Fax (615) 898-5029
Finding Faculty in a Competitive Market

I want to share this recruitment guide produced in our office on behalf of Academic Resources.

We continue to see Nashville and its surrounding areas grow at an amazing pace, garnering national recognition. Likewise, Murfreesboro was recognized as #19 by Money magazine in its 2018 Best Places to Live in America issue. As a result, we have the unique advantage of being in one of the most highly desired areas of the country. More specific to our campus, MTSU has been named in The Princeton Review’s “Best 385 Colleges” each year since 2020.

Supporting our colleges and academic departments is crucial to the Academic Resources staff. We hope this guide will provide helpful information for HR liaisons, search committee participants, and hiring officials, translating into successful faculty recruitment and hiring.

Please review this guide and use it to strengthen your skills and efforts toward recruitment, resulting in the selection of colleagues who will enjoy longevity and success at MTSU while bringing significant value toward the success of our students and your departments.

Good luck with your search!

Becky Cole
Associate Provost for Academic Administration and Resources
Middle Tennessee State University

We seek candidates committed to innovative teaching, robust research/creative activity, and meaningful service. We also seek to attract culturally and academically diverse faculty who value working with diverse students.

The Office of Institutional Equity and Compliance (IEC) at Middle Tennessee State University (MTSU) is committed to a diverse, inclusive work and learning environment. We fully embrace, value, and respect the backgrounds, cultures, identities, and experiences of our students, faculty, staff, visitors, and all who partner or do business with MTSU. Our vision is to foster a culture of inclusive excellence through our diverse people, philosophies, and perspectives to advance MTSU as a national leader, leveraging diversity to achieve its goals.

By the policy statement and letter of commitment from the President, outlined in Section I of the Affirmative Action Plan, MTSU shall not engage in practices that would discriminate against any individual or group for reasons of race, sex, sexual orientation or gender identity, age, color, religion, ethnic or national origin, disability status, or status as a covered veteran. MTSU finds explicitly that the diversity of students, faculty, administrators, and staff is crucial to the educational process. It reaffirms its commitment to enhancing education through affirmative action to increase diversity at all levels.

If you find an unclear area in this guide, please let us know so we can provide better directions.
INITIATING THE SEARCH

STAFFING NEEDS AND APPROVALS are determined by reviewing division/department staffing needs and affirmative action goals. They should include a discussion of these goals with the Office of Institutional Equity & Compliance (IE&C). This is also a time to consider the plans of the department. The dean and the department chair should have a vision of the department’s needs for the future, and the recruiting should be in harmony with those goals.

Departments/Colleges wishing to hire a full-time faculty position must first obtain the Provost’s approval to fill the position.

Academic Affairs is now using the Academic Performance Solutions software platform and an associated Faculty Line Request Template to consider requests to advertise replacement or new faculty positions: https://mtsu.edu/provost/recruit_documents/Faculty_Line_Request_Form-AY2020-21.xlsx

Academic Affairs follows a fall recruitment initiative schedule for tenure-track faculty positions and most open-ended clinical/research track appointments. We provide the Provost Optimal Recruitment Timeline each year, detailing the expected schedule for the fall recruitment cycle. Full-time lecturer recruitment initiatives occur in the spring. We then provide each department’s “color chart” detailing reappointment year status and the Provost's approval of filling positions.

PROVIDE POSTING DETAILS using identified needs and, if time permits, consider the advice of the search committee. Be sure to include the job description, required education, required experience (if any), licensure and certifications (if any), and other desirables (if any) as well as advertising source(s).
AT THIS TIME, departments WILL NOT create a Job Card (aka “faculty posting”) within the PageUp hiring system due to possible confusion with the Administrative/Classified process. Instead, once you have obtained the required approvals referenced above to search a faculty position, please navigate to and complete the Academic Resources Faculty Posting Request dynamic form found at: https://itdwebapps.mtsu.edu/DFPassThrough/DFCasAuth?TargetResource=https%3a%2f%2fdynamicforms.ngweb solutions.com%2fSubmit%2fStart%2fa55a4ceb-90c4-4135-acb2-0d2020e6b6c7

Completing and submitting this form provides all the information and approvals needed by the Faculty Recruitment Specialist to create your faculty posting within the PageUp hiring system. All information specific to your posting must be provided within the form. All required areas are denoted with an asterisk (*). Sections not required for your position (e.g., Required Experience, Licensure, Certification, and or Registration) may be left blank when not needed for the posting.

The posting may contain more than one position approved to post as long as each position has the same job description and requirements to apply. Follow user directions for the online hiring system to submit and obtain all necessary approvals.

PLACE AD: At least one discipline-specific ad source identified by the hiring department is required for tenure-track postings. Departments are responsible for placing discipline-specific ads and covering costs (if any). Academic Affairs will post ads in other required advertising sources, including sources contracted for our efforts toward diversity outreach.

If tenure-track postings are out of the recruitment cycle, department chairs or deans are responsible for placing and paying for ALL required outside ad sources.

Be sure to provide the Faculty Recruitment Specialist with all outside ad sources so the Recruitment Plan for the posting can be updated. Ad requirements and copy to all external sources must be consistent with online posting. Academic Affairs will place ads in the established centralized recruitment list of sources during the recruitment initiatives.
APPOINT SEARCH COMMITTEE (minimum of three members), identify chairperson, and adhere to gender and government-recognized race and ethnic minority representation. When required, diversity needs can be met through other departments or a professional community member outside the campus (Guest Users).

Faculty serving as a Search Committee Member....

**NOTE:** Do not publish your outside advertisement before the job posting becomes active on our hiring site.
If you do, potential applicants who may visit our site will not be able to find the posting.

Tenure-Track postings are nationally searched and require a 30-day posting period.
All other full-time temporary (non-tenurable) faculty postings require a two-week posting period.

**APPOINT SEARCH COMMITTEE**

Should decline serving if considering application to the posting.

Must recuse themselves **before** the Review Date if interested in applying.

Should reveal any relationship with an applicant.

**May not** provide letters of recommendation for candidates in the search (Includes Dept. Chair & Dean as well).

Recusal required if conflicts of interest exist (i.e., professional, personal, or financial).

Should be tenured or tenure-track faculty. Temporary faculty, adjunct faculty, students, and staff **may not** serve.

May assist in creation of advertising; however, outside ad source copy **may not** differ from posting.

Consider discipline-related journal, professional associations, or colleagues for outside ad sources.

Participate in a Recruitment Roundtable session to assure being up-to-date with process and regulations.
Search Committee Member Actions should include....

**Emergency Hires (HWO)** without a search require approval from the Provost and IE&C along with a Request for Waiver of Search Procedures

https://itdwebapps.mtsu.edu/DFPassThrough/DFCasAuth?TargetResource=https%3a%2f%2fdynamicforms.ngwebsolutions.com%2fSubmit%2fStart%2f76207ec4-ff0f-4758-bd60-b5ff3b29bc1d

Please also provide all items listed on the checklist

**Applicant Responses:** Department chairs may follow up to see if applicants are applying by logging into the online posting periodically during the posting period to note the number of applicants. If there is little or no applicant response, please contact our office to discuss additional advertising. Department chairs **should not** review applicant’s materials before the committee release review.
**SEARCH COMMITTEE REVIEW:** Members will not be able to review applicants until they receive email notifications the applicants have been released as the assigned Review Date arrives. The email will provide a link to access the applicants/materials and the Selection Criteria Form each committee member (including guest members outside the university's employment) will use to perform their reviews.

- Individually review applicants, confirming if applicant meets requirements and supplied all required documents.
- Review to confirm **successful** provision of all required documents are attached. Failure to include all required attachments results in an "Initial Screen Unsuccessful" status for the applicant.
- If applicant response results in high volume, search committee chair may decide to allow review division among committee members.
  - No applicant may be dismissed from consideration by a single member review, consensus of at least three is required.
  - Produce a strong, diverse pool who meet or exceed required qualifications.
- Selection criteria is required for **ONLY** applicants submitted in the pool.
  - Search committee chair will enter information into the hiring system.
  - New qualifications (not included in posting or required for position) MAY NOT be introduced during review.
  - Develop pool using strengths and limitations for Selection Criteria Form and provide to Committee Chair.
- Provide department chair with list of names submitted in the pool. **DO NOT RANK** applicants within pool.
- After review of applicants being recommended to the pool, department chair will take necessary steps to submit pool to dean; Dean will follow with submittal to Institutional Equity and Compliance (IE&C) for candidate pool approval.
- Once **POOL APPROVAL** of candidates has been returned from IE&C, check for any changes (omissions/additions) that may have been applied to your pool.

Committee contact with applicants **may not** occur until **after** they are approved in the pool. IE&C will notify the department once the candidates are approved. All approved candidates must be provided the same interview opportunity.
Legislation from July 1, 2016 (T.C.A. Sec., 49-7-133) requires each institution to publish warnings that misrepresentation of academic credentials constitutes a Class A misdemeanor. The warning is required in the institution catalog, website, AND any contract for employment in a position requiring academic credentials.

**LETTERS OF RECOMMENDATIONS** will be automatically solicited via the online hiring system as soon as IE&C approves the applicant as a candidate in the pool. Response letters to the solicitations must be returned via the unique link assigned to each recommender, which was provided within their solicitation. Recommendations must be based on the candidate’s professional (not personal) knowledge and should be current, specific to the posting, and external to MTSU whenever possible. General dossier letters are not accepted. Letters cannot be received from the candidate being recommended.

**SALARY RECOMMENDATIONS** should be initiated by the department chair for the candidates being considered as finalists. The fully signed form (https://mtsu.edu/provost/docs/facsalrec.pdf) and a hard copy of the CV should be submitted to Becky Cole for each finalist before the final interview. Please indicate the date/time of the scheduled interview (top left-hand corner) on the form to help prioritize salary recommendation response times.

**TRANSCRIPTS** for ALL conferred degrees should be requested and must be “official” (not issued to students). Finalists with one or more non-US conferred degrees must have the transcripts translated into English (if needed) and evaluated by an approved foreign credential verification organization. The list of approved organizations can be found at this link AND is at the candidate's expense: http://www.naces.org/members.html.

Copies of evaluations performed previously for the finalist to have been accepted into a US institution or program are also acceptable if performed by one of the approved credential verification companies, and their former program is agreeable to share the evaluation.

**SCHEDULE INTERVIEWS** once you have received the approved pool of candidates from IE&C. If the qualified applicant response to the posting is such that the pool cannot be narrowed to two or three candidates (aka “short-list”) for final interviews, the tiered approach (phone, video interview) should be used.

**IMPORTANT:** Once you have identified your “short-list” of approved candidates, it is imperative that their workflow state be changed within the PageUp hiring system to “Finalist Interview scheduled.” Doing so prompts the system to automatically generate an email to those candidates requesting their provision of official transcripts and credential evaluations if/when needed.

On-campus interviews are required for tenure-track finalists only. All other faculty posting interviews may be conducted via phone or video. Committees may elect to use a video interview approach.
With the initial tier, however, candidates may decline a video interview, and the committee chair must provide an option for a phone interview. All candidates should receive this option, which should not be held against a candidate who declines the video option. Planned audio recording of all phone or video sessions is recommended to allow for the unforeseen times when a committee member may not be able to participate in the “live” interview. Be sure to notify the candidate of any recording of a session.

All candidates must be treated equally and provided the same interview opportunities without exception throughout the interview process – including internal candidates (e.g., phone interviews, same questions posed [follow-up questions may differ], required lectures/presentations, meals, meetings).

Remember: Searches must remain confidential!! Discussions of candidates shall be limited to committee members or those directly administering in the recruitment process. Internal candidates may not be included in departmental provision of other candidates’ information nor attend their lectures/presentations.

INTERVIEWS Tenure-track on-campus interviews should be conducted by the entire committee and include the department chair and dean. The Vice Provost for Research should be included in the on-campus interviews to discuss possible research support with the candidate. The Office of Academic Affairs maintains several resources to assist search committees with the interview process. Please also reference Appendix A for resources (e.g., appropriate questions to ask or not to ask, legal versus illegal actions to be avoided during the recruitment process).

REFERENCES are different from Letters of Recommendation. (Recommendations are solicited automatically through the hiring system using contact information provided by the applicant during application.) It is vital to check references to limit employer liability, reduce the cost of rehiring/retraining, and produce authenticity of the information provided by the candidate. Candidates should be made aware we will check both listed AND unlisted references. A delay of reference for the candidate’s current employer may be honored but must occur before the final recommendation for appointment.

MATERIAL RETENTION requires the department to maintain all applications and other materials submitted by applicants, as well as all documents (written/emailed) generated during the search/interview (e.g., committee member notes, presentation evaluations) for five (5) years. Note Policy 129: Records Retention and Disposal of Records (https://www.mtsu.edu/policies/general/129.php). Materials generated for department chair searches should be retained in the dean’s office.
NEW/ LATE APPLICANTS to the posting will continue beyond the initial review release due to our practice of “Open until filled.” Committee members will periodically receive released applicants for review and consideration who may be added upon approval from IE&C. To add late applicants to the pool, committee members must use the same selection criteria for the original pool before submitting to IE&C for approval.

NEGOTIATE TERMS after a finalist has been recommended by the department chair and dean.

**Recommendation**
- Department chair should contact finalist to notify him/her of the recommendation subject to all approvals.
- Inform finalist offers can only be made by the University Provost on behalf of the President via the contract.

**Start-Up & Negotiations (Tenure-Track ONLY)**
- Start-Up support can be used as a negotiating tool and may include Equipment, Computer, Supplies/Software, Professional Travel. Credit toward tenure may also be considered.
- Provost will provide moving allowance for finalists who qualify (up to $3,000 max, $5,000 for upper level administrators) and Immigration Sponsorship Expenses when needed (up to $4,500 max).

**Start-Up Request Form**
- Start-Up Request Form
  https://itdwebapps.mtsu.edu/DFPassThrough/DFCasAuth?TargetResource=https%3a%2f%2fdynamicforms.ngwebsolutions.com%2fSubmit%2fstart%2fbbc0086a-a3f7-46ce-9d1e-0491666ceb86
  Please follow the directions carefully and complete tables as directed. This form is for internal use ONLY and should not be provided to the candidate.

**Immigration**
- MTSU will provide immigration support for the H1B and permanent resident status for tenured/tenure-track faculty ONLY. All requests and supporting documentation are submitted by the department/candidate to Academic Resources who will coordinate the petition processes.

**Summary of Terms**
- Once terms are agreed upon, and start-up support has been obtained and approved, follow-up with an email of written recommendation to your finalist noting negotiated terms and requesting acceptance of terms in writing.

RECOMMENDING FINALIST is initiated within the electronic hiring system by the department chair once the finalist accepts the terms for the recommendation. Please be cautious to obtain the dean’s approval when performing this step in the hiring system. Proper submittal will result in the recommendations prompt for Academic Affairs to initiate the online background check to be completed by the finalist. Meanwhile, as the recommendation is routed through the hiring system, the department should gather the hiring packet items for submittal to the Provost’s Office. **ONLY the Provost**, on behalf of the President, may extend an offer through a contract.

**CAUTION:** Please use caution when recommending your finalist in the online hiring system, being sure to use the correct workflow state titled “Recommend for Hire – Enter Details.”
The Provost’s Office will return incomplete packets to the department, delaying hiring.

**Electronic Contract Execution** will be initiated within the Provost’s Office once all levels of approval are secured, and a complete hiring packet has been received. The contract represents the official offer of appointment. After the Provost’s review and approval, contract documents (including moving allowance and immigration support when appropriate) will be forwarded electronically for the finalist’s consideration. Once electronic acceptance of the offer has been received from the finalist, Academic Affairs will provide notification of the accepted appointment to the department, college, and the Office of Human Resource Services.

**Notification to Others** not selected for the position will only occur AFTER the finalist accepts the electronic offer and the faculty recruitment specialist closes the posting. If the hiring department wants to reach out to the finalists interviewed, they may do so. Still, Academic Affairs will review applicants and candidates not selected and change their status as appropriate when closing the position in the hiring system. The system will automatically send notification emails to those not selected at the time of the posting’s closing.

Since notifications to applicants not selected for the position can only be forwarded as the position is closed, committees are encouraged to move forward with selection in a timely manner to allow notifications as soon as possible.

Please reference [https://www.mtsu.edu/provost/recruit_documents/hiring_online.pdf](https://www.mtsu.edu/provost/recruit_documents/hiring_online.pdf) for the most current checklist and items required within the packet.
## Overview of What Happens Next?

The list below is intended as an at-a-glance for next steps. However, the following pages of this document provide detailed step-by-step directions for using the hiring system to complete these required steps for a faculty search/hire.

<table>
<thead>
<tr>
<th>COMMITTEE REVIEW</th>
<th>Post</th>
</tr>
</thead>
<tbody>
<tr>
<td>Permission to post the position must be obtained via Provost/APS.</td>
<td>The submitter or Department Chair determines details needed for the position posting draft – <strong>DO NOT add posting directly into PageUp.</strong></td>
</tr>
<tr>
<td>Submit posting details on the “Academic Resources Faculty Posting Request” dynamic form (page 8).</td>
<td>Academic Affairs reviews, edits, and posts requisition after achieving the Department Chair and Dean’s approval of the posting copy.</td>
</tr>
<tr>
<td>- Posting Periods Required: 30 days for tenure-track positions; Two (2) weeks for all other full-time temporary faculty.</td>
<td></td>
</tr>

<tr>
<td>- The hiring department prepares and sends a hiring packet to the Dean for approval. The Dean approves and submits it to the Faculty Recruitment Specialist.</td>
<td>- The Department Chair forwards the “Offer Card” through the online hiring system for the Dean’s review and approval.</td>
</tr>
<tr>
<td>Dean reviews and moves the electronic “Offer Card” through the system to the Faculty Recruitment Specialist (pages 53-54).</td>
<td>- Faculty Recruitment Specialist initiates the background check. (Candidate responds directly to TrueScreen with information.)</td>
</tr>
<tr>
<td>- Faculty Recruitment Specialist moves “Offer Card” to IE&amp;C. This can only occur after TrueScreen provides a background report.</td>
<td>IE&amp;C returns offer review response to Academic Affairs, initiating the formal contract (or forwards for further approval when needed).</td>
</tr>
<tr>
<td>Academic Affairs initiates an electronic offer to the recommended finalist after the Provost’s review and approval.</td>
<td>Academic Affairs initiates an electronic offer to the recommended finalist after the Provost’s review and approval.</td>
</tr>
<tr>
<td>- Once the finalist accepts the offer, Academic Affairs closes the posting.</td>
<td>Automatic emails are sent to applicants and candidates not chosen for hire.</td>
</tr>
</tbody>
</table>
Why can’t I log into the hiring system?
If you are a faculty administrator, verify you are on the employer website rather than the applicant site: Mtsuemployees.pageuppeople.com. You may need to perform the “Single Sign-On” required by MTSU. Use the same standard FSA username and password to access your computer. Search committee members should use the link provided in their email notification so that review of applicants may begin. Access to applications will not be available for committee members until the faculty recruitment specialist releases them on the review date.

What if I need to conduct an emergency hire?
The department chair should complete the Request for Waiver of Search Procedures at https://itdwebapps.mtsu.edu/DFPassThrough/DFCasAuth?TargetResource=https%3a%2f%2fdynamicforms.ngwebsolutions.com%2fSubmit%2fStart%2f76207ec4-ff0f-4758-bd60-b5ff3b29bc1d. This form will route to the Dean, Provost, and IE&C Assistant to the President for approval to hire. If an email exchange relating to the hire without a search (HWO) has occurred, the department chair should attach it to the waiver form, BUT it cannot replace it. (See Page 8.)

What if I need to change a position number on a requisition?
The department chair should contact the faculty recruitment specialist to help change position numbers. It is helpful to reference the position title, requisition number, and old and new position numbers.

Can we interview candidates at our conference?
Interviews and visits at conferences are informal and should be used as advertising. If individuals request interviews at the conference, use this opportunity to promote the university and encourage them to apply through the online hiring site at https://careers.mtsu.edu/en-us/listing/.

Departments can only interview at conferences when they have met ALL of the following criteria:

- IE&C approval of the finalists’ pool for an initial interview (similar to telephone interviews to assist in narrowing the applicants to two or three finalists for on-campus interviews).
- This is a common discipline practice.
- The search committee should be represented during the interview; federally recognized ethnic minority and female representation from the search committee must be present.
- If this method is used, all candidates in the pool must be interviewed in some form.
  - You must allow all candidates in the pool unable to attend the conference a virtual or telephone interview.

What if we cannot narrow our applicant pool to only two or three candidates based on the submitted information?
Some applicant pools are enormous, with more than a few applicants that appear ideal for the position. If this is the case and the finalist pool cannot be narrowed to only two or three candidates, a multi-tiered interview process may be used. Suppose a search committee can only narrow the interview pool to four or more candidates (ideally no more than six) once the larger pool has been submitted to IE&C for approval. In that case, telephone/video interviews may occur to identify the short-listed finalists. Reference checks may also be used as a screening tool to limit the approved interview pool to two or three candidates for final interviews.
May I conduct video interviews in place of telephone interviews?
Yes, the search committee may prefer video interviews when identifying the “short-list” from a larger approved candidate pool. This should be communicated to all approved candidates. If a candidate chooses not to interview via video, then a telephone interview should be conducted with them. To ensure equality, please ensure the format of your telephone and video interviews is consistent. (Reference Page 9 and Page 11 of this guide.)

What if I want to add more candidates to the interview pool after I have received my initial interview pool approved?
The department chair should submit the additions (along with their Selection Criteria information provided by your committee) through the hiring system to the dean for approval. The department chair should note the names of the additions being considered in the email alert forwarded regarding the pool. This prevents confusion by all parties who have to review the additions. The dean will then deliver to IE&C with an email alert, and they will review and respond.

What if I cannot find a finalist for my position?
The department chair should submit a Request to Fail a Search form requesting permission to fail the search. After IE&C approves the failed search, the faculty recruitment specialist will cancel the search in the online hiring system, automatically removing the posting from the MTSU career page and other outside ad sources contracted through the Provost’s Office. Applicants to the posting will receive email notification of the canceled search.

A candidate has asked for the names of the search committee members. May I give the candidate the names?
Yes. If a candidate asks for the names of the search committee members, you should provide the list. Candidates may want to know the names of the search committee so they can send a thank you note. During the on-campus interview, we recommended that the search committee provide each candidate with an agenda listing the names of the people on the search committee.

May a department display application material for faculty searches?
Yes, but remember, searches should remain confidential. Suppose the search committee determines they would like to display the application materials to receive feedback from the faculty and staff members in the department. In that case, it should only occur briefly after the review date passes for the job posting. Internal candidates or those considering applying MAY NOT have access to other candidates’ materials. Application materials could be displayed after the search committee has selected their finalists for the position.

Internal candidates **may not** be provided other applicant/candidate information **OR** participate in the other candidates’ presentations/meetings during the search.
Do internal applicants need to resubmit three recommendation letters and official transcripts even though they have worked at MTSU for several years?

To successfully apply, all applicants to posted faculty positions must provide names and contact information for three PROFESSIONAL recommenders at the time of their online application.

Letters of recommendation are required for submittal through the hiring system and should:

- Be specific to the posting
- Be on letterhead
- Be external to MTSU (As a last resort, internal letters may be accepted if applicants cannot provide external.)
- Be current (date cannot precede job posting date)
- Be signed

Internal applicants who are current faculty members do not have to submit official transcripts unless a new degree has been conferred that is not already on file in our office. Academic Affairs will need official transcripts for all college degrees if an internal applicant is currently in a classified or administrative position and has applied for a faculty position. If in doubt, you may contact the Faculty Recruitment Specialist at 898-5128 to verify whether or not Human Resource Services or Academic Affairs has official transcripts.

I have three positions listed on a requisition, but I am only ready to offer the job to one person. May I get approval for one finalist and then seek approval for the other two finalists?

The department chair can send each selected candidate through the system separately.

When will applicants know they are not selected for a position?

After Academic Affairs accepts the electronic contract from the recommended finalist(s), the faculty recruitment specialist will close the posting in the online hiring system. When the posting is closed, the online hiring system will automatically send a letter of regret via e-mail to all applicants and candidates to notify them the position is filled. This email notification may be sent months after the position was initially posted to MTSU’s job website. However, departments are cautioned not to inform applicants too quickly when they are not considered in the initial review. Doing so would hinder the option to reconsider them later in the search process if needed.

Who handles classified and administrative positions?

Human Resources handles all classified and administrative positions. Please contact the employment specialist at 898-2928.

What Onboarding occurs after the contract is signed?

- Academic Resources will send contract and payroll documents to Human Resources.
- Employee data is checked and entered into Banner.
- Once data is confirmed, the employee is activated for faculty roles (this generates a report to ITD).
- ITD will email the new hire at their personal email account with their MTSU email and Pipeline setup information. This email refers them to their department for their M#. The new hire email is also sent to the department administrative assistant so they will be aware the faculty member is now an active employee in Banner and will be contacting them for the M#.
  (Due to security violations, please DO NOT forward the email you received from ITD to the new employee.)
- When the new faculty member completes their part of the email/Pipeline setup, they will have full access to the Pipeline Faculty Services tab.

This Reference Guide for Search Committee Members will provide additional assistance throughout the faculty screening and hiring process. We have included a quick review process overview, tips on screening and conducting interviews, and helpful resources.

Search committee members need to review this entire Full-Time Faculty Recruitment Guide (particularly the SCREENING APPLICANTS section) so they familiarize themselves with the recruitment and hiring process. Committee members should attend the faculty recruitment discussions to learn of changes and share experience with new committee members.

Some of the information contained in this reference guide was contributed by the College of Basic and Applied Sciences, and other information was adapted from “Search Committees: A Tool Kit for Human Resource Professionals, Administrators.”
Committee members cannot review applicants before the review date established for the posting. The email provides a link to access the applicants/materials and a link to the Selection Criteria Form each committee member will use to perform their reviews. PLEASE REFER TO THE “Using the System” guide for step-by-step instructions for reviewing applicants. The search committee chair will be the only committee member to enter information into the PageUp hiring system.

No contact with an applicant may occur until approved by IE&C in the pool as a “candidate for the position.”

If a search committee member has questions about using the hiring system, please reference the committee member’s step-by-step instructions for performing your review as provided by the faculty recruitment specialist and made available to committee members. If you have questions, call (615) 898-5128.
Search Committee Process in Review

1. Decide on criteria to be used during review of applicants, which must adhere to posting;
2. Determine the best timeline for completion, noting the Provost’s Optional Recruitment Timeline;
3. Individually review applicants, eliminating any who failed to apply successfully, and use the Selection Criteria Form to document your review. DO NOT enter your critique into the online hiring system but limit your comments to the selection form; search committee members may access application documents throughout the interview process.
4. Convene as a committee and compare top candidates to define a reasonably sized, high-potential candidate pool;
5. Search committee chair will enter selection criteria (e.g., strengths/limitations) for ONLY those applicants being recommended in the pool – DO NOT RANK;
6. Provide department chair with the list of applicants being recommended in the pool;
7. After pool review by IE&C, confirm approved candidates, noting any changes that IE&C may have made;
8. Letters of Recommendation (automatically solicited through the system) must be returned via the unique link assigned and provided to each recommender within the solicitation;
9. Large pool – when using a tiered approach, initiate contact to schedule phone/video interviews, “Short-List” pool (typically 2-3 candidates) – initiate contact to schedule a final interview; On-campus interviews are not required for other faculty position types but should occur for all tenure-track positions;
10. Department chair changes status for short-listed finalists in the hiring system to “Finalist Interview Scheduled.” (This is a crucial step to help initiate system prompts!);
11. On-campus interviews are required for tenure-track finalists but not needed for other faculty position types, which can be conducted via telephone/video;
12. Department chair submits salary recommendations along with CV to Ms. Becky Cole;
13. Check references (Letters of Recommendation are not the same as reference checks.) A finalist’s current employer reference check MUST occur before formalizing your recommendation of that finalist;
14. Committee shall not rank finalists; department chair and dean will determine finalist to be recommended.

Search committee members and the hiring department chair and dean may not provide letters of recommendation for a candidate within the search. Letters may also not come from general dossier (e.g., Interfolio).

It is important to check references to limit employer liability, verify information, and reduce cost of rehiring/retraining. Checks will produce authenticity of information as it relates to such areas as work history or credential problems.
**TIPS – Before the Interviews:**

- Book an appropriate location.
- Review the job description.
- Draft and agree upon the interview questions to be asked. (MUST be the same for ALL interviewees.)
- Review the candidate’s résumé/application.
- Agree on the format of the interview.
- Ensure that you know and can identify the indicators of the candidate’s ability to perform the job.

**TIPS - Telephone Interviews:**

**Planning and Arranging the Interview**

- Schedule a call of no more than 30 minutes with the interviewee and interviewers.
- Review the interviewee’s application materials.
- Determine the order in which the interviewers will ask the prepared questions.
- Test speakerphone and teleconferencing equipment and procedures. (Audio records of interviews are helpful IN CASE a committee member cannot attend.)

**Conducting the Interview**

- Introduce the individuals participating in the interview and describe how the interview will be conducted.
- Make the interviewee aware if you are recording the session.
- Ask questions about the vitae (e.g., gaps in employment, special training, or a change of professions).
- Ask why the person is interested in leaving their current position.
- Ask one or two technical questions about the job.
- Ask one or two questions to help determine the interviewee’s complement to your department and the campus community (e.g., “What is your philosophy of ____?”).
- Ask follow-up questions as appropriate.
- Ask the interviewee if they have any questions.
- Explain to the interviewee the next step in the selection process.
- Thank the candidate for their time.

**TIPS - On-Campus Interviews (required for tenurable positions ONLY);**

**Interview Preparation Checklist**

- Hiring department or college sends Welcome Package to interviewees.
- Confirm travel and lodging arrangements.
  - **Candidates must make their airline reservations** and purchase their airline tickets. Reimbursement will be made after the travel has been completed. MTSU does not pay for airline tickets in advance. If a cancellation or reimbursement is required, the airlines will only make those to the person named on the ticket.
- The department chair or designee should make hotel reservations for each candidate. It is ideal to limit lodging for faculty candidate interviews to one night unless it is impossible to do so. Lodging
expenses should be directly billed to the department (will be paid from the college recruitment account.) Make sure the hotel provides the in-state rate or lower.

- Arrange transportation from airport or another location.
  - Search committee members should be responsible for picking up candidates from the airport, hotel, getting them back to the hotel, airport, etc.
  - **Caution** should be used during the travel time to/from airport, being sure not to venture into areas of conversation considered inappropriate for an interview.
- Arrange tour of local community (if appropriate).
- Arrange campus tour.
  - Search committee members should escort candidates around campus to interview sessions.
- Arrange interviews by search committee, including department chair and dean.
- Arrange meeting with Vice Provost for Research Services.
- Include Provost in on-campus interview for upper-level administrative faculty positions (dean, chair)
- Schedule candidate’s presentation. (Internal candidates **may not attend** presentations by other candidates.)
- Schedule meals and breaks as appropriate.
  - Search committee members should take candidates for meals.

**Note:** By completing a Claim for Travel Expenses form, search committee members may be reimbursed for travel expenses to transport a candidate to and from the airport. The faculty member who pays for a candidate's meal and any other faculty member in attendance (**limited to 2 additional**) may be reimbursed for those meals by completing a Food Purchase Authorization form. Receipts are required for guest meal reimbursements. Alcohol is **not** reimbursable.

**TIPS - Good Interview Questions to Consider for Faculty:**

- Describe your teaching style.
- Describe your teaching philosophy.
- What technology applications have you utilized in the classroom?
- How do you engage students, particularly in a course for non-majors?
- Share your ideas about professional development.
- What changes have you brought to the teaching of-?
- How would you go about being an advocate and resource for using technology in the teaching and learning process?
- What courses have you created or proposed in the past five years?
- What are the most essential attributes of a good instructor?
- Where would this position fit into your career development goals?
- How do you define good teaching?
- What do you think are your greatest strengths as an instructor? In which areas do you think you can use some further development?
- How do you think your teaching style can serve our student population?
- What professional development activities have you been involved in over the past few years?
- What pedagogical changes do you see on the horizon in your discipline?
- How would your background and experiences strengthen this academic department?
- How do you adjust your style to the less motivated or under-prepared student?
- What are your current research interests? Have you involved your students in your research?
- What is the most recent book and article that you've read?
TIPS - Interview Questions to AVOID

- Where were you born?
- What is your birth date?
- How old are you?
- Do you have a disability?
- Are you married?
- What is your spouse's name?
- What is your maiden name?
- Do you have any children?
- Do you have childcare arrangements?
- What is your race or ethnic origin?
- Which church do you attend?
- What is your religion?

Acceptable Alternative Questions (only if there is a bona fide, job-specific reason. If you ask one candidate, you must ask all candidates)

- Do any responsibilities conflict with the job’s attendance or travel requirements?
- Are you able to work in the United States on an unrestricted basis?
- Can you perform the duties on the job description with or without reasonable accommodations?
- Do you have any conflicts that would prevent you from working the schedule discussed?
- What languages do you speak or write fluently?
- Have you worked under any other professional name or nickname?
- Do you have any relatives currently working for this institution?
- Would anything prohibit you from making a long-term commitment to the position and the institution?

TIPS – Do’s & Don’ts

- Limit closed questions – they elicit a one-word, yes or no answer. Example: Did you do curriculum development?
- Ask open questions – they elicit expanded responses, allowing you to gauge their thought processes, values, etc. Example: Would you explain the process you employ when developing curriculum?
- Avoid Leading Questions – leading questions suggest an answer; the candidate will feel compelled to agree with you. Example: You do like working on teams, don’t you?
- Ask questions about bona fide occupational qualifications – they should only relate to the candidate’s job ability.
- Stay away from questions related to protected classifications- do not ask questions about gender, race, nationality, age, disability, religion, etc. Example: You don’t look old enough to have a PhD; how old are you?
- If a candidate brings up classification, then it is okay – if the candidate opens the door by asking about a particular area, then it is permissible to discuss that topic. Example: My husband is also a professor; do you offer spousal relocation services?
TIPS - Questions for Evaluating Presentations

- Was the presenter professional?
- Was the presenter well prepared?
- Was the learning objective clear?
- Did the presenter attempt to establish rapport with the audience?
- Did the presenter demonstrate mastery of their subject?
- Did they effectively present the subject matter (that is, with sufficient clarity, at the right pace, and so on)?
- Were their handouts or other learning aides helpful?
- Did they use the learning aids effectively?
- Did they handle questions well?
- Did they engage the audience and hold its attention?
- Did the presentation start and end on time?
- Did you learn something worthwhile from the presentation?
- Did the presenter display oral proficiency in the English language?

TIPS - During the Interview

- Let the applicant do most of the talking.
- Keep the interview on track.
- Observe nonverbal behavior.
- Take notes – remember they will become a part of the search file. Use caution; notes you find helpful to identify a candidate could unintentionally indicate a bias for/against a candidate.
- Leave time for the candidate to ask questions.
- Notify the candidate that we must check listed and unlisted references.
- Describe the remainder of the search process and the time it will take.
  - Express appreciation for the candidate’s interest in the position. Ask if the candidate has any questions for the committee.
- Thank the candidate for their time.

TIPS - After the Interview

- Give the candidate a brief overview or written synopsis of benefits.
- Answer any questions related to salary. (The department chair should submit the Salary Recommendation form to Academic Affairs before the interview so they can discuss it with the candidate.)
- Evaluate the candidate.
- Document the interview.
- Search committee members should not have contact with a candidate after they leave campus unless it is a standard process implemented for ALL interviewed candidates. If candidates contact search committee members, it is acceptable to answer questions. However, committee members shall not provide early notification of the recommended finalist to other candidates or applicants.
TIPS - Interviewing at Off-Campus Sites (Tenurable Faculty Recruitment)

The University supports efforts to recruit and employ faculty essential to the mission of academic quality. To be competitive, academic departments must continue to identify effective procedures that allow for timely interviews of applicants for faculty positions.

The following guidance applies to interviewing applicants at off-campus sites. The guidance applies only to candidates in a pool already approved by IE&C AND who have participated in a previous telephone interview.

Search committee members participating in interviews at off-campus sites:
- Shall reflect diversity of male/female gender diversity and federally recognized ethnic minority representation.
- Shall consist of no fewer than 3 (three) members, and all members must be present at the time of each interview.
- Shall consist of at least one member whose area of concentration is similar to the advertised position.

In addition to the above:
- The interview questions must be job-related and consistent for all candidates.
- All candidates shall be invited to the off-site interviews (screenings). If the off-site interview is not possible for some candidates, they shall be allowed to have an additional interview with the search committee.
- Interviews shall be conducted in neutral, non-threatening areas.
- Interviews shall not be conducted in hotel rooms of committee members or candidates.

All information above must be provided.
