Some Blended Learning Courses have mandatory meetings. These are the only times the class will meet.

Additional meeting pattern; MATH 1910 meets MWF 10:20 - 11:15 and Thursday 11:20 - 12:15

Section Numbers: B = Blended; D = Distance Learning; H = Honors; G= Governor's School; I = International Students Only; J = Dual Enrollment; K = Prescribed courses (based on placement); KE = Prescribed course, English as a second language; L = Learning Community; P= Corporate Partnership Courses; S = Study Abroad; V = Veterans

Additional Information	
Column Heading	Notes
Course Selection	C - Closed; Box - Open; Blank - Student already registered; SR - not eligible to register yet; NR - no registration permitted, online registration is closed
Course CRN	If a course has a corequisite you must add the CRN's for both courses on the Add/Drop screen. You can also click on the CRN for detailed information about the course, including specific notes and prerequisite information.
Section Number	Letters present in the section number indicate that the course is blended, online, or for a specific population of students.
Campus Code	"24M" is the code for MTSU's main campus. You should speak with your advisor before signing up for courses not meeting on MTSU main campus. Rarely do classes you need meet on any other campus.
Days of the Week	M - Monday, T - Tuesday, W - Wednesday, R - Thursday, F- Friday, S-Saturday. No Sunday courses. You will meet on each day and time listed in the meeting pattern.
Course Meeting Times	A class listed as TBA typically meets at an unspecified time or has meetings days/ times in the fields below. TBA will not change to a specific time at a later date.
Course Capacity	Often times course capacity is determined by the fire codes of the room the course is in. If the course is closed, that usually means there are no more physical seats left and you need to choose another section.
Actual Enrollment	
Remaining Seats Available	
Waitlist Capacity	
Waitlist Actual Enrollment	Waitlist is not available for all courses. If waitlist is available it will show a capacity of 99 under the Waitlist column. You can be added to a waitlist on the add/drop page.
Waitlist Remaining Seats Available	
Crosslist Capacity	
Actual Crosslist Enrollment	If a course is crosslisted and is closed you will still not be permitted to enroll if there is room in the crosslist.
Crosslist Remaining Seats Available	
Instructor	If the instructor is listed as TBA, an instructor has not been assigned by the department. Note that instructors listed can change up until the course begins.
Date Range of the Course	Most date ranges will indicate the entire term. This is also where you will see the date if specific meetings are scheduled or if the course is in a smaller part of term. This is important for summer courses as there are several small parts of term.
Location of the Course	Use the mobile app to find your course location. If the location lists "M-- location" this course meets off campus. Contact your advisor to see if you should be enrolled in this section.
Attributes	The attributes detail course fees and a variety of other specifics of the course. For example, it tells us if a class is an MT Engage section, Honors course, or Distance Learning/TN eCampus section.

Common Registration Errors	
Error Message	Resolution
Closed Class	This course is full. Choose another section of this course.
Corequisite Error	You must register for both CRNs at the same time. To register, enter both CRNs on the Drop/Add page. To see all corequisite pairs, click on Display Corequisites at the bottom of the Look up Classes page or by clicking on the Display Corequisites link on the Registration page.
Prerequisite required	This course has a prerequisite requirement that you have not met yet. Usually prerequisites are other courses, test scores, or candidacy requirements.
Department Permission Required	This course is restricted by the department. Click on the CRN to check the text note to see if this course is restricted to a certain population of students. A student can request a permit by contacting the department offering the course. In most cases it is best to find a section that does not require a permit.
Time Conflict	Time conflict errors happen when two courses meet at the same time. Time conflict errors can happen if one course ends and another course begins at the same time. You will need to choose another section of the course.
