may also be provided during this presentation. Students and employees are encouraged to report incidents to the University Police Department and request assistance when needed.

- **Active Shooter/Shots Fired on Campus:** This presentation includes topics such as police response to an active shooter, sheltering in place, and the survival mindset needed in this type of encounter. This program is designed to provide information on the current best practices involving successfully surviving an active shooter situation on campus. The program consists of presenting the DVD “Shots Fired on Campus When Lightning Strikes, 2008” created and distributed by Center for Personal Protection & Safety. In conjunction with this DVD, instructors interact in a question and answer situation guided by a Power Point presentation.

- **Women Self Defense/Violence against Women:** This interactive class, designed for women only, focuses on the topic of violence against women and the local resources available to help empower women to protect themselves. The intent of this class is for the female attendees to get to know each other, get to know and become more comfortable talking with members of the Department, and to educate women about the dangers they face as women. Attendees are encouraged to look out for one another and to not ignore any perceived violence or harm that may be happening to a friend and/or neighbor.

- **VAWA/Self-Protection:** This lecture is designed to engage attendees on various topics which includes a brief overview of the Department and its function within the University community; suggestions to avoid being the victim of theft or physical assault; what to do in case of emergency (tornado, disaster, active shooter); a discussion about sexual assault and the differentiation between consensual sex and rape as applied to State Law; and stalking. Attendees are provided information on the Department’s R.A.D. Program as well as a University Police Calendar.

- **Texting While Driving:** The dos and don’ts of texting while driving, general safety measures and how texting while driving can cause possible issues through limited awareness and reaction time.

All University Police programs and courses are free to University students and employees. In 2017, officers of the Department conducted 21 programs, making contact with approximately 392 individuals.

The Department conducts programs throughout the year upon request. Students attending MTEC have access to all of the programs offered on the Main Campus. To request an officer to present a program to a class, department, or other organized group at MTEC, contact University Police at (615) 898-2424.
Officers have specialized training in a variety of areas and in many cases can adapt programs to meet a group’s specific needs.

Other crime prevention and security awareness programs available to students and employees include:

- **Operation ID:** This program is presented by officers at various locations on the main campus (e.g. residence halls, student unions, etc.) and is designed to offer students the opportunity to record serial numbers and/or mark personal items of value (e.g. cell phones, tablets, laptops, etc.) with a specific personally identifiable number. This program is designed to assist law enforcement in their efforts to recover stolen property by having a reliable means of identifying ownership of the property in the event that it is successfully recovered through investigative efforts.

- **R.A.D. (Rape Aggression Defense) Program:** The R.A.D. Program is a program of realistic, self-defense tactics and techniques. The course begins with awareness, prevention, risk reduction and avoidance, while progressing on to the basics of hands-on defense training. This program is a women’s only self-defense education program designed around realistic self-defense tactics and techniques. This course is a comprehensive course that emphasizes awareness, prevention, risk reduction, and avoidance techniques. This course incorporates hands on techniques that can be utilized by women for self-defense against sexual assaults. This course is taught by University Police officers who have been certified as R.A.D. instructors.

- **Adopt-a-Cop:** Adopt-A-Cop is a joint effort between University Police and Housing and Residential Life. This long-term program was created to serve the student resident population. Adopt-A-Cop establishes a police presence in residence halls in which a University Police officer essentially becomes a member of a residence hall’s staff. Officers work to establish rapport with the residents through the implementation of crime prevention measures, conduct educational safety programs upon request and assist in maintaining the physical security of the buildings. Officers attend Housing and Residential Life staff meetings and provide updated crime statistics for their residence halls; they then follow up with appropriate crime prevention methods with the students and staff.

- **Safety Escort Program:** The purpose of the University Police Safety Escort Program is to provide walking escorts for faculty, staff, students, and visitors on the main campus after dark. The escorts may be provided by University Police officers, but are one of the primary responsibilities of the Department’s Raider Patrol. The Raider Patrol component consists of MTSU students performing duties and functions as non-sworn uniformed personnel. To request a safety escort while on the main campus, contact University Police at (615) 898-2424; dial 2424 from campus phones.

- **Guardian:** The Guardian Timer, provided through the MTSU Critical Notification System, may be used whenever an individual is walking alone on the main campus, in an unfamiliar area of the main campus, or would simply like for University Police to check on him/her while he/she is on the main campus if the timer is not deactivated. The user may call the Guardian Timer number: (615) 692-1516 and set a realistic time frame to reach his/her destination and leave a voice message containing details about him- or herself and the situation (e.g., clothing description, route of travel, etc.). If the designated destination is reached safely, the timer is
deactivated by dialing the Guardian Timer number: (615) 692-1516 and entering a PIN. For more information contact University Police, or log onto the MTSU Critical Notification System website.

- **University Police Calendar:** Each academic year (August – July), the Department makes available upon request a calendar that is distributed to all full-time employees and those incoming students and employees who attend CUSTOMS orientation sessions, or the new employee orientation session offered by HRS. University Police Calendars are also made available in the Coordinator’s Office at MTEC. These calendars include crime prevention information, safety tips, a campus map, a description of the Department’s services, crime statistics (as included in TBI’s annual Crime on Campus Report), recommendations and community resources in response to sexual violence and other useful security information.

- **Bicycle Registration:** All bicycles on the main campus should be registered with Parking and Transportation Services. Bicycles can be marked with an identifying number by the University Police to ensure return if recovered after theft or confiscation due to illegal parking or abandonment. For additional information, contact Parking Services at (615) 898-2850, 1403 E. Main Street.

- **Raider Xpress Shuttle Service:** The Raider Xpress shuttle service is designed to transport faculty, staff, students and visitors throughout the main campus of MTSU and is available only when classes are in session. Students, staff, and faculty are encouraged to utilize this shuttle service during hours of darkness when available. Shuttle routes vary depending on time of day and day of the week. For additional information, contact Parking Services at (615) 898-2850, 1403 E. Main Street.

The [2017-2018 Raider Xpress Routes](#) may be viewed online.

- **MTSU Crime Stoppers Program:** The mission of the MTSU Crime Stoppers Program is to serve as a deterrent to crime on the main campus by increasing the probability that criminals will be arrested and convicted through the use of anonymous tips. Through a co-operative agreement, the Rutherford County Crime Stoppers Program will pay up to $1,000 for information leading to the arrest of anyone who has committed a felony on any property owned and operated by MTSU within Rutherford County. The MTSU Crime Stoppers Program will pay up to $300 for information leading to the arrest of anyone who has committed a misdemeanor on any property owned and operated by MTSU within Rutherford County.

A list of the crime prevention and security awareness programs, detailing type and frequency conducted by University Police in 2017 is provided at the end of this report (Appendix B).

### Sexual Violence

MTSU is concerned for the safety and well-being of its students, faculty and staff, and prohibits all acts of sexual violence, including crimes of domestic violence, dating violence, sexual assault and stalking.
We are committed to providing a healthy living, working and educational environment for our campus community, and will continue working to provide the safest campus environment possible.

For Clery reportable purposes, the crimes of sexual violence are defined as follows:

- **Domestic Violence:** A felony or misdemeanor crime of violence committed—
  - By a current or former spouse or intimate partner of the victim;
  - By a person with whom the victim shares a child in common;
  - By a person who is cohabitating with, or has cohabitated with, the victim as a spouse or intimate partner;
  - By a person similarly situated to a spouse of the victim under the domestic or family violence laws of the jurisdiction in which the crime of violence occurred; or
  - By any other person against an adult or youth victim who is protected from that person’s acts under the domestic or family violence laws of the jurisdiction in which the crime of violence occurred.
  - For the purposes of complying with the requirements of this section and §668.41, any incident meeting this definition is considered a crime for the purposes of Clery Act reporting.

- **Dating Violence:** Violence committed by a person who is or has been in a social relationship of a romantic or intimate nature with the victim.
  - The existence of such a relationship shall be based on the reporting party’s statement and with consideration to the length of the relationship, the type of relationship, and the frequency of interaction between the persons involved in the relationship.
  - For the purposes of this definition—
    - Dating Violence includes, but is not limited to, sexual or physical abuse or the threat of such abuse.
    - Dating Violence does not include acts covered under the definition of domestic violence.
  - For the purposes of complying with the requirements of this section and §668.41, any incident meeting this definition is considered a crime for the purposes of Clery Act reporting.

- **Sexual Assault:** An offense that meets the definition of rape, fondling, incest or statutory rape as used in the FBI’s Uniform Crime Reporting (UCR) program. Per the National Incident-Based Reporting System User Manual from the FBI UCR Program, a sex offense is “any sexual act directed against another person, without the consent of the victim, including instances where the victim is incapable of giving consent.”
  - **Rape** is defined as the penetration, no matter how slight, of the vagina or anus with any body part or object, or oral penetration by a sex organ of another person, without the consent of the victim. This offense includes the rape of both males and females.
  - **Fondling** is defined as the touching of the private body parts of another person for the purposes of sexual gratification, without the consent of the victim, including instances where the victim is incapable of giving consent because of his/her age or because of his/her temporary or permanent mental incapacity.
Incest is defined as sexual intercourse between persons who are related to each other within the degrees wherein marriage is prohibited by law.

Statutory rape is defined as sexual intercourse with a person who is under the statutory age of consent.

Stalking:

Engaging in a course of conduct directed at a specific person that would cause a reasonable person to—

- Fear for the person’s safety or the safety of others; or
- Suffer substantial emotional distress.

For the purposes of this definition—

- Course of conduct means two or more acts, including, but not limited to, acts which the stalker directly, indirectly, or through third parties, by any action, method, device, or means follows, monitors, observes, surveils, threatens or communicates to or about a person, or interferes with a person’s property.
- Reasonable person means a reasonable person under similar circumstances and with similar identities to the victim.
- Substantial emotional distress means significant mental suffering or anguish that may, but does not necessarily, require medical or other professional treatment or counseling.

For the purposes of complying with the requirements of this section and section §668.41, any incident meeting this definition is considered a crime for the purposes of Clery Act reporting.

State law and institutional definitions can be found in Appendix C.

Reporting to Law Enforcement

Victims of sexual violence (also referred to as sexual misconduct) have the option of reporting incidents to a law enforcement authority. Incidents may be reported by calling University Police at (615) 898-2424, the Shelbyville Police Department at (931) 684-5811, or the Bedford County Sheriff’s Department at (931) 684-3232. Institutional personnel will assist a victim in notifying law enforcement authorities if this assistance is requested. Reporting sexual violence provides law enforcement the opportunity to investigate and collect evidence that could be used in criminal or civil proceedings, and in any University investigation that may be conducted. University Police may also be able to assist victims with any safety concerns. Other resources for victims of violent crimes can be located at the Bedford County District Attorney Victim/Witness Office, or on the Tennessee District Attorney Victim/Witness Office.

All reports of sexual violence made to University Police will automatically be referred to the MTSU Title IX Coordinator for review and investigation, even if the complainant declines to pursue criminal charges.

Reporting to University Police (Nottingham Act requirements):

Unless the victim of a sexual assault does not consent to the reporting of an offense, the MTSU Police Department shall immediately notify the Shelbyville Police Department if an MTSU police officer is in receipt of a report from the victim alleging that any degree of rape has occurred on MTEC property. The MTSU Chief of Police shall designate one (1) or more persons who shall have the authority and
duty to notify the Shelbyville Police Department in his/her absence. In the case of an alleged rape, the MTSU Police Department and the Shelbyville Police Department shall jointly investigate the incident. The MTSU Police Department shall lead the investigation. The Shelbyville Police Department and MTSU Police Department shall cooperate in every respect in the investigation. T.C.A. § 49-7-129.

If the victim does not consent to the reporting, the chief security officer or chief law enforcement officer of each institution shall not report the offense to the local law enforcement agency. T.C.A. § 49-7-2207; Public Acts 2005, Chapter 305.

MTSU does not publish the name of crime victims nor maintain identifiable information regarding victims in the Daily Crime Log or in the release of timely warnings.

**Immediate Actions Following a Sexual Assault; Preserving Evidence**

In the immediate aftermath of an act of sexual violence, the most important thing is for the victim to get to a safe place. When a feeling of safety has been achieved, the victim should seek medical attention regardless of his/her decision to report the crime to the police. It is very important so that the victim can be screened for sexually transmitted diseases/pregnancy/date rape drugs, obtain emergency contraception, and receive treatment for any physical injuries. A victim has the right to accept or decline any or all parts of a medical exam. However, critical evidence may be lost or missed if not collected or analyzed.

Valuable physical evidence can be obtained from the victim and the victim’s clothing. Every effort should be made to save anything that might contain the offender’s DNA. Therefore, a victim should not:

- Bathe or shower;
- Wash his/her hands;
- Brush his/her teeth;
- Use the restroom;
- Change clothes;
- Comb hair;
- Clean up the area where the incident took place; or,
- Move anything the offender may have touched.

Even if the decision to report the crime has not yet been made, receiving a forensic medical exam and keeping the evidence safe from damage will improve the chances that the police can access and test the stored evidence at a later date should the victim decide to prosecute.

Keeping relevant text messages, instant messages, social networking pages, and other communications, as well as pictures, logs or other copies of documents, if there are any, may also be useful to investigators.

Students, faculty or staff who report being victims of dating violence, domestic violence, sexual assault or stalking are provided a copy of the [Sexual Violence Victim Information](#) document which includes
information about reporting the incident, options to report confidentially, the investigative and disciplinary processes, and available resources for the victim.

**Institutional Reporting and Investigation**

MTSU has implemented [MTSU Policy 27, Misconduct, Discrimination, and Harassment Based on Sex (including pregnancy, sexual orientation, and gender identity/expression)](https://www.mtsu.edu/titleix) (for purposes of this section, hereinafter referred to as “Policy”). This Policy has information including, but not limited to, how to report incidents of sexual violence, investigation and hearing processes, and resources for victims. The information provided in this Section is based on this Policy but is not a verbatim reproduction of it. Readers are urged to consult the Policy for additional information and details. Information about sexual violence and reducing the risk of sexual assault and bystander intervention, among other topics, can also be found on the [MTSU Sexual Violence webpage](https://www.mtsu.edu/titleix).

The investigation and hearing processes will be conducted by officials who receive annual training on issues related to dating violence, domestic violence, sexual assault and stalking, and on how to conduct an investigation and hearing process that protects the safety of victims and promotes accountability.

Sexual violence includes dating violence, domestic violence, stalking and sexual assault. Those terms, along with the definition of ‘consent,’ as used in this jurisdiction, can be found in Appendix C to this Report.

**Reporting Incidents of Sexual Violence**

MTSU encourages victims of sexual misconduct to talk to someone about what happened so they can get the support they need and so that MTSU can respond appropriately. Though MTSU will keep reports as confidential as possible, it cannot guarantee the confidentiality of every report or complaint.

Reports to professional licensed counselors (including the MTSU Counseling Center) or to professional medical healthcare providers (including the MTSU Student Health Center) are confidential in every respect, to the extent allowed by law.

- Professional licensed counselors who provide mental health counseling to MTSU’s campus community, including those who act in that role under the supervision of a licensed counselor (“counselors”), are not required to report any information about an incident to the Title IX Coordinator and will not do so without a victim’s written permission.
  - Students may utilize the MTSU Counseling Center, Keathley University Center, Room 326-S.
  - Employees may utilize the [Employee Assistance Program](https://www.mtsu.edu/titleix) (“EAP”).
  - Both students and employees may utilize the Domestic Violence and Sexual Assault Program, 2106 East Main Street, 24-hour Crisis Line (615) 494-9262 or (615) 896-7377, or other professional counselors.

- Professional medical healthcare providers, including those who act in that role under supervision of a licensed healthcare provider (“doctors”), are not required to report any
information about an incident to the Title IX Coordinator and will not do so without a victim’s written permission.

- Students may utilize the MTSU Student Health Center, or a healthcare provider of their choice.
- Employees must utilize a healthcare provider of their choice.

❖ Counselors and doctors will maintain confidentiality unless required by law or court order to disclose the information. For example, Tennessee’s mandatory reporting law related to abuse of minors, imminent harm to others, or subpoenas for testimony may require disclosure of some or all information received.

Reports to a responsible employee will not be absolutely confidential but will be handled in as confidential a manner as possible. A “Responsible Employee” is an MTSU employee who has the authority to redress sexual misconduct, discrimination, and/or harassment; who has the duty to report incidents of sexual misconduct, discrimination, and/or harassment; or, whom a student could reasonably believe has this authority or duty.

Requests for confidentiality, requests that no investigation into a particular incident be conducted or disciplinary action taken may not, in all cases, be honored. The University will weigh that request against its obligation to provide a safe, non-discriminatory environment for all students, including the complainant. The complainant should understand that the University’s ability to meaningfully investigate the incident and pursue disciplinary action against the alleged perpetrator(s) may be limited under those circumstances.

A student who is a victim of sexual misconduct and who was under the influence of alcohol or drugs during the sexual misconduct incident should not be reluctant to seek assistance for fear of being sanctioned for his/her improper use of alcohol or drugs. The Office of Judicial Affairs and Mediation Services will generally not pursue disciplinary violations against the victim (or against a witness) for his/her improper use of alcohol or drugs (e.g., underage drinking) if the victim or witness is making a good faith report of sexual misconduct. Amnesty for improper use of alcohol or drugs will not be accorded to a student charged with sexual misconduct. This practice only applies to amnesty from violations of MTSU Policy 540, Student Conduct. It does not grant amnesty for criminal, civil or legal consequences for violations of federal, state, or local law.

The institution can assist victims in receiving other necessary protection and support, such as victim advocacy; academic support or accommodations; disability, health or mental health services; “no contact” orders; and, changes to living, working, transportation or academic situations. The University will make such accommodations or provide such protective measures if the victim requests them and if they are reasonably available. This will occur regardless of whether the victim chooses to report the incident to law enforcement or continue to actively participate in the investigative process. Confidentiality concerning provision of these measures will be maintained to the extent that this would not impair the ability of the University to provide the accommodations or protective measures.

Complaints concerning sexual misconduct and requests for accommodations and/or protective measures can be made directly to these individuals:
The University shall not share personally identifiable information with law enforcement without the victim’s consent or unless the victim has also reported the incident to law enforcement.

Inquiries or complaints concerning Title IX also may be referred to the United States Department of Education:
Investigation of Complaints

Investigation Requirements and Procedures

All proceedings will include a prompt, fair, and impartial investigation and result. The University will provide the respondent and complainant equitable rights during the investigative process.

All complaints of sexual misconduct shall be presented to the Title IX Coordinator or Deputy Title IX Coordinator for investigation and appropriate disposition. The Title IX Coordinator must always be informed by a Deputy Title IX Coordinator of the receipt of a complaint.

Complaints involving sexual misconduct will be investigated by the Title IX Coordinator, a Deputy Title IX Coordinator, or a qualified, sufficiently trained person appointed by the Title IX Coordinator (hereinafter referenced as “the Investigator.”).

The Office of the University Counsel (“OUC”) shall always be consulted prior to and throughout the investigation. The investigation will be under the direction of the OUC.

The Investigator shall also notify the President and any appropriate coordinator (i.e., Title VI or ADA/Section 504) that an investigation is being initiated.

Mediation between the complainant and respondent will never be considered an appropriate resolution in sexual assault cases.

Initiating an Investigation

- Absent good cause, within three (3) business days of receipt of a report of sexual misconduct, the Investigator shall attempt to get a written statement from the complainant that includes information related to the circumstances giving rise to the complaint, the dates of the alleged occurrences, and names of witnesses, if any. The complainant should be encouraged to complete a complaint form and submit a detailed written report of the alleged incident.
- When the complainant chooses not to provide a written complaint, the Investigator will still investigate to the extent possible and take appropriate action.
- Both before and during the pendency of the investigations, the Investigator shall consult with the complainant and respondent and consider what, if any, interim measures may be necessary. See below for more information related to interim measures.
Complaints made anonymously or by a third party will be investigated to the extent possible. Anonymous reports may be made online at http://mtsu.edu/sexual-violence/reporting-form.php.

After consultation with the OUC, if the Investigator determines that the complaint contains an allegation of sexual misconduct, the Investigator shall follow the procedures set forth in MTSU Policy 27 to investigate and adjudicate the complaint.

Only one person shall be identified as the primary investigator for a complaint. The primary investigator may assign investigatory duties to other properly trained individuals, as appropriate.

Investigations shall be conducted by officials who do not have a conflict of interest or bias for or against the complainant or respondent.

If the complainant or respondent believes the assigned investigator has a conflict of interest, that party must submit a written explanation of the reason for that belief to the Assistant Vice President for Human Resource Services. The explanation must be submitted within three (3) business days, absent good cause, of the time when the party knew or should have known the facts that would give rise to the alleged conflict of interest. The Assistant Vice President for Human Resource Services will determine if the facts warrant the appointment of a different investigator and respond to the party in writing within three (3) business days, absent good cause. The decision of the Assistant Vice President for Human Resource Services shall be final.

What the Investigation Should and Should Not Entail

Once the Investigator receives the complaint, the Investigator shall notify the complainant in writing of his/her rights and request a meeting.

The Investigator shall also notify the respondent in writing of the complaint and his/her rights and request a meeting with the respondent.

The Investigator shall notify the complainant, respondent and all individuals interviewed during the investigation that retaliation is strictly prohibited and may be grounds for disciplinary action. In addition, the Investigator shall advise all interviewees that they should contact the Investigator immediately if they believe they are being retaliated against.

The investigation shall include interviews with both the complainant and respondent, unless either declines an in-person interview.

The complainant and respondent shall be provided with the same opportunities to have others present during an interview, including the opportunity to be accompanied by the advisor of their choice to any related meeting or proceeding.

The University will not limit the choice of advisor for either the complainant or respondent; however, advisors will be limited to an advising role only and may not otherwise participate in the proceedings.

The investigation shall include interviews with relevant witnesses identified by the complainant and respondent and any other potential, relevant witness made known to the investigator via other means.

The investigation shall include the gathering and reviewing of any documentary, electronic, physical, or other type of relevant evidence.

The Investigator is expected to request a list of relevant witnesses and evidence from the complainant and respondent and take such into consideration.

The Investigator shall not consider any evidence about the complainant’s prior sexual conduct with anyone other than the respondent. Evidence of a prior consensual dating or sexual relationship between the parties by itself does not imply consent or preclude a finding of sexual misconduct.

Outcome of Investigation & Determination of Appropriate Action
Upon completion of the investigation and in consultation with the OUC, the Investigator shall prepare a written report that includes the allegations made by the complainant, the response of the respondent, corroborating or non-corroborating statements of the witnesses, review of other evidence obtained, conclusions that may be drawn from the evidence gathered and recommendations about the disposition of the matter. Documents protected by the attorney work-product privilege, such as the investigator’s personal notes, should not be attached to the investigation report.

It is the responsibility of the Investigator to weigh the credibility of all individuals interviewed and to determine the weight to be given to information received during the course of the investigation.

After review and comment by the OUC and Title IX Coordinator, the report shall be delivered by the Investigator to the appropriate decision maker for a determination. The appropriate decision maker will be determined by the status of the respondent. If the respondent is a student, the matter shall be referred to the Vice President for Student Affairs for a determination. If the respondent is a faculty member, the matter will be referred to the Provost. If the respondent is a staff member, the matter shall be referred to the Assistant Vice President for HRS. If the respondent is a third party, the matter shall be referred to the Vice President for Business and Finance or designee.

After review of the report and in consultation with the OUC, the President shall make a determination based on a preponderance of the evidence presented as to whether or not a violation of this policy occurred.

The President’s determination shall be communicated in writing simultaneously to the complainant and respondent, along with notice to the parties of their right to request an institutional hearing on the determination that a policy violation did or did not occur. This notice shall include:

- Both parties shall be notified of whether or not it was found that the alleged conduct occurred and their rights to appeal the decision to the President.
- The respondent shall be notified of all sanctions imposed on him/her, if any. In sexual misconduct cases, the complainant shall receive notice of all sanctions imposed on respondent, if any. In cases covered by this policy that do not constitute sexual misconduct (i.e., sexual harassment) the complainant shall only receive notice of sanctions that directly relate to the complainant, if any.
- The complainant shall be informed of any individual remedies offered or provided to the complainant, and other steps taken to eliminate the hostile environment, if one is found to exist, and prevent recurrence. The respondent should not be notified of the individual remedies offered or provided to the complainant.

**Timeframe for Conducting the Investigation**

Every reasonable effort shall be made to conclude the investigation and resolve the complaint within sixty (60) calendar days following receipt of the complaint. Within this sixty (60) day timeframe, absent good cause, it is expected that the investigator will conclude the investigation, that the investigator will present a report to the decision maker, that the decision maker shall reach a final determination, and that the investigator will notify the parties in writing of the decision maker’s determination. This timeframe does not include an appeal.
If the Investigator or President determines that additional time is needed, after consultation with the OUC, both the complainant and respondent shall be notified in writing of the delay, the anticipated date that the investigation will be concluded, and the reasons for such delay.

If either the complainant or respondent determines that additional time is needed, they shall request such in writing to the Investigator. The written request for additional time shall include the reasons for the requested delay and the number of additional days needed.

The Investigator shall make every reasonable effort to respond to the request for additional time within two (2) business days following receipt of the request and shall notify both the complainant and respondent in writing as to whether or not the request is granted.

**Appeal of Decision to the President**

If either the complainant or respondent is dissatisfied with the decision maker's determination, that determination may be appealed to the President by notifying the Title IX Coordinator in writing of the decision to appeal within seven (7) business days of transmittal of the decision maker’s determination to the parties’ University email addresses.

If a written request for appeal is not received within seven business (7) days, the determination of the decision maker is final.

The appealing party(ies) must explain why it is believed the factual information was incomplete, the analysis of the facts was incorrect, and/or the appropriate legal standard was not applied, and how this would change the determination in the case.

The President will issue a written response to the appeal as promptly as possible. This decision will constitute MTSU’s final decision on the complaint. The complainant and respondent shall be simultaneously notified of the President’s decision in writing.

If a final decision has been made that a policy violation occurred, the Title IX Coordinator shall determine if any remedies are required to address the campus-wide environment, taking into consideration the impact of an incident of sexual misconduct, discrimination, and/or harassment on the campus as a whole and on specific groups or areas on campus. For example, the Title IX Coordinator may determine that specific training is needed for a student group whose members have been accused of sexual assault.

**Effect of a Finding of a Violation of this Policy**

If a final decision has been made that a policy violation occurred, the respondent shall be referred to the appropriate personnel for a determination of discipline. The appropriate personnel will be determined by the status of the respondent. If the respondent is a student, the matter shall be referred to the Assistant Dean for Office of Student Conduct. If the respondent is a faculty member, the matter will be referred to the Provost. If the respondent is a staff member or third party, the matter shall be referred to the Assistant Vice President for HRS. If the respondent is a student, the University will follow the procedures for disciplining students as described in **MTSU Policy 540, Student Conduct**. If the respondent is a faculty or staff member, the University will follow the procedures related to disciplining
employees as described in the applicable policies. Notwithstanding any policy to the contrary, the following additional requirements apply to disciplinary actions related to violations of this policy:

- The complainant and respondent shall receive sufficient notice of and be allowed to attend any hearing or other proceeding during the disciplinary process.
- The complainant and respondent shall be allowed to have an advisor of her/his choice attend any hearing or other proceeding during the disciplinary process.
- The complainant and respondent shall be allowed to testify at any hearing during the disciplinary process, even if neither the University nor the respondent party intends to call the complainant as a witness during the case-in-chief.
- The complainant and respondent shall be allowed access to any evidence presented during any disciplinary hearing or other proceeding during the disciplinary process.
- The Title IX Coordinator shall be appointed as the parties’ contact person for any questions or assistance during the disciplinary process.
- All hearing officers and hearing committee members shall receive, at a minimum, annual training on issues related to domestic violence, dating violence, sexual assault, and stalking, and on how to conduct an investigation and hearing process that protects the safety of victims and promotes accountability.
- If the complainant or respondent believes the hearing officer or any hearing committee member has a conflict of interest, that party must submit a written explanation of the reason for that belief to the Assistant Vice President for HRS. The explanation must be submitted within three (3) business days, absent good cause, of the time when the party knew or should have known the facts that would give rise to the alleged conflict of interest. The Assistant Vice President for HRS, in consultation with the OUC, will determine if the facts warrant the appointment of a different hearing officer or committee member and respond to the party in writing within three (3) business days, absent good cause. The decision of the Assistant Vice President for HRS shall be final.
- The hearing officer or chair of the hearing committee shall control the procedures of the hearing with due consideration given to the complainant's and respondent's requests related to procedures such as, but not limited to, limitations on cross-examinations, recesses so they may consult with their advisors, and scheduling of hearings. Except as required by applicable law, the hearing officer or chair of the hearing committee shall conduct the proceedings in a manner that does not allow the respondent or the complainant to directly question each other or any witness during the proceeding.
- The hearing officer/committee shall use a preponderance of the evidence standard when reaching a decision.
- The complainant and respondent shall be simultaneously notified of the hearing officer's/committee’s decision in writing, which shall include notice of their rights to appeal the hearing officer's/hearing committee’s determination, if any.
Refer to Sanctions for Disciplinary Violations for the range of possible disciplinary sanctions which may be imposed.

If a final decision is made that a policy violation occurred, the Title IX Coordinator shall determine if any remedies are required to address the campus-wide environment, taking into consideration the impact of an incident of sexual misconduct on the campus as a whole and on specific groups or areas on campus.

Interim Measures

In situations that require immediate action due to safety or other concerns, the University will take any reasonable administrative action, through interim measures, that is appropriate. In such situations, the Investigator is responsible for implementing the interim measure(s) after consulting with the Title IX Coordinator and the OUC. Examples of such interim measures include, but are not limited to:

- Providing an escort to ensure that the complainant can move safely between classes/work and activities;
- Ensuring that the complainant and respondent do not attend the same classes;
- Moving the complainant or respondent to a different residence hall or different work space;
- Providing access to counseling services;
- Providing or assisting in providing medical services;
- Providing academic support services, such as tutoring; and
- Arranging for the complainant to re-take a course or withdraw from a class without penalty, including ensuring that any changes do not adversely affect the complainant’s academic record.

Interim measures may be applied to one, both, or multiple parties involved. Student respondents may be placed on interim suspension under the appropriate circumstances pending the outcome of the investigation. MTSU shall follow MTSU Policy 540, Student Conduct, before placing a student respondent on interim suspension. In appropriate circumstances and consistent with Human Resource policies, employee respondents may be placed on administrative leave pending the outcome of the matter.

Education and Prevention Programs

MTSU will engage in comprehensive educational programming to prevent sexual misconduct, discrimination, and harassment. Educational programming consists of primary prevention and awareness programs for all incoming students and new employees and ongoing awareness and prevention campaigns for students, faculty, and staff that:

- Identifies domestic violence, dating violence, sexual assault, stalking, and sexual misconduct, discrimination, and harassment as prohibited conduct;
defines what behavior constitutes domestic violence, dating violence, sexual assault, stalking, and sexual misconduct, discrimination, and harassment;
- Defines what behavior and actions constitute consent to sexual activity in the State of Tennessee;
- Provides safe and positive options for bystander intervention that may be carried out by an individual to prevent harm or intervene when there is a risk of domestic violence, dating violence, sexual assault, stalking, and sexual harassment against a person other than the bystander; and
- Provides information on risk reduction so that students and employees may recognize warning signs of abusive behavior and how to avoid potential attacks.

Following are programs engaged in during the prior year:

- The MTSU Police Department facilitates programs dealing with security procedures and practices and/or programs encouraging students and employees to look out for themselves and for one another. Educational programs specifically designed to promote the awareness of rape, acquaintance rape, and other sexual offenses include Crime Prevention & Safety/Security (University 1010), Women Self Defense/Violence against Women, VAWA/Self-Protection, and the R.A.D. (Rape Aggression Defense) Program.
- In 2017, officers of the Department conducted 21 programs making contact with approximately 392 individuals. A list of the crime prevention and security awareness programs, detailing type and frequency, conducted by University Police in 2017 is provided at the end of this report (Appendix B).
- Continuing education programs to promote the awareness of rape, acquaintance rape, and other sexual offenses take place during CUSTOMS and Sexual Assault Awareness Month (April). Further educational programs take place within the residence halls and for student organizations upon request.

Free Legal Clinic

The June Anderson Center, with the help of the Rutherford-Cannon County Bar Association, holds free legal clinics for members of the MTSU campus community. The attorneys offer non-binding consultation for a wide range of topics including employment discrimination, sexual harassment, landlord-tenant disputes, financial problems, and family issues. Appointments are necessary, as space is limited. To register or to get more information, please call (615) 898-5812. Consultations are confidential.

Domestic Violence Awareness Month

Each October, the June Anderson Center plans events to educate and promote awareness of domestic violence to the MTSU community.

Miscellaneous efforts and programs undertaken to promote awareness and prevention:

- Officials from MTSU participate on the Rutherford County SART;
- MTSU has a Memorandum of Understanding with the local Domestic Violence and Sexual Assault Program;
- Brochures, posters, victim resource cards and magnets are available across campus, including posters posted inside campus shuttle buses;
- A climate survey of the student body concerning Title IX and Campus SaVE issues was taken;

- Sexual Responsibility Week (Healthy Relationships).

Regardless of whether a victim elects to pursue a criminal complaint, MTSU will assist victims of sexual misconduct and will provide each victim with a written explanation of her/his rights as a member of MTSU. Such written information will include:
The procedures victims should follow if a crime of dating violence, domestic violence, sexual assault or stalking has occurred.

Information about how the institution will protect the confidentiality of victims and other necessary parties.

A statement that the institution will provide written notification to students and employees about victim services within the institution and in the community.

A statement regarding the institution’s provisions about options for, available assistance in, and how to request accommodations and protective measures.

An explanation of the procedures for institutional disciplinary action.

Additionally, in the Tennessee court system, a victim of domestic violence, dating violence, sexual assault and stalking has the following rights: to confer with the prosecution; to be free from intimidation, harassment and abuse throughout the criminal justice system; to be present at all proceedings where the defendant has the right to be present; to be heard, when relevant, at all critical stages of the criminal justice process as defined by the General Assembly; to be informed of all proceedings, and of the release, transfer or escape of the accused or convicted person; to a speedy trial or disposition, and a prompt and final conclusion of the case after the conviction or sentence; to restitution from the offender; and, to be informed of each of the rights established for victims. Information related to these rights may be found on the Tennessee District Attorney website.

Protection from abuse orders may be available through the Tennessee State Courts website and additional information related to such orders may be found on the Tennessee Coalition website.

MTSU does not publish the name of crime victims nor maintain identifiable information regarding victims in the Daily Crime Log or in the release of timely warnings.

Resources for Victims of Sexual Misconduct

The resources listed below are not exhaustive or limited to victims who wish to make an official report or participate in an institutional investigation, police investigation or criminal prosecution. However, in cases where a victim wishes to maintain complete confidentiality, the victim should review carefully the information related to the limits on the University’s ability to maintain confidentiality. The complainant should also understand that the University’s ability to meaningfully investigate the incident and pursue disciplinary action against the alleged perpetrator(s) may be limited under those circumstances.

Information concerning sexual violence is available on the Sexual Violence webpage.

**Bystander Intervention**

We all have a role to play in eliminating sexual violence on our campus. When you see someone becoming aggressive or demanding in a public or social setting, or notice someone who is at risk of being taken advantage of, it’s your responsibility to intervene. Getting involved doesn't mean necessarily becoming confrontational or combative. Getting involved simply means noticing what is happening around you and then taking action to protect both parties so that bad behavior doesn't cross the line from socializing to sexual assault.

Crossing the line into sexual assault can ruin the lives of both the aggressor and the victim. When you observe a social interaction that appears to be headed for trouble, you will do your friends a favor by speaking up, providing a distraction, or simply leading one of the parties to another, safer location or activity. Both men and women can be effective in protecting their friends. You may need to be direct, and call it like you see it: "Hey—I'm not going to let you go home with him. It's time for us to leave." Or maybe, "Come on—you need to leave him alone." Sometimes all it takes is something simple, and humor can help break the tension. When you see that an interaction is getting too intense, it's ok to break into the conversation and lead your friend away as you explain that someone wants to talk with him or her, or make up some other story to interrupt before things get out of hand. Or turn the music off and the lights on. Take some action to disrupt, distract, and redirect what's going on.

**Risk Reduction Tips**

With no intent to blame victims, and recognizing that only abusers are responsible for their abuse, the following are some strategies to reduce one's risk of sexual assault or harassment (taken from Rape, Abuse & Incest National Network, www.rainn.org):

- Be aware of your surroundings. Knowing where you are and who is around you may help you to find a way to get out of a bad situation.
- Try to avoid isolated areas. It is more difficult to get help if no one is around.
- Walk with purpose. Even if you don’t know where you are going, act like you do.
Trust your instincts. If a situation or location feels unsafe or uncomfortable, it probably isn’t the best place to be.
Try not to load yourself down with packages or bags as this can make you appear more vulnerable.
Make sure your cell phone is with you and charged and that you have cab money.
Don’t allow yourself to be isolated with someone you don’t trust or someone you don’t know.
Avoid putting music headphones in both ears so that you can be more aware of your surroundings, especially if you are walking alone.
When you go to a social gathering, go with a group of friends. Arrive together, check in with each other throughout the evening, and leave together. Knowing where you are and who is around you may help you to find a way out of a bad situation.
Trust your instincts. If you feel unsafe in any situation, go with your gut. If you see something suspicious, contact law enforcement immediately. Local authorities can be reached by calling 911 in most areas of the U.S., including the MTEC campus.
Don’t leave your drink unattended while talking, dancing, using the restroom or making a phone call. If you’ve left your drink alone, just get a new one.
Don’t accept drinks from people you don’t know or trust. If you choose to accept a drink, go with the person to the bar to order it, watch it being poured and carry it yourself. At parties, don’t drink from the punch bowls or other large, common open containers.
Watch out for your friends, and vice versa. If a friend seems out of it, is way too intoxicated for the amount of alcohol they’ve had, or is acting out of character, get him or her to a safe place immediately.
If you suspect you or a friend has been drugged, contact law enforcement immediately. Be explicit with doctors so they can give you the correct tests (you will need a urine test and possibly others).
If you need to get out of an uncomfortable or scary situation here are some things you can try:
  o Remember that being in this situation is not your fault. You did not do anything wrong; it is the person who is making you uncomfortable who is to blame.
  o Be true to yourself. Don’t feel obligated to do anything you don’t want to do. “I don’t want to” is always a good enough reason. Do what feels right to you and what you are comfortable with.
  o Have a code word with your friends or family so that if you don’t feel comfortable you can call them and communicate your discomfort without the person you are with knowing. Your friends or family can then come to get you or make up an excuse for you to leave.
  o Lie. If you don’t want to hurt the person’s feelings, it is better to lie and make up a reason to leave than to stay and be uncomfortable, scared, or worse. Some excuses you could use are: needing to take care of a friend or family member, not feeling well, having somewhere else you need to be, etc.
Try to think of an escape route. How would you try to get out of the room? Where are the doors? Windows? Are there people around who might be able to help you? Is there an emergency phone nearby?
If you and/or the other person have been drinking, you can say that you would rather wait until you both have your full judgment before doing anything you may regret later.
LGBT Community

The crimes of sexual assault, dating violence and domestic violence are not limited to the heterosexual community. These crimes also impact the Lesbian, Gay, Bisexual, Transgender (“LGBT”) community and individuals are encouraged to report these crimes. All processes and resources discussed in this Section are equally available to the LGBT community.

Safe Zone

Safe Zone decals can be found on the doors or windows of a variety of offices on the MTSU main campus indicating that it is a welcoming place for a student to feel free to talk about being lesbian, gay, bisexual, transgender, or a member of another community associated with the LGBT community, without fear of criticism or hatred. The Safe Zone symbol is a way for staff members to identify themselves as allies for the LGBT community. Contact the MTSU Center for Student Involvement and Leadership at (615) 898-5812 for more information.

Tennessee Sex Offender Registry

In accordance to the Campus Sex Crimes Prevention Act of 2000, which amends the Jacob Wetterling Crimes Against Children and Sexually Violent Offender Registration Act, the Clery Act and the Family Educational Rights and Privacy Act of 1974, the University Police Department at MTSU is providing a link to the Tennessee Sex Offender Registry. The federal Campus Sex Crimes Prevention Act of 2000 and the Tennessee College and University Campus Sex Crimes Prevention Act of 2002 require institutions of higher education to issue a statement advising the campus community where law enforcement information provided by a State concerning registered sex offenders may be obtained. It also requires sex offenders already required to register in a State to provide notice to each institution of higher education in that State at which the person is employed, carries on a vocation, or is a student. Furthermore, offenders are required to notify their respective reporting agency (Sheriff’s Department, Police Department, or Probation and Parole) of any changes in employment or enrollment.

In the State of Tennessee, convicted sex offenders must register with the Tennessee Sex Offender Registry maintained by the Tennessee Bureau of Investigation (“TBI”). T.C.A. § 40-39-206 requires persons who are required to register pursuant to the Tennessee Sexual Offender and Violent Offender Registration, Verification and Tracking Act of 2004 (T.C.A. § 40-39-201 et seq.) to disclose the name and address of any institution of higher education in Tennessee at which the offender is employed, carries on a vocation or is a student. TBI is responsible for maintaining the Tennessee Sex Offender Registry. Also available online via TBI is a link to the Dru Sjodin National Sex Offender Website (“NSOPW”). First established in 2005 as the National Sex Offender Public Registry (“NSOPR”), NSOPW was renamed by the Adam Walsh Child Protection and Safety Act of 2006 and is the only U.S. government website that links public state, territorial, and tribal sex offender registries from one national search site. In addition, NSOPW provides information about sexual abuse and how to protect oneself and loved ones from potential victimization.

In accordance with T.C.A. §40-39-201, members of the public should not use information from the Tennessee Sex Offender Registry to inflict retribution or additional punishment on offenders. Though
much of the information in the records is of record, some of the information contained on the registry is obtained directly from offenders. Neither TBI nor University Police guarantees the accuracy or completeness of the information in the registry. The information contained in an offender’s record does not imply that the offender will commit a specific type of crime in the future, nor does it imply that if a future crime is committed by an offender what the nature of that crime may be. Neither TBI nor University Police makes any representation as to any offender’s likelihood of re-offending. If you believe that information concerning a specific offender is incorrect, please contact TBI at (888) 837-4170.

Abusive Relationships and Domestic Violence

Relationship violence, sometimes called intimate partner violence, domestic violence or dating violence, is the use of abusive behavior in order to have power and control in the relationship. The violence can be physical, sexual, emotional, mental, verbal, spiritual, or any combination of these.

**Signs of an abusive relationship include being with someone who:**

- wants to keep you away from your friends and family
- makes all the decisions
- gets angry over small things
- wants to control how you dress
- threatens to hurt you, your children, or him/herself when angry
- criticizes and name-calls – insults and humiliates you in front of others
- hits, shoves, throws objects, or uses other physically intimidating behavior
- forces sex or other use of physical force in sexual activity

If you are in an abusive relationship, you may feel embarrassed, ashamed, afraid, or even guilty. These feelings and many other conflicting emotions are common in such relationships. Violence can happen in long-term or newly-formed relationships. Relationship violence can occur regardless of socio-economic status, ethnicity, color, creed, sexual orientation, or age.

MTSU Counseling Services, (615) 898-2670, has trained counselors with whom you can talk about your concerns. The Domestic Violence and Sexual Assault Program, (615) 896-7377 (24-hour crisis line: (615) 494-9262 or (615) 896-2012) also provides counseling for individuals who are in violent or abusive relationships.

Alcohol and Illegal Drugs

**Possession, Use and Sale of Alcoholic Beverages and Enforcement of State Underage Drinking Laws**

The following information is presented in compliance with the *Drug-Free Schools and Communities Act Amendment of 1989*:

The use, distribution and/or possession of alcoholic beverages on University owned, leased or otherwise controlled property is prohibited pursuant to [MTSU Policy 755, Alcoholic Beverages](#).
Tennessee statutes provide that it is unlawful for any person under the age of twenty-one (21) to buy, possess, transport (unless in the course of employment), or consume alcoholic beverages, wine, or beer, such offense being classified a Class A misdemeanor punishable by imprisonment for not more than 11 months, 29 days or a fine of not more than $2,500 or both. The receipt, possession, or transportation of alcoholic beverages without the required revenue stamp is also a misdemeanor punishable by imprisonment of not more than thirty (30) days or a fine of not more than $50 or both.

Information about how use of alcohol affects health is available on the main campus at the MTSU Health Promotion Office or online.

MTSU does not currently provide alcohol counseling, treatment, or rehabilitation programs for students. Referral to community treatment facilities may be made in appropriate cases.

MTSU will impose sanctions against individuals who are determined to have violated rules prohibiting the use, possession, or distribution of alcohol. Sanctions for students using or possessing alcohol include disciplinary probation and, in appropriate cases, suspension or expulsion from the University. Referral for criminal prosecution may be made in appropriate cases. All employees, including students, agree as a condition of employment to abide by this policy. Sanctions against employees for use or possession of alcohol in the workplace include termination of employment.

**Possession, Use and Sale of Illegal Drugs and Enforcement of Federal and State Drug Laws**

The following information is presented in compliance with the *Drug-Free Schools and Communities Act Amendment of 1989*:

MTSU prohibits the possession, use, or distribution of illegal drugs and drug paraphernalia on the campus property or on institutionally owned, leased, or otherwise controlled property.

Various federal and state statutes make it unlawful to manufacture, distribute, dispense, deliver, or sell or possess with intent to manufacture, distribute, dispense, deliver, or sell controlled substances. The penalty imposed depends upon many factors which include the type and amount of controlled substance involved, the number of prior offenses, if any, and whether any other crimes were committed in connection with the use of the controlled substance. Possible sanctions include incarceration up to and including life imprisonment and imposition of substantial monetary fines.

MTSU will impose sanctions against individuals who are determined to have violated rules prohibiting the use, possession, or distribution of illegal drugs.

Sanctions for students using or possessing illegal drugs include disciplinary probation and, in appropriate cases, suspension or expulsion from the University. Referral for criminal prosecution may be made in appropriate cases. Individuals involved in the sale or distribution of illegal drugs will be suspended from the University and referred to the appropriate authorities for criminal prosecution. All employees, including students, agree as a condition of employment to abide by this policy. Sanctions against employees for use or possession of illegal drugs in the workplace include termination of
employment. Additionally, employees are required to notify the institution of any drug convictions resulting from a violation in the workplace no later than five (5) days after the conviction.

**Drug-Free Workplace**

It is the policy of MTSU that a drug-free workplace be maintained. See MTSU Policy 760, Drug-Free Workplace. The unlawful manufacture, distribution, possession, or use of any controlled substance (including prescription drugs) is banned in the workplace. Controlled substances are defined in 21 USCA 812 (listing available in the Office of Human Resource Services) and include such things as opium, hallucinogens (like marijuana, mescaline, etc.), cocaine, amphetamines, heroin, and morphine. This policy does not prohibit the lawful use of prescribed drugs which are taken under a doctor's care.

MTSU strives to maintain a workplace environment for all employees who are safe and free of illegal drugs, in compliance with the Drug-Free Workplace Act of 1988 and the Drug-Free Schools and Communities Act Amendments of 1989.

**Assistance or Counseling Programs Available to Employees and Students**

The Employee Assistance Program ("EAP") is a short-term counseling service available to MTSU employees and immediate family members who may be experiencing personal or workplace problems.

Eligible employees may participate in the statewide EAP to receive consultation and referral for alcoholism or substance abuse. All University employees are eligible for referral assistance through the MTSU EAP, coordinated by MTSU Human Resources Services, which maintains a list of campus and community agencies which provide referral information, and/or counseling to students and employees.

MTSU Heath Promotion, a division of Student Affairs, offers online assessments for risk related to alcohol or marijuana use. These assessments will provide personalized feedback regarding risk reduction techniques when appropriate and will express how your use or non-use compares to other MTSU students. These assessments may be accessed online.

Additionally, University Police and MTSU Counseling Services offer educational programs about alcohol and drug abuse for University student organizations and residence hall programming.

**Drug and Alcohol Abuse Education Programs**

MTSU recognizes that the use of alcohol and drugs can have a negative impact on students and the learning process. In order to inform students of these hazards, MTSU provides educational information that is available online at the links below:

- MTSU Health Promotion provides educational outreach and drug/alcohol education programs. More information is available online.
The Biennial Report on Alcohol and Drugs may be obtained at MTSU Student Health Services, or viewed [online](#).

MTSU does not currently provide drug/alcohol counseling, treatment, or rehabilitation programs for students. Referral to community treatment facilities may be made in appropriate cases.

## Sanctions for Disciplinary Violations

A range of disciplinary sanctions up to and including suspension or expulsion from the University are possible depending upon circumstances and are applicable to both individuals and organizations. Upon a determination that a student or student organization has violated any disciplinary offense set forth in [MTSU Policy 540](#), Student Conduct, or the general policies of the University, the sanctions listed below may be imposed, either singly or in combination, by the appropriate Institution or school officials.

**Restitution:**

Restitution may be required in situations which involve destruction, damage, or loss of property, or unreimbursed medical expenses resulting from physical injury. When restitution is required, the student or student organization is obligated by the appropriate judicial authority to compensate a party or parties for a loss suffered as a result of disciplinary violation(s). Any such payment in restitution shall be limited to actual cost of repair, replacement or financial loss;

**Warning:**

The appropriate Institutional official may notify the student or student organization that continuation or repetition of specified conduct may be cause for other disciplinary action;

**Reprimand:**

A written or verbal reprimand or censure may be given to any student or student organization whose conduct violates any part of these policies and provides notice that any further violation(s) may result in more serious penalties;

**Service to the Institution or Community:**

A student or student organization may be required to donate a specified number of service hours to the Institution performing reasonable tasks for an appropriate Institution office, official(s), or the local community. The service required shall be commensurate to the offense (e.g., service for maintenance staff for defacing Institutional property). Community service hours must be approved by the Office of Judicial Affairs and Mediation Services prior to a student beginning the service;

**Specified Educational/Counseling Program:**
A student or student organization may be required to participate in specified educational or counseling program(s) relevant to the offense, or to prepare a project or report concerning a relevant topic;

**Apology:**

A student or student organization may be required to apologize to an affected party, either verbally or in writing, for the behavior related to a disciplinary offense;

**Fines:**

Penalties in the form of fines may be imposed against a student or student organization whenever the appropriate Institutional authority deems appropriate. The sanction of fines may be imposed in addition to other forms of disciplinary sanctions. Failure to pay fines may result in further disciplinary action;

**Restriction:**

A restriction upon a student's or student organization's privileges for a period of time may be imposed. This restriction may include, for example, denial of the ability to represent the Institution at any event, ability to participate in Institution sponsored travel, use of facilities, parking privileges, participation in extracurricular activities or restriction of organizational privileges;

**Probation:**

Continued enrollment of a student or recognition of a student organization on probation may be conditioned upon adherence to these policies. Any student or organization placed on probation will be notified in writing of the terms and length of the probation. Probation may include restrictions upon extracurricular activities, or any other appropriate special condition(s). Any conduct in further violation of these policies while on probationary status or the failure to comply with the terms of the probationary period may result in the imposition of further disciplinary action;

**Suspension:**

Suspension is the separation of a student or student organization from the Institution for a specified period of time and includes all instructional delivery methods (i.e., on ground, on-line, distance education, etc.). Suspension may be accompanied by special conditions for readmission or recognition. Any student receiving a sanction of suspension shall be restricted from the campus of MTSU during the period of separation unless on official business with the University verified in writing by the Dean of Student Life. A suspended student must submit a written request to be on campus to the Dean of Student Life a minimum of 48 hours in advance of the scheduled time of his/her business on campus. The request must specify the specific reason to be on campus and the location that the student wishes to visit. Students who have been suspended are not permitted to live or board in University facilities or housing unless otherwise approved or provided by the University;

**Expulsion:**
Expulsion entails a permanent separation from the Institution. The imposition of this sanction is a permanent bar to the student's admission, or a student organization's recognition by the Institution. A student or organization that has been expelled may not enter Institution property or facilities without obtaining prior approval from an appropriate campus official with knowledge of the expulsion directive. Any student receiving a sanction of expulsion shall be restricted from the campus of MTSU unless on official business with the University verified in writing by the Dean of Student Life. An expelled student must submit a written request to be on campus to the Dean of Student Life a minimum of 48 hours in advance of the scheduled time of his/her business on campus. The request must specify the specific reason to be on campus and the location that the student wishes to visit. Students who have been expelled are not permitted to live or board in University facilities or housing unless otherwise approved or provided by the University;

**Revocation of Admission, Degree, or Credential;**

Any alternate sanction deemed necessary and appropriate to address the misconduct at issue;

**Interim Involuntary Withdrawal or Suspension:**

As a general rule, the status of a student or student organization accused of violation of MTSU Policy 540, Student Conduct should not be altered until a final determination has been made in regard to the charges. However, interim involuntary withdrawal or suspension, pending the completion of disciplinary procedures, may be imposed upon a finding by the appropriate Institutional official that the conduct or attempted conduct of the student poses a direct threat to the safety of any other member of the Institution, its guests, property, or if the student’s behavior is materially and substantially disruptive of the institution’s learning environment or other campus activities. In any case of interim involuntary withdrawal or suspension, the student, or student organization, shall be given an opportunity at the time of the decision, or as soon thereafter as reasonably possible, to contest the interim involuntary withdrawal or suspension. During an interim suspension, the student shall be denied access to residence halls, campus (including classes), and/or all other University activities or privileges for which the student might otherwise be eligible, as the Dean of Student Life or a designee may determine to be appropriate. A preliminary hearing will be held by a designee of the Dean of Student Life in consultation with appropriate University officials and the Vice President for Student Affairs, within four (4) working days of the interim involuntary withdrawal or suspension to determine if the interim involuntary withdrawal or suspension should continue until a formal hearing of the charges by a University adjudicating body can be held. During this preliminary hearing, the student will be given notice of the allegations supporting the imposition of interim involuntary withdrawal or suspension against him/her and a summary of the evidence that supports the allegations. The student will be afforded an opportunity to respond to the allegations. If the interim involuntary withdrawal or suspension is upheld, the formal hearing concerning withdrawal, suspension or expulsion shall be held as soon as practical. The student also has the option of having the case adjudicated by a Student Life Dean;

**Housing Probation:**
Continued residence in campus or student housing may be conditioned upon adherence to this policy as well as Institutional housing policies. Any resident placed on housing probation will be notified in writing of the terms and length of the probation. Probation may include restrictions upon the activities of the resident, including any other appropriate special condition(s);

**Involuntary Reassignment:**

A student may be involuntarily moved to another housing assignment if warranted by his/her behavior;

**Housing Suspension and Forfeiture:**

A resident suspended from housing may not reside, visit, or make any use whatsoever of a housing facility or participate in any housing activity during the period for which the sanction is in effect. A suspended resident shall be required to forfeit housing fees (including any unused portion thereof and the Housing Deposit). A suspended resident must vacate the housing unit. Housing suspension shall remain a part of the student resident's disciplinary record.

### VAWA Offenses

1. Institutions are required to publish the number of “Unfounded” crimes beginning with calendar year 2015 crime statistics. MTSU has elected to voluntarily report that information for 2014 crime statistics in advance of the requirement taking effect.
2. Crimes required to be reported by the Clery Act when motivated by a hate or bias of the offender. In an effort to better inform the community, MTSU voluntarily discloses incidents of these crimes whether they have been motivated by hate/bias or not.
3. The elements of domestic violence and dating violence are very similar. Therefore, in order to differentiate between the two crimes for classification purposes, University Police counted incidents as “domestic violence” that could have been classified as “dating violence” if the persons involved lived together at the time of the incident (to include roommates).

The Clery Act requires that MTEC disclose hate or bias motivated offenses. A hate crime is a criminal offense committed against a person or property which is motivated, in whole or in part, by the offender's bias. Bias is a preformed negative opinion or attitude toward a group of persons based on their race, gender, religion, disability, sexual orientation, ethnicity, national origin or gender identity.

ACs are available during formal office hours and at informal times for counseling, crisis intervention, coordination and administration of a living-learning environment, advisement of Area Government and academic support programs, coordination of maintenance and custodial services, and interpretation of University policy and administration of the judicial process.

**Arrests and Disciplinary Referrals:**

In accordance with the Clery Act, MTSU is required to (1) disclose the number of arrests for liquor law, drug law, and weapon law violations, and (2) disclose the number of individuals referred to MTSU Judicial Affairs and Mediation Services (or “Judicial Affairs”) for liquor law, drug law, and weapon law violations. The numbers include incidents that are reported via University Police reports and reports provided to Judicial Affairs from other members of the University community:

**Drug Law Violations:**
