COE Distinguished Scholar’s Session

Opening up Pathways in Education: Diversity in STEM

Mr. Reggie Carruth
Dr. Judith Iriarte-Gross
Dr. Chrisila Pettey
Dr. Ginger Rowell

Monday, March 18, 2018
5:30pm COE 160

Join us when our panel of speakers discuss their experiences, challenges, and successes in pursuing STEM fields as well as how current educators can successfully encourage underrepresented groups to pursue opportunities in STEM.

Mr. Reggie Carruth: RTI-Coach at LaVergne Middle School
Dr. Judith Iriarte-Gross: Professor of Chemistry and Director of the Women in STEM Center at MTSU.
Dr. Chrisila Pettey: Professor of Computer Science specializing in Computer Science Education and High Performance Computing
Dr. Ginger Rowell: Professor in Mathematical Sciences specializing in Statistics and Statistics Education
