

SGA Bill No. 9-02-F

A resolution to require Parking Resolutions to be taught in all University 1010 classes.

Whereas: Students use the excuse that they were not told where they could park.

Whereas: Students should feel the university is here to help them become educated not to take their money for parking fines.

Whereas: If students are taught the regulations the amount of tickets written on campus should go down.

THEREFORE, LET IT BE RESOLVED BY THE 65TH SGA CONGRESS THAT:

Section 1: Upon passage, the current MTSU Parking Regulation Handbook will be used to teach a Freshmen enrolled in University 1010 about parking on the campus.
