

COMPLIANCE CERTIFICATION FOR DIFFERENTIATED REVIEW

(Updated January 2024)

Name of Institution

Date of Submission

To be accredited by SACSCOC, an institution is required to conduct a comprehensive compliance audit prior to the filing of the Compliance Certification. The comprehensive compliance audit includes an assessment of all programs and courses offered by the institution on-campus and off-campus, and those offered through distance learning. The Compliance Certification, signed by the institution's chief executive officer and accreditation liaison, attests to the institution's honest assessment of compliance with the accreditation requirements of SACSCOC (including all Standards in the *Principles of Accreditation*) as applied to all aspects of the institution.

Completion of the Compliance Certification

The Compliance Certification consists of four parts:

- Part 1** Signature Page for the institution's chief executive officer and the accreditation liaison
- Part 2** List of all substantive changes that have been reported and approved by SACSCOC since the institution's last reaffirmation as well as the date of approval
- Part 3** The institution's assessment of compliance with the *Principles of Accreditation*
- Part 4** An attached and updated "Institutional Summary Form Prepared for SACSCOC Reviews" that (a) lists all locations where coursework toward a degree, certificate, or diploma can be obtained primarily through traditional classroom instruction and (b) describes distance education credit offerings that can be obtained primarily through electronic means.

For each Part, please follow the directions provided. For Part 2 above, if there have been no institutional changes that required reporting or approval since the institution's last comprehensive review, please indicate it as well.

Part 1. SIGNATURES ATTESTING TO COMPLIANCE

By signing below, we attest to the following:

1. That _____ (*name of institution*) has conducted an honest assessment of compliance and has provided complete and accurate disclosure of timely information regarding compliance with the Standards contained in the *Principles of Accreditation*.
2. That _____ (*name of institution*) has attached a complete and accurate listing of all programs offered by the institution, the locations where they are offered, and the means by which they are offered as indicated on the updated "Institutional Summary Form Prepared for SACSCOC Reviews," and that the comprehensive assessment of compliance reported on the Compliance Certification includes the review of all such programs.

If no substantive changes requiring approval have been submitted since the last comprehensive review, write "none" in the first column. If, in the review of substantive change, the institution discovers substantive changes that have not been reported according to Commission policy, the changes should be reported **immediately** to SACSCOC staff.

Substantive changes requiring approval:

- Any change in the established mission or objectives of the institution

Part 3. INSTITUTIONAL ASSESSMENT OF COMPLIANCE

Directions: For each of the Core Requirements and Standards listed below, the institution should place an “X” before the judgment of compliance and then add narrative in support of its judgment in accordance with directions requested in the category description.

Compliance	The institution meets the requirement and provides a convincing argument in support of its determination and provides documents or a sampling of documents (or electronic access to the documents) demonstrating compliance.
Partial Compliance	The institution meets some, but not all, aspects of the requirement. For those aspects meeting the requirement, the institution provides a convincing argument in support of its determination and provides a list of documents or sampling of documents (or electronic access to the documents) demonstrating compliance. For those aspects not meeting the requirement, the institution provides the reason for checking partial compliance, a description of plans to comply, and a list of documents that will be used to demonstrate future compliance.
Non-Compliance	The institution does not meet the requirement and provides the reason for checking non-compliance, a description of plans to comply, and a list of documents that will be used to demonstrate future compliance.

Note 1: *Several of the standards/requirements require that an institution provide a policy. When developing policies and procedures addressing the requirement outlined in a standard, an institution may want to refer to a best practice statement approved by the SACSCOC Board of Trustees that outlines criteria for a functional policy and procedures for implementation. See “[Developing Policy and Procedure Documents](#).” In addition, those standards which require an institutional policy also require that the institution demonstrate that such policies are appropriately approved, published, and implemented. Institutions which have not had cause to implement a policy (e.g., dismissing a board member) should affirm so in their narrative for the standard.*

Note 2: *Core Requirements are printed in bold and marked as [CR]. All standards marked with [Off-Site/On-Site Review] will be reviewed by both the Off-Site Reaffirmation Committee and the On-Site Reaffirmation Committee regardless of the judgment rendered at the time of the off-site review.*

Applicable Policy Statement. If an institution is part of a system or corporate structure, a description of the system operation (or corporate structure) is submitted as part of the Compliance Certification for the decennial review. The description should be designed to help members of the peer review committees understand the mission, governance, and operating procedures of the system and the individual institution's role within that system.

Documentation: The institution should provide a description of the system operation and structure or the corporate structure if this applies.

14.5.b **“Separate Accreditation for Units of a Member Institution”**

Applicable Policy Statement. A unit which seeks separate accreditation should bear a different name from that of the parent. If the Southern Association of Colleges and Schools Commission on Colleges determines the unit should be separately accredited or the institution requests to be separately accredited, the unit may apply for separate accreditation from any institutional accrediting association that accredits colleges in that state or country.

Implementation: If, during its review of the institution, SACSCOC determines that an extended unit is sufficiently autonomous to the extent that the parent campus has little or no control, SACSCOC will use this policy to recommend separate accreditation of the extended unit. No response is required by the institution.
