SACSCOC credentials guidelines:

The comprehensive standards in the SACSCOC Resource Manual for the Principles of Accreditation: Foundations for Quality Enhancement (2012) include the following statement concerning the credentials of faculty: "The institution employs competent faculty members qualified to accomplish the mission and goals of the institution. When determining acceptable qualifications of its faculty, an institution gives primary consideration to the highest earned degree in the discipline. The institution also considers competence, effectiveness, and capacity, including, as appropriate, undergraduate and graduate degrees, related work experiences in the field, professional licensure and certifications, honors and awards, continuous documented excellence in teaching, or other demonstrated competencies and achievements that contribute to effective teaching and student learning outcomes. For all cases, the institution is responsible for justifying and documenting the qualifications of its faculty." Further, criteria state "At least 25 percent of the discipline course hours in each undergraduate major are taught by faculty members holding the terminal degree - usually the earned doctorate - in the discipline".

Undergraduate instructors:

Appointee is a graduate teaching assistant holding a master's degree in the teaching discipline or 18 graduate semester hours in the teaching discipline. Appointee must have direct supervision by a faculty member experienced in the teaching discipline, regular in-service training, and planned or periodic evaluations.

Appointee holds, at minimum, a master's degree in the teaching discipline or a master's degree with a concentration in the teaching discipline (minimum 18 graduate semester hours in the teaching discipline).

Graduate instructors:

Appointee holds an earned doctorate/terminal degree in the teaching discipline or a related discipline.

Appointee holds graduate faculty status. Faculty member **must** have graduate faculty status in order to teach 5000, 6000, or 7000 level courses. Graduate faculty status expiration date: _____

Appointee holds a terminal degree in the teaching discipline or a related discipline. Graduate faculty renewal required. Graduate faculty application submitted on: _____

Term _____ Year _____ Department _____

Full Name _____

Alternate justification (provide for those not meeting degree or graduate hour requirements)

Appointee qualifies for an exception to the educational requirement stated above by other demonstrated competencies and achievements that contribute to effective teaching and student learning outcomes. Where an exception is requested, provide the justification in the space below and attach the supporting documentation to this request. For faculty justified by alternative means, documentation may be more varied and include evidence of appropriate workforce experience, applicable licenses, relevant rewards and recognitions, letters of reference which refer to the reason for the justification, and other documents which provide evidence to support the justification. A curriculum vita/resume, web pages, or other self-generated documents do not provide the appropriate level of documentation envisioned by this standard. Rather, provide documentation independent of the faculty member.

Documentation of academic preparation - must be attached to hiring instrument or on file

The highest degree earned must relate directly to the courses taught. Example: A person holding an Ed.D. degree teaching math is acceptable provided he/she holds a master's degree in math.

New faculty hired in January 2004 and later (both full time and part time as identified on page 1) are required to provide official transcripts* for all degrees to qualify for appointment. Part time faculty originally hired prior to January 2004 require an official transcript* for the highest earned degree as minimum documentation.

**Official transcripts are maintained in the Office of the University Provost*

International candidates

The college dean accepts the international credentials as presented by the candidate. International transcripts/diplomas translated to English and evaluated by a foreign credential verification company are required.

Dean's Initials _____

Proficiency in oral and written communication

MTSU Policy 207 requires that "all new faculty, full-time and part-time, as well as graduate assistants who will be in a position to instruct students, are proficient in the English language."

Appointee meets MTSU requirements for oral and written English proficiency

Proficiency in online teaching

If this faculty member is to teach online courses, training in the University supported course management system (currently Desire2Learn) and/or documented prior experience teaching online is required prior to the first day of the teaching assignment.

Appointee meets online teaching requirements

Appointee is not scheduled to teach online courses
